

VETERANS AGAIN IN REVIEW

Members of Local G. A. R. Posts in Annual Memorial Day Parade

Spanish and World War Veterans and Other Organizations Form Escort

Treading their way over the path they had walked for innumerable Memorial days before, but with fainter step each succeeding year, fifty-three veterans of the Civil war again filed between throngs of Lowell people yesterday afternoon, for their time-honored Memorial day parade.

And in that little band of men, with the meagre dozen or so who rode in cariages or machines, centered the city's Memorial day observance, just as it had centered for the past half century. True, the veterans of other wars were there in stronger numbers and more erect attitude, but the thousands who lined the sidewalks, realizing perhaps that in a few more years the last of the men of '61 would have gone to his final rest, stood in silent awe as the waving figures passed.

Rarely has there been a more perfect setting for the annual observance. Clear skies, a touch of westerly breeze and buildings swathed in colorful bunting united to make an ideal holiday and with scores of world-war veterans scurrying about in overseas uniforms or those of the regiment, there came rushing back to many a mind recollections of the stirring.

COAL ADMINISTRATOR

Gov. Coolidge Deems Massachusetts Situation Serious Enough for Regulation

BOSTON, June 1.—Governor Coolidge, in a special message to the house today, asked for authority to appoint a coal administrator and for an appropriation of \$25,000 to defray the expenses of a coal administration. The governor declared later that the shortage of coal in New England was due almost entirely to shipments to foreign countries.

"Out of a million and three quarters tons of coal at Hampton Roads during April," the governor said, "all but 300 or 400 tons was shipped abroad, notwithstanding that the pier at Hampton Roads was built for the specific purpose of handling coal for New England."

FOOD DRAFTS FOR CENTRAL EUROPE

An opportunity to provide relatives and friends in central Europe with parcels of food of the highest quality, without the difficulties incidental to preparing and forwarding packages overseas as individual shipments, is offered Lowell people through the medium of food drafts now at hand in the headquarters of the Lowell chamber of commerce, which will be honored and exchanged for necessities of life at the several warehouses now established by the American relief administration in a number of European countries economically unbalanced by war.

As the result of an intensely interesting and efficient system of supply and co-ordination of effort, the American relief administration has established warehouses in Warsaw for Poland; Prague for Czechoslovakia; Vienna for Austria; Budapest for Hungary, and Hamburg for Germany. Also there are branch houses in Poland at Bialystok, Krakow, Lodz, Lemberg.

ANOTHER STRIKE AT NEW BEDFORD

Mill Firemen Quit as Textile Operatives Return After Strike

Latest Walkout Seriously Hampers Production—One Mill Closed

NEW BEDFORD, June 1.—The strike of mill firemen which went into effect this morning, seriously hampered production in the textile industry when 13,000 operatives who had been out on strike in sympathy with the loomfixers for the past four weeks, returned to their machines. The firemen made demands several weeks ago for one day off in seven, with the same pay, the manufacturers offering 15 per cent increase, the same as was granted the other operatives, effective today. The firemen reported for work today, but declared their intention of only generating sufficient steam for the protection of property.

Several of the mills are motor driven and are not affected by the strike, while most of those driven by steam heat were operating, according to statements from the officials. It was definitely announced that the Fairhaven mills were forced to close down, the employees being told they would be notified when the plant was ready to resume operations.

ASK MEN DRIVEN FROM MEXICO TO RETURN

MEXICO CITY, June 1.—Men who have been expatriated from Mexico will be invited to return and help build the country, said Adolfo de la Huerta, provisional president, today, but he said that those who had charges against them would have to face trial. An extraordinary session of congress will be called shortly, the provisional president declared.

A thorough diagnosis of de la Huerta's illness, which was declared today to be appendicitis, has shown his disease to be of a rather slight character.

BUBONIC PLAGUE

U. S. Offers Aid to Fight Disease at Vera Cruz

VERA CRUZ, May 31. (By Associated Press).—President Wilson has offered to send hospital ships, nurses, doctors and medical supplies to Vera Cruz immediately, to assist in combating the bubonic plague which has made its appearance here, 11 authenticated cases having developed to date and five deaths resulting.

It seems to be established that the focal point of the outbreak is the warehouses of one of the docking companies and it is considered certain that rats transmitted the plague.

AMHERST STUDENT BADLY INJURED

Gordon Hurd, a student at Amherst, whose home is in Worcester, is in a serious condition at the Lowell General hospital as a result of injuries he received when falling from a train at the School street crossing Saturday evening. The young man's right ear was nearly severed from his head and it is feared at the hospital that his skull is fractured.

Just how the accident happened is not known, but it is believed that he either jumped from the train after mistaking his surroundings or slipped and fell while passing from one coach to the other. It was stated at the hospital this forenoon that although the young man's condition improved some since the accident, his name is still on the dangerous list. Hurd is 26 years of age and is a judge of stock at M.A.C. at Amherst.

COMMITTS SUICIDE BY SHOOTING

Despondent, it is believed, because of financial affairs, Ernest Lundgren, a well known business man of this city, committed suicide by shooting shortly after 12 o'clock this afternoon, in his shoe repairing shop at 126 Middlesex street. Mr. Lundgren fired a 32-calibre revolver bullet into his head while sitting on a chair near his safe.

300,000 GET WAGE INCREASE

Advance Went Into Effect in New England Textile Centers Today

\$1,000,000 Will Be Added to Weekly Payrolls of Mills Granting Raise

BOSTON, June 1.—A general increase of wages affecting approximately 300,000 textile operatives went into effect today in New England textile centers. Approximately \$1,000,000 will be added to the weekly payrolls of the mills granting the increases, and textile wages, already at the highest stage in history, will be brought to a point about 150 per cent higher than they were four years ago. Wherever the amount of the advance has been stated definitely, it has been 15 per cent.

A majority of the unorganized mill workers have accepted the increase, as have many who belong to various unions. In some instances, however, no action has been taken on the offer and a few unions have refused it. Notable among those who have not yet announced their decision, are the directors of the United Textile Workers of America, who recently requested a flat increase of 17 1/2 per cent for all operatives in Massachusetts, Rhode Island and Connecticut.

PRICE LIMIT LIFTS ON SALE OF WHEAT

WASHINGTON, June 1.—Federal control of wheat and wheat products ended today, the wheat director ceasing to function under the limitation of the law creating his office and the food administration control ending by proclamation of President Wilson. This means the passing of the government guarantee of \$2.20 a bushel for wheat established during the war as a means of stimulating production. Some existing contracts remain to be carried out by the United States Grain Corporation which has been the instrumentality of the government in handling wheat. As soon as these contracts have been executed the corporation will wind up its affairs and turn over its finances to the treasury department.

CHORUS MUSIC MAY FEATURE PAGEANT

There is an excellent possibility that chorus music will be a distinctive feature of the historical pageant to be given on the South common next Saturday afternoon, depicting Lowell's past and present and prophetic future. In an effort to interest as many local singers as possible, the general committee appointed Arthur C. Spaulding as chairman of a committee on music and he, in turn, engaged the services of Mr. E. G. Hood of Nashua, Lowell Choral society director, to conduct the chorus.

On Thursday evening of this week in Memorial hall at 8 o'clock the only necessary rehearsal will be held. The familiar hymn, "Duke Street," and Edward Elgar's "Land of Hope and Glory" will be sung during the pageant prologue and it is hoped that the chorus will number at least 300 in order that the musical part of the program may be particularly effective.

As it is impossible to send out notices personally to all the singers in the city, it is urged that they will consider this notice and others which have and will appear in the papers as a personal invitation to assist in this vitally necessary part of the pageant. Choral society members, members of the tabernacle choir and the various choirs especially are urged to attend the rehearsal Thursday evening. Refreshments will be provided for the chorus members and a special view of the pageant will be provided to view the entire program.

City Council Asked to Furnish Public Market in Lowell to Avert Threatened Food Shortage

PLANT REOPENED, SENATE PROBES TROOPS GUARD ARE RESUMED

Clerks Return to Work at Bristol, R. I.—No Repetition of Friday's Riots

Troops Escort Workers in Factory Without Coming in Contact With Strikers

BRISTOL, R. I., June 1.—The plant of the National Indian Rubber Co. was reopened today under the protection of national guardsmen and with no repetition of the rioting of last Friday in which several persons were injured.

The troops under the direction of Adj. Gen. Charles W. Abbott, Jr., escorted the workers in small parties from various sections of the town to the factory without once coming in contact with striking operatives or sympathizers. A group of 15 office employees from Providence also were guarded on their way to the plant. It was estimated that about 200 of the 300 persons regularly employed in the office, including a number of women and girls, went to work.

No attempt was made to resume production in the factory. Scores of operatives reported at the gates ready to work, but were turned away by the guards.

For an hour before the usual opening time the troops had patrolled the streets, ordering windows cleared, and requiring that all persons on the sidewalks in the vicinity of the plant keep moving. For the most part the 400 operatives who constitute about one-third of the town's population remained at their homes.

In the absence of any organization, the strikers, who are supposed to number about 1000 have had no general meetings. It was believed today that until some declaration of policy as to future operation of the plant was made by the company, the situation was likely to remain unchanged. It was said, however, that if the United States Rubber Co., which controls the National India Rubber Co., declared its wishes as to the reopening military officials would take action on the request of the striking operatives for permission to hold a mass meeting. Until the company makes some announcement, it is urged, there is no proposition for the operatives to consider and it is thought a meeting would have no definite results.

The strike at the local plant, which manufactures tennis shoes and wire insulation, has been in progress nearly a month. It was called as a result of difference over the question of wages.

PHANTOM WOMAN MURDERS 3 AS THEY SLEEP

PHILADELPHIA, June 1.—Leroy Eichelberger, 32 years old, was murdered during the night as he slept beside his wife in West Grove, Chester county. Mrs. W. E. Dunlap, and her nine-year-old daughter Ruth, who lived on a farm a mile from the Eichelbergers, were also murdered in bed.

A mysterious "woman in white" was seen by Mrs. Eichelberger as she glided from the room after Eichelberger was killed. The police are seeking the alleged woman murderer.

WOOL AUCTION SALES

LONDON, May 31.—There were 11,660 bales offered at the wool auction sales today. Prices were weak and crossbreds declined 10 to 15 per cent and merinos about 20 per cent.

1200 BARBERS STRIKE

NEW YORK, June 1.—Twelve hundred barbers in Brooklyn were ordered to strike to enforce demands for a weekly salary of \$35 and 50 per cent of all collections over \$10 a chair.

NEW YORK CLEARINGS

Pre-Convention Campaign Expenditures in Ohio Aired Before Committee

Newspaper Publisher Says Each Side Spent \$100,000 in His State

R. F. Wolfe Admits Fighting Harding Because of Latter's Associates

WASHINGTON, June 1.—A score of witnesses were here today to testify at the resumption of the senate committee's investigation of pre-convention campaign expenditures. Efforts were being made to expedite the hearing so that a temporary halt might be called Thursday night to permit members of the committee and others concerned to go to Chicago for the republican convention. The investigation will be continued after that.

Robert F. Wolfe, publisher of the Columbus, Ohio, Dispatch and the Ohio State Journal was the first witness called today. He testified that his papers "had taken an active part" in the recent Ohio republican presidential primary contest between Major General Leonard Wood and Senator Harding, of that state.

"Politics in our state," he said, "are in the hands of an inside coterie of men whom I have felt it a duty to oppose. I wanted to support Senator Harding, but told him that I could not do so, if his candidacy went into the hands of this group. Our fight afterward was against an element in the republican party, rather than for any individual."

The witness refused to "go into personalities" when Senator Pomerene, democrat, Ohio, asked for names of men constituting the alleged "coterie."

"Your activities were rather against Senator Harding's manager, then, than for General Wood?" asked Senator Pomerene.

"It was against the crowd managing Senator Harding's candidacy," Mr. Wolfe replied, "their control of election boards."

"My estimate is," he said in reply to questions, "that each side in Ohio made a fight that cost about \$100,000 in addition to what legislative influence and local machinery they had. It would cost an outside candidate three times as much to meet their opposition as they would have to spend."

"I told Senator Harding that if he allowed Harry M. Daugherty to pick the delegates to the national convention, I felt it would be a menace to the state," he said, "and that I would fight him for it."

WAS BADLY INJURED

William McFadden, aged 3 years, son of Thomas H. and Emma C. MacFadden of 53 Corbett street, was struck by a electric car in Gorham street near the corner of Cosgrove street last evening and received a laceration of the scalp and probably a fracture of the skull.

Karl M. Perham of Chelmsford Speaks for Farmers of Surrounding Towns

Points Out Difficulties of Gardeners — Other Matters

Karl M. Perham of Chelmsford made a very earnest plea before members of the municipal council at their meeting this morning, for the establishment of a public market in Lowell where farmers from surrounding towns might sell their goods wholesale. "If the city fails to take steps in this direction," he predicted, "it will find itself face to face with an extremely serious shortage of farm produce in the near future."

Mr. Perham said that the present scarcity of labor made it absolutely imperative for the farmer to devote as many hours of time as possible to the actual work of raising crops, and that when he is compelled to travel about the city from store to store, for half a day or more in order to dispose of his goods, his production suffers.

The council voted to instruct Commissioner Dennis A. Murphy to investigate the matter, see what street could be used as a market and to report to the council as soon as possible. Another committee, consisting of the mayor and Commissioner Marchand, was appointed to look into the matter of securing the mill of the Biscuit Harford plant in Market street formerly used by the Red Cross as a temporary vocational school. An ordinance providing for parking restrictions on John street was also passed.

The council voted to instruct the city solicitor to prepare the necessary orders for the taking of lands and buildings in Pawtucketville and Gorham street for civic projects under way in those sections.

Meeting in Detail

The meeting was called at 10 o'clock with all members present. A hearing was held on the petition for permission to erect one pole in Loring street to give service at 47. Arthur F. Salmon appeared in behalf of many residents of the street who were opposed to the granting of the petition. They felt that service might be given in some other way. Mrs. Mary A. Sullivan also appeared in remonstrance. The matter was referred to Commissioners Murphy and Marchand.

Hearings were held on the following petitions and they were then referred to Commissioner Salmon: John Duhajarian, gasoline. 74 Thorndike street. Morton Motor Equipment company, gasoline. 370 High street. Mary G. Morris, garage. 407 High street.

Commissioner Murphy introduced an order to lay sidewalks of cladders or gravel on both sides of Fletcher street from the northerly end of Thorndike street to the new bridge over the Pawtucket canal and it was adopted without discussion.

Commissioner Murphy also reported favorably on the following petitions and the accompanying orders were

Renard Makes Fast Time in Trials

PARIS, June 1.—Renard, the star sprinter of France, made the best time in Sunday's elimination races by which the team that will represent the country at the Antwerp Olympic games will be chosen. He ran 100 yards in 11 seconds flat, equalling the French record and loped home in the 220 metre dash in 22 1-5 seconds. The contestants were members of various divisions of the army and colored soldiers made fine records.

Fall River Bishop Received by Pope

ROME, May 31.—Great interest in recent events in the United States and Mexico was shown by Pope Benedict today, in receiving Monsignor Daniel F. Feehan, bishop of Fall River, Joseph J. Rice, bishop of Burlington, and Sanchez Paredis, archbishop of Puebla, Mexico.

LEGION'S MEMORIAL DAY EXERCISES

Services of consecration in memory of their departed comrades-in-arms were held at the Edison and St. Patrick's cemeteries yesterday afternoon by former service men of Lowell Post, American legion and the Spanish-American war veterans.

It was the legion's first Memorial day observance and the beginning of a sacred custom that is destined to continue throughout the years even as the Grand Army of the Republic has watched over the last resting places of their comrades who fought with Grant and Sherman.

The veterans of these last two wars met at Memorial hall at 12 o'clock and headed by their commanders, Luther W. Faulkner of the American legion and Richard Gibbons of the S. W. V., formed in parade formation to march in review at city hall before Mayor

Perry D. Thompson and members of the municipal government. The column passed through Merrimack and Central streets, to Gorham and the two cemeteries.

St. Patrick's cemetery was the first visited, where services were held at a small group of graves in honor of all the men buried there who died as veterans of the Spanish war. Commander Gibbons of Gen. Adelbert Ames camp and Chaplain Alexander Mitchell conducted the services and Rev. D. J. Keleher and Rev. W. F. Mahan said committal prayers. The legion then

Resistance to Disease

Debility is a loss of vitality, not affecting any one part of the body particularly but the system generally. It is dangerous because it reduces the body's resistance to disease.

When debility follows acute diseases, convalescence is slow and the strength does not return as it should. An attack of the grip often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood because the blood goes to every part of the body and an improvement in its condition is quickly felt throughout the system. The problem in every case is to find something that will enrich the blood.

Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. Try them whenever your blood is thin.

A useful booklet, "Building Up the Blood," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 60 cents a box.—Adv.

was read over the graves of Walter Scannell, first commander of Lowell Post 87, by Commander Luther W. Faulkner and Adjutant James P. McCready.

Similar services were held in the Edison cemetery at the Soldiers and Sailors lot by the S. W. V. and at the grave of Joseph Harding, the first Lowell boy to die in the world war service, by the legionnaires. Rev. K. P. Meister offered prayer.

"Nearer My God to Thee" and "Rock of Ages" were played by Buckley's band, which accompanied the veterans to both cemeteries.

MORTALITY OF LOWELL

For the week ending May 29, 1920: Population, 107,978; total deaths, 24; deaths under five, 8; deaths under one, 5; infectious diseases, 3; acute lung disease, pneumonia, 1; diphtheria, 2; measles, 1.

Death rate: 11.56 against 18.78 and 14.93 for previous two weeks.

Infectious diseases reported: Diphtheria, 4; scarlet fever, 5; measles, 25; tuberculosis, 2.

BOARD OF HEALTH.**WILL BUILD NEW FOUNDRY**

The Molders Foundry Co. of which Charles Knight is president and John H. David, treasurer, has purchased the large tract of land known as Baron woods in North Chelmsford, adjoining the property of the Gillespie Co. and will soon start the erection of a modern foundry. The new plant for the present will be 70 by 75 feet, but when completed its dimensions will be 200 by 75 feet.

A Friend Worth Knowing

We make many acquaintances, some of which develop into friendship, but not all prove themselves true friends. It is just as essential that we have a reliable friend in the form of a medicine as a personal friend, so that when we are afflicted with various ailments we can have something we can absolutely depend upon.

The next time you have any stomach, liver or kidney trouble, and you are not already acquainted with the wonderful merits of SEVEN BARKS, nature's remedy of roots and herbs, we urge you to give it a trial, and we will predict that it will become one of your most valuable friends from a medical standpoint.

For nearly half a century SEVEN BARKS has been a valuable and timely friend to all sufferers of stomach and liver disorders. A trial will quickly prove its wonder efficiency, and after that you will never be without it, and gladly recommend it to your friends.

Doctor's bills these days run into money fast, and can often be saved if you will but keep on hand a bottle of SEVEN BARKS, the old-fashioned remedy that our parents and grandparents used to keep their families rugged and well.

If you want a friend that will stand by you in time of need, ask your druggist for SEVEN BARKS. Price but 60 cents per bottle, enough to last a long time.—Adv.

Proposals for Coal

Sealed proposals addressed to the Middlesex County Commissioners and endorsed "Proposals for Coal" will be received by said commissioners at the Court House, Lowell, until Monday, the 21st day of June, 1920, at 10 o'clock a. m., for a supply of coal to be delivered at the Training School at North Chelmsford, Mass., and at that time will be publicly opened and read.

All bids must be upon blank forms to be obtained at the office of the Commissioners, Court House, Cambridge, and must give the prices proposed both in writing and in figures, and be signed by the bidder with his address.

Each bid is to be accompanied by a certified check for Two Hundred Dollars (\$200.00) payable to the County of Middlesex, said check to be returned to the bidder unless he fails to execute a contract should it be awarded to him.

All bids will be compared on the basis of the estimated quantities of coal needed, which are as follows: 800 tons, more or less, best "New River Coal" or its equal, 2000 pounds to the ton.

20 tons, more or less, best "Lackawanna" or its equal, 2000 pounds to the ton.

30 tons, more or less, best nut stove coal, 2000 pounds to the ton.

The above is to be delivered at the Training School at North Chelmsford at such time and in such quantities as the superintendent may order.

The quantities are approximate only and the Commissioners expressly reserve the right of increasing or diminishing the same.

Specifications and forms of proposal and contract may be obtained at the office of the Commissioners, Court House, Cambridge, Mass.

The Commissioners reserve the right to reject any or all bids, or accept any bid as they may deem best.

ALFRED L. CUTTING,
ERSON B. BARLOW,
WALTER C. WARDWELL,
Middlesex County Commissioners.
Cambridge, May 28, 1920.

Russian Bolshevik Forces Fall Back

LONDON, June 1.—Russian Bolshevik forces fighting against the Poles and Ukrainians in the Tarashtcha region, south of Kiev, have retired to new positions after "fighting with superior enemy forces," says an official statement issued in Moscow yesterday, and received here by wireless. Several villages in the neighborhood of Molodechno, which were abandoned by the soviet troops on Saturday, have been re-occupied after heavy fighting. In this sector, the battle continues. In the Zholosin-Mozier district in the center of the active front, fighting continues near the railroad running west from Retchitsa and is favorable to the Bolsheviks, the statement declares.

The roll of honor of the Tewksbury service men is as follows:

DIED IN SERVICE

Lieut. Dexter E. Bailey
Private Everett R. Sullivan
Private Ernest D. Wilcher

ARMY MEN

Capt. Adelbert Ames, Jr.
Capt. Harry R. Coburn
Capt. George A. Pierce
Lieut. Edward M. Martin
Lieut. Harold J. Jaffin
Lieut. William L. Quennell
Sergeant William H. Bennett
Sergeant Fred M. Cameron
Sergeant Edwin W. Osterman
Sergeant John A. Spaulding
Sergeant William G. Stevenson
Corporal Harry C. Dawson
Corporal Ernest C. Gale
Corporal John T. Ryan
Corporal Herbert E. Sunbury
Musician Michael W. Stenkwich
Cook James David
Cook George A. Gale
Wagoner Chas. R. Fitzgerald
Wagoner Thomas J. Manley
Priv. Thomas A. Bebbington
Priv. Walter D. Combs
Priv. Arthur W. Dickson
Priv. Damas Fortier

NAVY MEN

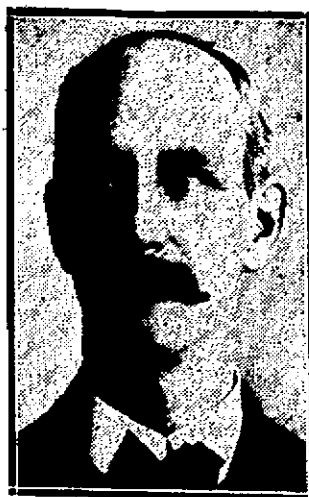

Ensign Ames Stevens
Lieut. Charles L. Trickey
Chaplain Francis N. McGinn
Chief Yeoman Wm. C. Graham
Quartermaster Roger Toothaker
Machinist Mate Fred A. Leary
Machinist Mate James H. Lynch
Engine Man Arthur Tenney
Engine Man Frank R. Marsh
Seaman Oscar W. Peterson
Seaman Hugo Piccardi
Seaman Harry Sunbury

Nurse—Miss Alice J. Trull served in Siberia, now in the Philippines.

retained in the day's exercises. In stirring words he paid fitting tribute to the G. A. R. and then came down to the present and praised the splendid service of the world war veterans. "The Deathless Army" and "Flanders Fields" were sung by Mrs. Wheeler and the final touch was given by Rev. Mr. Mason who pronounced benediction. The dinner in the banquet hall was served by the Ladies Aid society.

Memorial Tablet Unveiled

In the afternoon the dedication exercises of the tablet in the town hall in memory of the world war service

ALBERT C. BLAISDELL,
Toastmaster at Banquet

assembly joined in singing "America," "The Star Spangled Banner" and the "Battle Hymn of the Republic." Preceded by an address remarkable for its enthusiasm and heart stirring pathos, Lieut. Frank S. Perkins, former leader of the 101st Field Artillery presented emblems to the veterans. A large picture including nearly all the service men of Tewksbury was presented to the town by the world war veterans.

The memorial tablet is of marble, rectangular in shape and surmounted by a semi-circular piece bearing the inscription, "Soldiers of the World-War, 1917-1918," and the seal of the town. The names inscribed on the tablet are given herewith. The tablet is on the left of the entrance in the foyer. Next to the war heroes, the people of Tewksbury pride themselves upon their beautiful town hall.

THE EVENING PROGRAM

It was about 6:30 when the committee, service men and guests, repaired to the banquet hall where a bounteous menu was provided to a party numbering about 140. When the good things had been disposed of, Mr. Howard S. Foster called to order and after some humorous remarks introduced Mr. Albert C. Blaisdell as toastmaster. After extending a cordial greeting to the veterans and expressing on behalf of the town the high appreciation of their services, he proceeded with the formal program.

Our Country

Don Butler Ames responding to the toast, "Our Country," said the chief thing that moves this country today is in the past is "state of mind," which puts the things of the mind before those of the body. He reviewed the wars which have made our history, showing that they all resulted from the state of mind that is ready to resist wrong and imposition in the sense that a man would rather lose ten dollars than be cheated out of 50 cents. This principle, he said, ruled also in legislative matters. It is well known that we cherish most that for which we make a great sacrifice. That is why the Grand Army proved such a power for good in upholding the institutions for which they fought, and so he believed, the veterans of the world war would stand against such enemies of the nation as anarchism, I.W.O.M. and Bolshevism. He favored military training as a means of instilling love of country and respect for our laws. Many people, in the past have enjoyed our free institutions and prosperity without giving anything in return and in the end such people felt they were under no obligation to offer any return for their privilege. That is one reason why he favored military training to impress on all the necessity of defending our liberties whenever from any source they are imperiled. In this respect the veterans of the world war will be a great national bulwark against any national peril from within or without.

Massachusetts

Lieut. Col. Perkins responding for the state dealt with some incidents of his military career, in his 28 years of service since he first enlisted in the Massachusetts militia. Military service, he said, pays you back in proportion as you give. Now that the war is over, there is no selective draft, no compulsory service. Today the military defense of the nation consists of only from 50,000 to 70,000 men. He has been assigned the task of organizing a regiment which is to be the national guard of the state. He urged the world war veterans to show their devotion to the state by joining the national guard if only for a year or two to see the new organization started. The old commonwealth is big enough and great enough to deserve this service. He felt that the veterans, still young, would be a great moral force for the good of the state.

Woman

Mr. Henry M. Billings made a fitting response to the toast to "Woman." He told of what the women had done during the war; their success in selling liberty bonds and making ammunition. He instanced the heroic service of the Red Cross, the Salvation Army and the bands of nurses, including one Tewksbury woman, Miss Agnes J. Trull, now in the Philippines.

Our Town

Speaking on behalf of "The Town," Melvin G. Rogers, Esq., briefly sketched what Tewksbury had done during the war and assured the veterans that the

A MARVELLOUS KIDNEY REMEDY

In One Month, "Fruit-a-lives"
Gave Complete Relief

658 Fifth Ave., New York

"I have been a great sufferer for years with kidney trouble and constipation. I tried 'Fruit-a-lives' about a month ago, and with almost immediate results. The kidney trouble has disappeared and the constipation is fast leaving me."

HENRY DATER.

"Fruit-a-lives," or Fruit Liver Tablets, the medicine made from fruit juices and valuable tonics, is doing a wonderful work in bringing health to sick people.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-LIVES Limited, OGDENSBURG, N. Y.

Town was proud of them and would always cherish the sacrifices they had made. The recent war offered another proof of the fact that when the test comes the heart of the town beats true. As the men served their country in the war, they are now expected to be loyal to the town. In turn Tewksbury will be as liberal as any other town in dealing with her veterans of the war. He could not fully express the appreciation of the patriotic services rendered by the veterans; but an effort is made to perpetuate their names on the marble tablet unveiled in the afternoon and bearing their titles but when that tablet shall have crumbled into dust their names will live in the pages of history to be honored by future generations. The people look to the veterans to resist all the disorderly and revolutionary elements not only in their councils, but at the ballot box.

The Press

Edward J. Gallagher, editor of The Sun, responded to this toast, and after complimenting the town on its magnificent demonstration in honor of the veterans of the war, he said no honor was too great for the men who shared in the glorious achievements of the American forces under the Stars and Stripes, both on land and sea.

Continuing, he said: The patriotism, the valor and the sacrifices of your veterans will bear an inspiring message to future generations, so that from age to age, there will always be found millions of loyal citizens ready to defend our flag and the principles of freedom on which is based the constitution of this republic, the freest, the greatest, the grandest that ever existed on this earth.

The one great lesson that we have to learn from the world war is, that—

Nations cannot win success by wickedness and fraud. To survive, they must progress within the laws of God.

Justice, liberty and law are bulwarks of the state. That all righteous forces draw to make a nation great.

On her loyal men and brave men every state depend. Her domain and rights to save, Her freedom to defend.

It has been well said that: "Peace hath her victories no less renowned than war."

We are now face to face with the problems of peace in a crisis that calls for patriotic efforts by all the people. During the war when the submarine threatened the defeat of the allied powers, there came a cry for ships, more ships! Now that the war is over and we return to the arts of peace so long neglected, the cry is for production, increased production.

In view of the shortage of labor and the anticipated scarcity of food next fall, this appeal is directed particularly to the farmers of the country and so today, the cry is for crops, crops, more abundant crops.

As the people of Tewksbury during the war did their duty well, so in this new menace to the nation, I know their course will be in keeping with the high patriotic traditions of their historic past.

The Military Ball

The closing event of the day's celebration was the military ball conducted in the town hall in the evening. It was a brilliant affair in which the townspeople appeared in their gayest attire. The decorations in the hall were simple, but beautiful, consisting

Seize Land From Lord of Sligo

DUBLIN, June 1.—After making a futile appeal to the lord of Sligo to surrender part of his estate to them for tillage and pasture, townspeople of Westport, County Mayo, forced the gates to the property yesterday, drove away the owner's cattle and drove in their own cows. Altogether about 56 acres of land were seized by the people.

of huge American flags, draped in folds at either end of the hall and over the stage. The young people were out in large numbers while their seniors who did not dance enjoyed the spectacle from reserved seats provided for spectators. It was 3:30 when the grand march started.

No more pleasant place for dancing could be had, for with the windows of the hall thrown open, the coolness of the evening added to the delight of the occasion. Live Boston orchestra furnished music. Those in charge were: services; Harold J. Patten, general manager; Edwin W. Osterman, chief marshal; David J. McCracken, floor director, and James E. Lynch, chief of aids.

BOWLING TOURNAMENT

The prize winners for the sixth week of the handicap bowling tournament at the Crescent alleys follow:

Individual—Reichman, 683; Hayden, 350; Grady, 244; Sullivan, 233; O'Brien, 332.

TUNEFUL MUSICAL

"Sylvia" Presented at Opera House Under Auspices of League of Catholic Women

Delightfully tuneful, embellished by the presence of strikingly attractive young people and, as a whole, an enjoyable entertainment, the musical of the 16th century, "Sylvia," given under the auspices of the League of Catholic Women at the Opera House Sunday afternoon and evening, proved one of the most successful of the many features staged by the league during the season now drawing to a close.

John T. Donohue was the able director of the affair, and to her and her assistants, Miss Elizabeth Mis-

their original lovers and the amusement brings them back in their own costume and embraced by their old sweethearts.

Surrounding this simple plot was a wealth of pretty music both by principals and a chorus of 70 young men and women. Costumes of the period depicted were worn and the young men as farm lads and young women as farmers' daughters and haymakers were most bewitching.

Mrs. Katherine Sharkey Garrity sang the title role of Sylvia with fine expression and in her accustomed flowing soprano voice. Miss Alice M. Dacey again won deserved laurels in the role of Betty, her distinct enunciation of both speaking and singing parts, her graceful stage presence and her natural assumption of the role of the pretty country maid finding ready recognition from the audience.

John B. Doyle as de Lacey, Sylvia's lover and the inevitable verse-maker, brought an excellent voice and abundant personality to a fairly difficult role. Timothy Finnegan as William, Betty's swain, also sang excellently and enacted his role with vigor and effectiveness. William Howard as Prince Tobylum, "a person of consequence," in his own estimation, had the chief comedy role of the performance and met every demand adequately.

Miss Anna Lee Maguire as Arabella and Miss Marion Ryan as Araminta, ladies of the court, were excellent in their brief parts, and the Misses Sadie Sheehan, Mildred McGowan and Margaret O'Brien, companions of Betty, lent much color and action to the performance. Eugene Mullin as Robert, a farmhand, was also entertaining in a comedy role.

Other members of the cast who made up the chorus included the following: Farmers' Daughters—Helen Billingsley, Mae Burns, Rose Conroy, Helen Conley, Grace Giddy Donohue, Theresa Dowling, Dorothy E. Flynn, May Gallagher, Nora McHugh, Alice O'Leary, Bessie Parent, Lucy Sharkey, Mary Walsh.

Farm Lads—John Boland, Eugene J. Dean, Thomas Delmore, John Donohue, Edward Donohue, Francis Donohue, William H. Golden, John Graham, George Hannigan, George Keefe, James Keefe, Harry Keyes, Fred J. Leary, Leo Mollahan, Gregory McAdams, Michael McCarthy, John McSorley, Henry Mulcahy, Harold O'Brien, Herman Parent, Frank Saunders.

Haymakers—Lillian Burns, Rose A. Cote, Evelyn Cox, Catherine Egan, Ellen Green, Margaret A. Hogan, Alice Leclair, Regina Lowmyer, Helena Mawn, Madeline Mayo, Dorothy McAdams, Helena McGowan, Ida McNabb, Christina Mulcahy, Katherine O'Brien, Ellen O'Leary, Quentin Rowlandson and Margaret M. Devine.

To the chorus must also be given high praise for its important part in the musical's success. It carried the burden of the entertainment and, although its members were compelled to carry the words and music of more than a score of numbers in their heads, there was no hesitation and no breaks throughout the performance, a record which reflects credit both upon the young men and women and upon their directors.

Music was furnished by the regular Opera House orchestra and had much to do with the success of both performances.

Both afternoon and evening performances were well attended. Mayor Perry D. Thompson, Hon. and Mrs. Francis Statter of Boston, the latter president of the League of Catholic Women of the diocese and a member of the executive board, were among the guests at the evening performance and many members of the clergy were also present.

At the afternoon performance, designed especially for children, more than 100 boys and girls from St. Peter's orphanage in Stevens street were

Twink

Washes and dyes at the same time

For your faded georgette, your yellowed crêpe-de-Chine

Clearer, lovelier colors than you could ever get before

THERE is a wonderful new way to make your yellowed georgette just the radiant coral you have wanted; to make your faded crêpe-de-Chine as delicate a lavender as the day you bought it.

You can get these lovelier, truer colors with Twink, the new colored flakes.

Twink is made by a wonderful new method for producing colors that makes it possible to get more exquisite shades than have ever before been obtained.

When it was found that in this product any fashionable shade could be produced, the highest authorities on fabric colors were asked to select this season's smartest shades. Twink was then made to match these colors.

The thin, glistening flakes dissolve instantly in boiling or very hot water and whip up into a rich lather. You

put in your blouse, work the suds gently through the fabric and rinse well in cold water. In a twinkling your faded georgette is a lovely soft yellow or a delicate pink.

The Twink colors always turn out right. There is no solid soap to spot or streak the garment. There is never a dull, dingy look. The color is every time clear and even, and so fast you can wash your blouse several times before you need Twink it again.

Get today several packages of Twink in the newest blouse shades. Follow the surprisingly easy directions that come with the package. Twink will not injure any fabric that water alone will not injure.

Your druggist, the department stores, and the 5 and 10 cent stores have Twink. Lever Bros. Co., Cambridge, Mass.

For restoring color and for giving these new exquisite colors Twink is as perfect as Lux is for fine laundering.

New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITTAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 60, I have a luxuriant growth of soft, shining, brown hair! No trace of baldness. The pictures above here are from my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an ointment that he unconsciously would grow my hair. Although I had but little faith, I gave it a trial. From recent photo. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That I was astonished and happy in expressing my state of mind daily. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the stimulating potency of the mysterious ointment. I then learned the principle of preparing this mysterious ointment, now called Kestika, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved. Many men and women, who obtained these repeated satisfactory results from Kestika.

How YOU May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a bottle which will grow when fertilized. I therefore (which contains alkali) and hair lotions which contain alcohol or ammonia to the hair, as they dry it, making it brittle. Kestika contains these elements of nature which give new vitality to the scalp and hair.

PROVE FOR YOURSELF

Get a box of the genuine Kestika at a reliable druggist's. \$2.00. GUARANTEE with each box: A small testing box of Kestika (with instructions, etc.) may be obtained by sending ten cents, silver or stamps, to my address below.

JOHN HART BRITTAIN,

Station F, New York City

healthy skin

Yellow, blotchy skin is not only disagreeable and repulsive in itself, but it is the outward sign of biliousness and a sluggish condition of the liver, which may gradually undermine your health.

Don't let this continue. Use "L. F." Atwood's Medicine to keep the liver, stomach and other digestive organs working smoothly. You will feel better, have more energy and your complexion will become clear and healthy. Your blood will absorb more strength from your food, and your system will be better able to withstand disease.

Keep a bottle always ready. Take a liberal dose at the first symptom of constipation or sick headache. The true "L. F." will benefit the whole family, young and old. It is absolutely harmless, and gives relief without weakening some other organ. For 60 years it has brought health and happiness to thousands, and never fails to justify the confidence placed in it. If you have never used it, buy a large bottle, 50c from your dealer. "L. F." Medicine Co., Portland, Maine.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

THE LAND OF DEAR-KNOWS-WHERE

The Land of Dear-Knows-Where is a most remarkable place. It is in the kingdom of Fairyland, right across from Topsy-Turvy land and round the corner from Scrub-Ul-Land.

I'm sure now that you know exactly where it is and could go straight to it—if you had Nancy and Nick's Green Shoes. And I'm sure, too, that you'd have a wonderful time, as they had, if you had a fairy friend along with you like the Magical Mushroom to Mrs. Woodchuck as they meet at the spring. "Where are you going to live this year, Mrs. Woodchuck?" and Mrs. Woodchuck, just like a real person, throws up her hands and says, "Jack a day, Mr. Muskrat, dear knows where!" And Mr. Muskrat says the same thing.

After people talking so much about dear-knows where they were going to live, the woods and the orchard and the meadow, and all outdoor land got

MRS. MUSKRAT SAYS TO MRS. WOODCHUCK AS THEY MEET AT THE SPRING, "WHERE ARE YOU GOING TO LIVE THIS YEAR, MRS. WOODCHUCK?"

help you understand what everything and everyone was saying, and to give you good advice.

This unusual country gets its name in this way: When the birds and animals leave Scrub-Ul-Land in the spring and come to the land you and I know about, they have their homes for the summer. They act a lot like people do when moving day comes. Mr. Muskrat says, fairy you ever knew,

gan, Patrick Keyes, James P. Corbett, John H. Murphy, Dr. Frank R. Brady and Dr. Andrew J. Halpin.

BRINGING GLOSS TO LIFELESS HAIR

If the hair is dull and lusterless, care should be taken that the scalp and hair are clean so that the hair can breathe. Crude oil, coal oil or vaseline rubbed carefully into the scalp with the finger tips, promotes the growth of the hair. The scalp should be massaged gently and firmly until it can be felt to move and a warm glow comes.

Hair Washed Carefully

The frequency with which the hair is washed, depends upon the scalp and upon the amount of dirt that gets into the hair. Rinse and wash twice at least. After parting the hair, brush the scalp with a small, soft brush. Rinse several times, first with hot water and then with cold. Dry with hot towels and fanning. The hair should not be put up until it is thoroughly dry. If

only add a little lemon to the rinse water.

Brushing Gives Luster

The hair should be combed carefully so that it is not broken off, and brushed frequently, using at least a hundred strokes each time. Dress the hair softly. No hot irons should be used, neither should it be roughed, as this destroys the natural shine and gloss. Care should also be taken that no tight hats are worn that would impede the circulation.

If the body is healthy and strong, a clean head, a simple coiffure and much brushing will insure glossy thick hair.

Plans to Act Immediately

Continued
Adopted: Cecil M. Pelton, et al., that a sewer be laid in Barnabee street; Patrick J. Kane, et al., that a sewer be laid in Hazel street. The estimated expense of the Barnabee street sewer is \$1622 and that of Hazel street sewer \$1625.

Locke Street Project

A hearing was then held on the taking of lands and buildings of James H. McDermott and Sarah A. Smith in Gorham street for the purpose of widening Locke street.

Alexander Duncan, inspector of claims, reported that he had served notice of the hearing on the two persons mentioned on May 15.

There was no remonstrance at the hearing.

It was then moved that the city solicitor be instructed to prepare the necessary order for the taking and for an accompanying appropriation and to present the same to the council at its next meeting.

Before the vote was passed Commissioner Murphy asked if any effort had been made to get the land at less than 25 per cent. more than the assessed valuation.

Mayor Thompson said that the city solicitor would undoubtedly look into that phase of the matter. As he recalled it, he said, the law provided that the city should make the taking at the assessed valuation and then the owners had the right to go to court to get 25 per cent. additional.

The vote was passed unanimously. The petition of Frank O. Davis for a sidewalk at 34 Sanders avenue was referred to Commissioner Murphy.

The petition of Sophie Douley, et al., that Massasoit street be laid out and accepted, was referred to Commissioner Murphy.

Similar action was taken on the following petitions: Charles Stackpole, that Grace street be sprinkled; Edgar L. Evans, et al., that Sanders avenue and Pine street be oiled; James McLaughlin, that a sidewalk be laid in front of the premises at 219 Stackpole street; Pierre Joffe, that a sewer be laid in Joffe street.

The following petitions were referred for hearings on June 22: Edouard Bocher, garage at Avon street and Fifth avenue; Albert S. Park, gasoline at 28 Riverside street; Hamel and Marchand, gasoline at 740 Alken street.

Hearings will be held on the following petitions on June 15: Lowell Electric Light corporation, two poles in Madison street, and New England

Telephone and Telegraph corporation, two poles in Varum street.

Commissioner Murphy reported fa-

KARL M. PERHAM

vorably on the petition of John Manton that a portion of Christian street be laid out and accepted and the accompanying order was adopted.

For Vocational School

The mayor read a communication from Hugh J. Molloy, secretary of the school committee, stating that at its meeting on May 28, the committee voted to request the municipal council to purchase Mill No. 3 of the Bigelow-Hartford plant in Market street, to be used for vocational purposes, and to equip it for such use by September 1, 1920.

Supt. Molloy was present and said that he wished merely to learn what action the council would take relative to the matter. Mayor Thompson said that all the members of the council realized what a deplorable condition the present Vocational school building was in and that the work of the school has been tremendously handicapped since its establishment. He believed the request of the school committee should be given serious consideration.

Commissioner Marchand asked Mr. Molloy if he thought that if an addition were built on the present Vocational school building it would answer the purposes of the school until the new high school is completed.

Supt. Molloy said that he doubted it, but was not prepared to answer the question definitely. He declared that the state authorities, who pay half the maintenance costs of the school, have long been dissatisfied with conditions at the local school.

Commissioner Murphy asked which of the Bigelow-Hartford buildings was Mill No. 3. The mayor said that he believed it was the one formerly used by the Red Cross.

Commissioner Marchand wanted to know if the city would be able to sell the building after the new high school building is completed and the Vocational school takes up its abode in the present high school annex. Mr. Molloy said that he couldn't answer for the school board, but that the project of having the Vocational school use the annex had often been discussed.

Commissioner Murphy moved that the mayor and Commissioner Marchand be appointed a committee to investigate the matter and to report to the council, and it was so voted.

The petition of A. Estelle Rundlett

for permission to move a building from Wilder street to 45 Morey street, was referred for a hearing June 2.

John Street Parking

The mayor then reported that, in accordance with the instructions of the council, he and the city solicitor had investigated traffic conditions in John street and had prepared an ordinance to cover the requests made in a petition recently submitted to the council by people engaged in business on that street.

The ordinance is an amendment of the ordinance passed July 2, 1918, regulating vehicular traffic, and provides that vehicles must not stop in John street from Merrimack to Paige street for more than five minutes at any one time between the hours of 8 a. m. and 7 p. m. on weekdays and from 8 to 5 on Saturdays. The ordinance was read a second time and passed to be ordained.

A hearing was held on the petition of the Eastern Massachusetts Street Railway Co. for three pole locations in Middlesex street. The matter has come before the council at a previous meeting but was referred to the railway company again for clearer plans. Ward B. Leavitt, superintendent of the company, explained the purpose of the petition and it was voted to refer it to Messrs. Murphy and Marchand.

At the request of the mayor the council voted his authority to execute bonds for the purpose of securing alcohol for non-beverage, municipal purposes. The mayor explained that the city dispensary is called upon from time to time to buy a barrel of alcohol and that bonds have to be filed in connection with the transaction.

Pawtucketville Land Taking

A hearing, similar to that held earlier in the meeting on the Locke street proposition, was then called in regard to the city's intention to seize land and buildings owned by Mazetta H. Coburn, Florence D. Marshall and Mary Jane Woodworth in Riverside street for the purpose of improving certain sections of Pawtucketville along the riverbank. There was remonstrance and the city solicitor was instructed to prepare the necessary order for the taking.

A contract executed between John Brady and the purchasing agent on behalf of the city for the delivery of a supply of sand to the street department for the present season at 11 cents per bag was approved.

Commissioner Marchand then drew the names of the following men to serve as jurors at the June session of superior court to be held in Cambridge: George E. Heller, 74 Inland street, undertaker.

Charles M. Young, 351 Parker street, Charles H. MacKenney, 133 White street, engineer.

Fabian Gendreau, Circuit avenue, tanner.

William H. O'Brien, 94 Fort Hill avenue, chiroprapist.

Richard Gumb, 55 Oakland street, manufacturer.

Wants Public Market
Karl M. Perham of Chelmsford was then introduced to the council by Commissioner Marchand, who said that Mr. Perham wished to speak on the question of a public market in Lowell.

Mr. Perham said that the law demanded that the city should provide a place for a public market where farmers and gardeners might bring their produce. Farmers of the surrounding towns, he said, had endeavored to get some action on the matter through the state department of agriculture and through the chamber of commerce but had not succeeded.

He had taken the initiative in the matter, he said, because he thought there was little time left if the market were to be operative this year. He said that unless the council took some action in this direction the city would find itself face to face with a serious shortage of farm produce because it is next to impossible for farmers to spend half a day peddling their goods about the city and then attempting to raise crops during the other half of the day, as is the case now.

Asked if he had any sites to offer as suggestions, Mr. Perham said he had in mind Dummer street, near Broadway, and one side of Market street near the Bigelow-Hartford plant. It wasn't particularly important where the market was located, provided there was one. He said the farmers would use the market only a few hours in the morning because they would be anxious to get away early. On the other hand, if they are compelled to travel about the city the greater part of the day getting rid of their produce, it means added traffic congestion.

Commissioner Marchand asked if the site behind the police station would be feasible, but Mr. Perham said it would not be one-quarter large enough. He said a public market for the wholesale distribution of goods would mean an honest regulation of prices. He did not favor the retail public market.

On motion of Mayor Thompson it was voted that Commissioner Murphy investigate the matter and report to the council as soon as possible what streets he thought might be used for the purpose. Mr. Perham was thanked for his remarks.

Adjourned at 11:30 until tomorrow at 10 a. m.

Food Drafts for Europe

Continued

Chelm, Brest-Litewski, Sosnowice and the Free City of Danzig and in Czechoslovakia at Brunn, Opava, Kosice and Bratislava.

The drafts now obtainable and which will be fully explained at the chamber of commerce headquarters and every possible aid given in dispatching them through local banks connected with the American Bankers' association, which is handling them, are in denominations of \$10 and \$50.

There are four combinations of food to be selected, as follows:
Combination A, \$10—24½ pounds of flour, 10 pounds of beans, 5 pounds of bacon and 5 cans of milk.

Combination B, \$50—149 pounds of flour, 50 pounds of beans, 15 pounds of bacon, 15 pounds of lard, 12 pounds of corned beef and 48 cans of milk.

Combination C, \$10—24½ pounds of flour, 10 pounds of beans, 12 cans of milk and 7½ pounds of cottonseed oil.

Combination D, \$50—149 pounds of flour, 50 pounds of beans, 45 pounds of cottonseed oil and 48 cans of milk.

The combination desired is checked off on the face of the draft and will

be delivered to the person or persons designated when the draft reaches the warehouse situated in the country where the people live.

The American relief administration is composed of members of the staff of relief organizations which, under American leadership have been active in Europe for six years, beginning in Belgium in 1914. More than 100,000 of such food drafts already have been sold in this country, representing a value of approximately \$2,000,000 in food.

The food drafts serve two purposes. They afford persons in the United States an opportunity to provide relatives and friends in Central Europe with parcels of food of high quality without bothering with individual shipments. Also, they are convenient for persons who desire to contribute toward a general relief in any of the Central European countries and permitting the relief administration to distribute food to the most needy cases appearing at the moment the drafts arrive.

The Lowell chamber of commerce is doing this splendid work in co-operation with the United States chamber of commerce.

AUTOISTS ARRAIGNED**IN POLICE COURT**

Joseph Guilmette, arrested on a charge of drunkenness and also, for operating an automobile so as to endanger the lives and safety of the public, and Alphonse Guilmette, charged with drunkenness, appeared in court this morning in answer to these complaints. Joseph Guilmette was found guilty in both and ordered to pay a fine of \$20 for drunkenness and to serve two months in the house of correction. He appealed both sentences. Alphonse paid a \$10 fine for drunkenness after entering a plea of guilty. Officer Hamilton arrested the defendants on the Princeton boulevard after he had noticed the auto which Joseph Guilmette was driving pass him three or four times. When he stopped the car to investigate he claims that he found the occupants and the driver drunk and an empty liquor bottle on the floor of the car. The defendant is a resident of Nashua, as were the other occupants of the car, who were released when taken to the station as the police claimed they were not drunk. Joseph Guilmette was ordered under \$200 for superior court.

Simon Orner, a storekeeper of School street was charged with selling a stove polish which contained naphtha, in violation of the state laws. He paid cash. The allegations of the

claim of the police was that he had sold a bottle of stove polish to one of his customers which injured the purchaser when it was applied to her stove by suddenly igniting. Supt. Welch, of the local department, took the bottle to the chemist of the state police department for analysis and the substance of his report, this morning was that the polish would flash at 85 degrees Fahrenheit if a torch were applied. The testimony for the government and defense derived deeply into the technicalities of properties of petroleum products as related to the particular polish. The chemist admitted, however, that inasmuch as he did not have enough of the liquid for a minute analysis he could not testify that there was naphtha in the preparation. Since the charge was based on the presence of naphtha in the polish the court found the defendant not guilty and ordered him to be discharged.

Anthony Clement was charged with drunkenness and the larceny of a gold watch and chain and \$35 from one Lucien Lefebvre of New Bedford. The evidence of the police revealed the fact Clement was drinking with Lefebvre. The defendant pleaded guilty to the larceny of the watch and chain and to drunkenness but not guilty for the larceny of the money. He was held over until Friday for sentence under \$300 for larceny and \$100 for drunkenness. On Friday the police will have Lefebvre on hand from New Bedford.

A plea of not guilty was entered by Stephen O'Halloran in the charge of assault and battery against Officer Killoy, and drunkenness. He was put over until Saturday under the sum of \$300. The arrest of O'Halloran was the result of a call sent in to the station last night, which summoned Lieut. Pettie, Sergt. Bigelow and Officer J. M. Clark to Liberty square. It is said that the defendant was drunk and that during a quarrel with Officer Killoy, he assaulted him. The policeman lost his club in the scramble.

Joseph E. Snay, a local taxi man, was charged with the violation of the auto bus ordinance and also with the unlawful possession of a tire alleged to have been stolen from the blacksmith shop of the Quinn Coal Co. He was found guilty on both complaints, was ordered to pay a fine of \$20 for the auto ordinance violation and \$100 for the possession of the tire. Through his counsel he appealed and was ordered under \$400 surety for his appearance in superior court.

He paid cash. The allegations of the

police are that the defendant illegally accepted money from passengers for a trip to Lawrence.

John J. O'Connell was called on continuance to answer to the charge of the larceny of two automobile tires and one rim from the blacksmith shop of the Quinn Coal Co. in Gorham st. on the night of May 24. In giving testimony in the May case O'Connell admitted his guilt. Judge Enright waived jurisdiction in the case and announced continuance of the case for two weeks for sentence.

Louis Barenholm answered to a complaint charging the illegal possession of liquor, also operating his automobile in such a way as to endanger the lives and safety of the public and without a license in his possession. He was put over to tomorrow morning. Barenholm hales from Lawrence and was arrested in Middlesex street Sunday afternoon. The attention of the passing officers was called to his machine by the uncertain and reckless path it was making through the street. A ten gallon jug filled with "moonshine" was found in the auto.

A charge of operating his auto in such a way as to endanger the lives and safety of the public was made against Peter Radsoz and as the government was not ready to prosecute its case continuance was granted until June 8. The defendant was arrested on School street.

Over the week end and the holiday the probation officer released eleven drunks as first offenders.

MEMORIAL DAY**IN CHELMSFORD**

A parade, followed by ceremonies at the cemetery and exercises at the town hall marked the observance of Memorial day in Chelmsford yesterday, the program being carried out under the auspices of the Chelmsford Veterans' association. The line of parade formed promptly at 9:15 o'clock in front of the town hall and 15 minutes later the forward march order was given by Chief Marshal Fred L. Fletcher.

The route was about Central square. To "Forefathers' cemetery, the parade being made up as follows: Chelmsford band, George F. White, band master; chief marshal, Fred L. Fletcher; Sons of Veterans in charge of L. H. DeVoe as escort to the G.A.R. veterans; Commander James P. Emerson with A. J. Boles as color bearer; headed the Chelmsford Veteran Association; automobile carrying several veterans; World war division, Williston Carl, color bearer, with Leo R. Pope in khaki

as escort.

Cross service was rendered by the war veterans of Chelmsford; the flag of the Chelmsford Memorial association, representing those of the Revolutionary war, was borne by George Spaulding, assisted by Joseph E. Warren and Paul Dutton; Troop 1, Chelmsford Girl Scouts, Miss Esther Dane, leader; color bearer Miss Gertrude Jewett; color guard, Miss Helen Reid; scout banner, Miss Marjorie Scoboria; town officials, clergymen and a large number of school children in charge of Miss Susan S. McFarlin, with Alexander Gupill as color bearer and Herman Olsen and Howard Thayer, as guards. Arriving at the cemetery the G.A.R. ritual was performed at the grave of Comrade Henry S. Perham. The service was carried out by Commander James P. Emerson, Francis Hutchison, as officer of the day and J. Adams Bartlett as chaplain.

"Lead, Kindly Light," was sung by the quartet of the Central Congregational church, Miss Belle Libby, Miss Alice Stearns, J. E. Marshall and Joseph Heathcock; a selection was given by the band and taps sounded by Williston Carl on the bugle with an echo response by G. Thomas Parkhurst. The line was then reformed and proceeded to the flag-draped Revolutionary monument on the common where the customary salute was given and a selection played by the band. The column then moved to the hall where the following exercises took place: "Star Spangled Banner" took; Invocation, Rev. Charles H. Ellis; Selection, "Rest in Peace, You Flanders Dead," Congregational quartet; Lincoln's Gettysburg Address, Miss Ruth Emerson; Roll Call of G.A.R. dead by Adj. Harlan E. Knowlton—Charles L. Adams, Co. G, 25th Maine Infantry, died Oct. 2, 1919; Joseph E. Adams, Co. F, First Massachusetts Infantry, died Nov. 13, 1919; Roll call of World war dead, Adj. Paul Swanson; Alberton W. Vinal, Pierre Paiznon, Egbert Foster Tuttle, Guthrie Stuart Couplitt, Valentina Ferris, Gerald R. T. Sisk, Alexander Roger Bolland; Taps sounded; selection by band; address, Rev. John G. Lovell; "Carry Me Back to Old Virginia" quartet; singing, Miss Helen Osgood of Lowell; singing, America, audience; benediction, Rev. William Waters. The speaker of the day was Rev. John G. Lovell, who gave an inspiring address.

With the possible exception of the influenza germ, microbes are said to be easily measured.

FLED FROM WORCESTER JAIL BY AIRSHAF

WORCESTER, June 1.—A jail delivery resembling in many ways the sensational escape of three men from the state prison in Charlestown last Tuesday night was made yesterday from the Worcester county jail, and the officials are trying to locate John Kelley, aged 21, of Reading, Pa., and a Worcester man suspected of aiding him to escape.

Advices Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage With Fingers Before Bedtime All That Is Necessary

The old-time application of Buttermilk and Cream to whiten and preserve skin and remove harsh little wrinkles and ugly sallowness is a grand mother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms. Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at Carter & Sherburne Co. and Fred Howard's, 107 Central St., or at any first class drug store by simply asking for "Howard's Buttermilk Cream."

There is no secret about it nor is there any doubt about the result—it's just common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth. Howard Bros. Chemical Co., Buffalo, N. Y.—Adv.

"Cement," from place to place in the peevish and grabs the cop by the collar and rushes him headlong out of the hippodrome track of the Sells-Floto Circus, coming to Lowell Thursday, June 10. Day after day "Cement" selects a soft spot in the track right in front of a grandstand section, in which are many pretty girls, and gets set. And then the cop clown and the derby hat clown tug until "Cement" gets

extended the most hearty thanks of the legion for the fine co-operation the S.W. V. gave in making the 1920 Memorial day one of the most notable in Lowell's history. He hoped that in years to come when the S. W. V. are as well advanced in age as are the G.A.R., the legion will escort them on Memorial day.

HELD MEETING IN MEMORIAL HALL

A happy meeting was held in Memorial hall at the close of yesterday afternoon's parade, the occasion being the annual luncheon and exercises under the auspices of Gen. Adelbert Ames camp, 19, Spanish War Veterans. The affair was attended by over 200 people, including members of the camp, a great representation of the Ladies auxiliary and guests consisting of world war veterans and G.A.R. men. The program consisted of dinner followed by post-prandial exercises during which interesting addresses were given by prominent speakers and enjoyable selections by the Mendelssohn male quartet.

As soon as the S. W. Veterans, who made a fine showing in the parade, were dismissed by the chief marshal they repaired to their hall in Memorial hall, and there partook of a very substantial dinner. Invocation was offered by Rev. T. P. Meister of the Centralville M. E. church and at the close of the meal Commander Richard Gibbons called to order. He welcomed the guests in behalf of the camp and complimented the members of the organization for their splendid showing in the parade.

The first speaker was Commissioner George E. Marchand, who expressed his gratitude for the invitation to attend the festivities and his address was followed by a selection by the Mendelssohn quartet. Chief Marshal Noyes paid a tribute to the Spanish War Veterans and Commander Luther W. Faulkner of the American legion in behalf of the organization he commands.

Arthur Salmon, an honorary member of the S. W. V. said he would like to see the amalgamation of the G.A.R., Spanish War veterans and the world war veterans so that Decoration day would be the greatest holiday in the country. In the course of his remarks, Mr. Salmon paid a tribute to the two members of the S.W.V. who passed away during the year, Comrades Larkin and Coburn, and the honorary member, the late George E. Worthen. At this point those present stood in silence a minute and a selection was given by the quartet, while taps was sounded by Bugler Frank Riggs.

Commissioner James E. Donnelly spoke a few words and Adjutant and Post Commander Dodge read a letter of regret from General Adelbert Ames, who sent his cheque to help defray the expenses of the day. The principal speaker of the day was Department Chief of Staff Hogan of Cambridge, a member of the city council of Cambridge, who brought greetings from the city of Cambridge in the state. In the course of his remarks the speaker referred to the action of the Cambridge city council in relation to the observance of Memorial day, saying the council appropriated \$1175 for the world war veterans, while the Spanish War veterans were told to decorate and the city would pay the bills.

Other speakers were Rev. T. P. Meister of the Centralville M. E. church, Rev. Dr. D. J. Keleher, pastor of St. Peter's; Rev. William F. Mahan, O.M.I. of the Sacred Heart church, chaplain of the legion; Chairman Thomas B. Delaney of the school board, and Mayor Thompson.

The committee in charge of the affair consisted of the following: Commander

Richard Gibbons, A. D. Mitchell, W. M. Prescott, G. W. Hunt, P. J. Burns, M. H. Harrington, J. P. Crowley and Frank Dodge.

FIVE LIVES LOST IN CANOE ACCIDENTS

STOW, June 1.—Dr. Walter Kirkpatrick of Hutchinson, Kan., a world war veteran who has been attending the Harvard Medical school, and his 8-year-old son, Philip, were drowned yesterday morning in Lake Eoon by the overturning of their canoe. No one witnessed the accident and the first alarm was given when they saw a hat floating in the water.

ST. ALBANS, Vt., June 1.—After an

all-night search, the body of Gordon Smith, aged 21, the third victim of the canoeing accident which happened about midnight Sunday night in St. Albans bay, was found at noon yesterday some distance from the place of the upset. The bodies of the two young women, Bertha Remillard, aged 18, and Anna Marquette, 17, were recovered between 3 and 4 o'clock yesterday morning. Anthony Redig, aged 33, the sole survivor, is suffering from severe mental strain as the result of his experience. All the young people were residents of this city.

Prove Own Headlights
A simple method to dim the headlights by frosting the glass, is by coating the inner side of the glass with a solution of Epsom salts and water. Let the solution dry on the glass, and the frosting will serve efficiently as a dimmer for several months.

Before the war only 345,000 persons held British government securities; the number now is 13,000,000.

Medals to Mothers of Large Families

PARIS, June 1.—Announcement by the government that medals would be awarded to mothers of large families has resulted in a large number of applications. The medals will be tokens of the nation's gratitude to mothers who have raised families of healthy children. Only those who have reared their children in the best moral and physical surroundings and with a proper understanding of their duty to France, are eligible.

700 Strike at Woonsocket, R. I.

WOONSOCKET, R. I., June 1.—Employees of the American Wringer Co., here numbering about 700, went on strike this morning, rejecting a bonus plan offered by the company and demanding a straight 15 per cent wage increase. The company refused the demand. The factory is practically shut down, only 20 persons, heads of departments remaining at work. The strikers at a meeting in a local hall, later named a committee of three to wait on Manager John E. Sweeney with a view to a settlement. The strikers are not affiliated with any union. Manager Sweeney declined to make any statement to the press.

DRY GOODS SECTION

A Chippewa grave on Garden Island, Lake Michigan, with two bottles of whisky left on the grave by the Indians to stimulate the departed on the long journey to the Happy Hunting Ground. Inset, Francois Cornstalk, a Garden Island Chippewa, who raises potatoes.

INDIANS PUT LIQUOR ON GRAVES OF TRIBE

BY LIFE J. SMITHS.
N.E.A. Staff Correspondent.

CHARLEVOIX, Mich., June 1.—Skitty-wah-boo is firewater and the survivors of the mighty hunters and warriors of the Chippewa tribe it mightily—

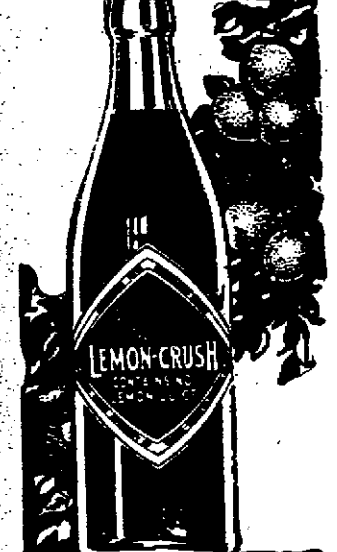

And yet, to comfort their relatives on the long, hard journey to the happy hunting ground, the Chippewas continue to place bottles of strong drink on the graves of the departed.

Prohibition cannot halt the practice, for there are many still in isolated spots where, in violation of all laws, the Indians can obtain the necessary stimulant for cold and hungry ghosts.

Graves Rooted In
The grave houses are built in keeping with the old Indian teaching that the soul is long in finding the happy hunting ground and must have a habitation during the search.

These shelters are built on the graves in the wooded depths of isolated Garden Island, inhabited only by a few fishermen. When the house has collapsed, it is a sign that the soul no longer has need of it, and the shelters are never rebuilt. Pipe and tobacco are buried with the corpse.

"THE THREE BROTHERS"

"La Truone Nationale" of Worcester, under the direction of Albert J. Crepeau, presented "The Three Brothers," an interesting drama from western Canada at the Colonial theatre Sunday evening. The attendance was large and the play was thoroughly enjoyed. Between the acts P. C. Chattereau of Boston entertained with vocal selections. Those who took part in the cast were George Leveault, Albert J. Crepeau, Oscar E. Lussier, M. T. Gignac, Martha DeBreuil, Adeline L. Bissonette, Belle Pratte and M. A. Cote.

FREE TO Asthma Sufferers

A New Home Method That Anyone Can Use Without Discomfort or Loss of Time

We have a new method that controls Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, patent smokes, etc., have failed. We want to show everyone at our expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once.

This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it today.

FREE TRIAL COUPON

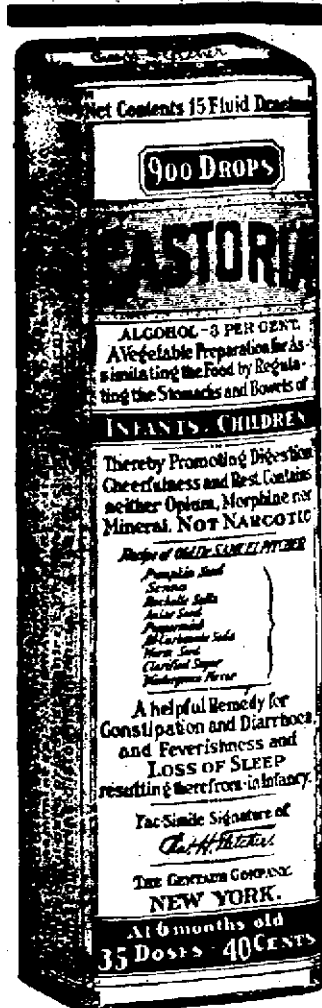

FRONTIER ASTHMA CO., Room 221K, Niagara and Hudson Sts., Buffalo, N. Y.

MAN ABOUT TOWN

It would do a lot of good—or it ought to at least—if some of the prophets of gloom who have been predicting a famine or near famine next winter because of a failure on the part of the farmers to produce their usual crops could take a trip through central New Hampshire and Vermont where farming is the principal industry. One swallow does not make a summer, and it may be that the conditions existing in the section mentioned are not typical of the whole country. In the broad fertile valleys of our neighboring states the tillers of the soil are working this year as most of them have never worked before. The operations of plowing, harrowing and planting are seen going on all sides. The season has not been an ideal one for the farmers, but it has not by any means been as bad as a good many in the past. Fertilizers for awhile were slow in arriving

on account of a freight jam on the railroads but now this handicap has been largely removed, and the supply of plant food is adequate for requirements. Farm labor is not so plentiful as the farmers would like to have it, but this handicap has, in many cases, been overcome by the wives and daughters going sturdily in the fields to help out the work of production. Acres have been plowed and planted that have been allowed to lie fallow for years. Every indication is for bumper crops. Hay promises to give an especially abundant yield.

PAWTUCKETVILLE MEMORIAL ASSO.

In order to perpetuate the work that has already been started, residents of Pawtucketville met in Memorial hall last evening and formed the Pawtucketville Memorial association with the immediate purpose of bringing to a successful conclusion the campaign for a memorial to the heroes of the world war. Cornelius F. Cronin was elected president of the new organization, Edward P. Cunningham recording secretary and William H. Rigby treasurer. The association will be open to every male resident of Pawtucketville 21 years of age or over and it is hoped to secure a large membership. When the memorial is erected the association will take care of it and further the improvement of the Merrimack river bank and other community projects.

Poslam Likes Bad Cases of Fiery Eczema

When Poslam takes hold of virulent and stubborn eczema, it soothes and cools at once, putting a stop to the terrible itching. On raw parts of the skin it feels immeasurably grateful. As Poslam continues to penetrate there develops just the healing process needed. Contrast the ease of healing with the severity of the trouble, and Poslam's work seems remarkable indeed. One ounce of Poslam is worth a pound of ointment less efficient.

Sold everywhere. For free sample write to Emergency Laboratories, 213 West 47th St., New York City.

Urges your skin to become fresher, clearer, better by the daily use of Poslam Soap, medicated with Poslam.

News of the Churches

Trinity Sunday was observed, in all the local Catholic churches with the usual services last Sunday. The preachers of the day spoke on the significance of the occasion and large numbers of the faithful received communion at the early masses.

At St. Andrew's church in North Billerica yesterday morning 35 children received their first communion and fitting ceremonies surrounded the occasion.

Next Friday will be the first Friday of the month and will be observed in the usual manner.

St. Patrick's

Rev. Joseph A. Curtin sang the high mass at St. Patrick's church Sunday and Rev. Francis Keenan preached the sermon. The pastor, Rt. Rev. William O'Brien, P.R., the pastor, celebrated the 7 o'clock mass and there were many communicants. Masses on Friday will be at 5:30 and 6:30 o'clock and confessions will be heard Thursday afternoon and evening.

Sacred Heart

At the 6:30 o'clock mass at the Sacred Heart church Sunday the class of children who recently received their first communion against received communion. The parish mass was sung by Rev. Fr. Doherty, O.M.I., and the pas-

tor, Rev. John P. Flynn, O.M.I., was the preacher.

Immaculate Conception

The late mass at the Immaculate Conception church Sunday was sung by Rev. Owen P. McQuaid, O.M.I., and the pastor, Rev. Lawrence P. Tighe, O.M.I., preached the sermon. Masses on Friday will be at 5:15, 6:30 and 8 o'clock. The usual procession will be held in connection with the observance of the feast of Corpus Christi next Sunday.

St. Peter's

Rev. Francis L. Shea sang the high mass at St. Peter's church Sunday and Rev. Peter T. Lingham delivered the sermon. Devotions of the Sacred Heart will be held each evening at 7:30 this week. Masses on Friday will be at 5 and 7 o'clock.

St. Michael's

Members of the Holy Rosary sodality received communion at the 8 o'clock mass at St. Michael's church Sunday. Rev. John J. Shaw, the pastor, was the celebrant. Rev. James P. Lynch sang the late mass and Rev. Francis J. Mullin preached the sermon. Masses on Friday will be at 5:15, 7 and 8:30.

St. Margaret's

Rev. Stephen G. Murray celebrated the early masses at St. Margaret's church Sunday at which many of the faithful received communion. Rev. Charles J. Galligan, the pastor, sang the parish mass. Yesterday morning a large class of children received their first communion. Masses on Friday will be at 5:30 and 7:30 o'clock.

St. Columba's

Rev. James F. Somers sang the high

mass at St. Columba's church Sunday.

A class of 25 children received their first communion at St. Andrew's church in North Billerica, yesterday morning. Rev. David J. Murphy, the pastor, celebrated and an excellent musical program was carried out. After the mass a communion breakfast was served on the church lawn.

"TIZ" FOR SORE, TIRED FEET—AH!

"Tiz" Is Grand for Aching, Swollen Tender, Calloused Feet or Corns

Ah! what relief! No more tired feet! No more burning feet! No more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot from the inside so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for a few cents. Think of it!—Adv.

CHEVROLET WINS RACE OVER \$4,000,000 PAID

First in 500 Mile Auto Classic
—Fire Robs De Palma of
Victory

INDIANAPOLIS, June 1.—Gaston Chevrolet of Indianapolis, who won the eighth annual renewal of the 500-mile automobile race at the Indianapolis motor speedway yesterday, in an Indianapolis-built car, will be awarded his many trophies at a banquet to be given all the drivers by the citizens of Indianapolis tonight. Chevrolet's time of 5:40:15.11 is second only to the record made on the local course by Ralph de Palma. In 1915, Chevrolet maintained an average speed of 88.16 miles per hour. For his triumph in the long grind, he will receive the speedway prize of \$20,000; citizens' lap prizes of \$1000, for leading the field during the last 13 laps, at least \$5000 of the \$15,000 to be divided among the drivers using accessories of certain automobile manufacturers, and the Wheeler-Schebler cup, the Prest-o-Lite trophy and the Strauss silver tea set.

125,000 Watched Race
A crowd estimated at 125,000 watched 23 of the greatest auto pilots of America, France, England and Italy battle for racing fame and the \$85,000 in prizes. This attendance exceeded by 15,000 the record set in 1914 when Rene Thomas, who finished second to Chevrolet yesterday, drove to a hard earned victory. Thomas gets \$10,000 in prize money and \$700 for leading seven laps of the race.

Tommy Milton, who finished third, will be awarded \$5000 in prize money. Jimmy Murphy finished fourth and will get \$3500. Ralph de Palma, the favorite before the race, who took the lead shortly after the 275 mile mark and held it until within 30 miles of the finish, will get \$1000 in speedway prize money for finishing fifth and \$5200 in lap prizes.

Sixth place money, \$2200, will go to Eddie Hearne; Jean Chassagne will get \$1800 for finishing seventh, and an additional \$100 for leading the seventh lap. Joe Thomas finished eighth, prize \$1600; Ralph Mulford ninth, \$1500, and Tom Alley, driving for Pete Henderson the car entered by Tom Rooney, captured the last money prize, \$1400.

Chevrolet Never Left Wheel

Chevrolet, the winner, never left his wheel throughout the long grind; went to the pits only once and that when he was in first place and only 15 miles from the finish. He stopped a few seconds for oil and gasoline. He used the same set of tires from start to finish. He was never worse than fourth place in the race and most of the time was second or third.

The first victory of an American car since 1912 was hailed with delight today, by the motor fans of the nation.

All of the thrills came in the last 30 miles of the race when Ralph de Palma, the favorite, with a lead of 10 miles to his credit, seemed certain of winning. But with victory within grasp, de Palma's car burst into flames on the north turn of the two and one-half mile course and a few minutes later the car driven by J. Boyer, who led during the first 250 miles, skidded, overturning and crashed into a brick retaining wall within a few feet of the spot where de Palma's car caught fire. Neither Boyer nor his mechanic was seriously injured.

GREEK COMMUNITY ELECTS OFFICERS

The Greek Orthodox community held the annual election of officers yesterday, the polls opening at 7 o'clock in the morning and closing at 8 o'clock last evening. The balloting took place in the basement of the Greek church, and there was considerable rivalry and keen interest in many of the contests. The vote cast totaled 1163.

Christos Ziogkos was re-elected president, over Thomas Noucas. Demetrios S. Athanasoulas, the present efficient secretary was re-elected by a big vote in a four-cornered contest. Costas Tsaltas was also re-elected treasurer.

The total vote in the contests for president, secretary and treasurer, and the vote of the winners in the other contests follow:

For president—Christos Ziogkos 773, Thomas Noucas 311.
Secretary—Demetrios S. Athanasoulas 432, Elias Patriasheas 235, Stefanos Stenochanopoulos 11, Soterios Hatzivretas 160.
Treasurer—George Alexakos 351, Costas Tsaltas 688.
Auditor—Vasilios Ganas 651, Demetrios Kiriakides 683, Ach. Dolis 655.
School Committee—John Averinos 571, Polychronis Georgopoulos 660, Costas Deros 118, Peter Potosopoulos 665, Harry Houlis 142.
Directors—John Vercodas 655, Theodore Kokas 578, Stephanos Koukias 670, Anastasia Koukias 666, George Kontratos 700, Athanasios Kyriakos 576, Aristides Makris 583, Soterios Pimenoulis 587, George Economakos 672, Valos Panayiotou 612, Efsthathos Ralis 610, George Skrenetes 622.

RARE BIRDS

OUT IN BENEFITS

(Special to The Sun.)
STATE HOUSE, Boston, June 1.—A total of \$4,617,515.41 was paid out in benefits under the workmen's compensation act during the sixth year of its operation, according to a report issued today by the Industrial Accident Board.

Of the total sum, \$1,091,518.84 was paid for medical attention; \$870,182 was paid to the dependents of employees who were killed; and \$2,757,614.57 was paid to employees as compensation for incapacity, either temporary or permanent.

During the year there were 75,085 cases of injury, of which 435 were fatal, 17 resulted in permanent total disability, 317 in permanent partial disability, and 74,573 in temporary total disability. In 71,068 cases, or 93.7 per cent. of the total, the employers of the injured persons were insured thus enabling their injured employees to receive the benefits of the compensation act.

Perhaps the most interesting feature of the board's report is its statement that a total of 5,970,000 working days were lost as a result of injuries during the year. Forty-four per cent. of this total was due to fatal injuries.

27.8 per cent. to temporary disabilities, 26.6 per cent. to permanent partial disabilities, and 1.6 per cent. to permanent total disabilities.

In the 435 fatal cases, 299 involved total dependency, and in this group there were 700 persons dependent. In 38 cases there were only partial dependents, but these numbered 82. In 51 cases there was no dependency.

Duration of incapacity was from one to three days in 12,453 cases; four to seven days in 20,195 cases; eight to ten days in 6,533 cases; eleven to fourteen days in 6,071 cases; fifteen to twenty-eight days in 12,565 cases; four to eight weeks in 10,113 cases; eight to thirteen weeks in 3303 cases; thirteen

to twenty-six weeks in 1547 cases; twenty-six to fifty-two weeks in 576 cases, and more than one year in 204 cases.

Causes of injuries are listed as follows: Handling of various objects, 21,131; machinery, 19,640; falls of persons, 10,530; hand tools, 6111; vehicles, 5062; stepping on or striking against objects, 4016; explosions, electricity, fires and hot substances, 3712; falling objects, not being handled by the injured, 2235; poisonous and corrosive substances and occupational diseases, 859; animals, 653; and miscellaneous, 2453.

A bat cannot rise from a perfectly level surface.

Witness further testified that his wife went to Springfield with Miss Johnstone to study physical education, and that later the pair removed to Longmeadow and that he went with them.

He said that in 1913, Mrs. Upton spoke about renting the rooms in the house and that he remonstrated, telling her he thought "he had some rights."

The house was rented, nevertheless, witness stated, all but a single room that was reserved for Mrs. Upton and Miss Johnstone, and that he was compelled to leave. He said that his wife told him that she "had lost her love for him, and that they were never properly matched." The case was defaulted.

Other Cases
In the case of Clara E. Tapp of Maynard against Warren E. Tapp of Uxbridge, the libellant, who asked for a divorce on the ground of desertion, testified that she had lived with her husband only four months after their marriage and that during that time he had repeatedly abused her, pinching her until her arms were black and blue, and that he had dragged her about the floor. The case was not contested.

Both sessions of the superior court considered divorce cases this morning. Among the cases acted upon were the following:

Rusby M. Gallagher vs. William A. Gallagher, desertion, defaulted.
Mary J. Stewart vs. Thomas O. Stewart, desertion, defaulted.

Frederic O. Cook vs. Alva L. Cook, desertion, decree nisi granted with right of libellant to resume maiden name.

SEEK BUILDING FOR SUB-POSTOFFICE
The Lowell postal authorities have asked the co-operation of the chamber of commerce in their search for store space in Merrimack square to be used for and entirely given over to sub-postoffice business. At the present time there does not seem to be any space available. This assumption is borne out by the absolute lack of response to the recent proposals asked for by Postmaster John F. Meahan.

A store on the ground floor, with between 600 and 1000 square feet of floor space is desired, having a sidewalk frontage of about 20 feet. If secured, it would be equipped with all the accommodations of a modern postoffice, except a carrier system. That would continue to operate solely from the main office at Gorham and Appleton streets. The sub station would have lock boxes, stamp and money order windows and in fact, everything for the convenience of the hundreds of business men and women who find it

decidedly out of the way to patronize the central building.

The convenience of such a sub station is undoubted and has been acutely evident since the one in Jaggitt's was abolished. At the present time a small space is being given over to sub postoffice needs in Prescott street, but it is entirely inadequate and the local officials are anxious to secure a store which will come somewhere near meeting public demand.

Waste Causes Trouble
It cotton waste is used to clean the engine, often the lint from it sticks to the parts and when the hood is down is sucked into the carburetor. This causes the fuel to flow irregularly and sometimes stops the flow altogether. Cotton cloth, therefore, is better for this purpose.

ASPIRIN

DIVORCE CASES IN SUPERIOR COURT
Hiram Burke Upton of New York, cashier and laboratory worker for the Orange County Milk association, testified in a suit for divorce on the ground of desertion, heard in the superior court by Judge Flint this morning, that his wife, Wilhelmina I. Upton, had shown a marked change in her attitude toward him following a hospital operation. He said that she became inseparable from a woman companion, Miss Laura Johnstone, Mrs. Upton, witness said, was at present employed as a governess in the family of Martin A. Brown, of Winchester.

Is Backache Slowing You Up?

"Every Picture Tells a Story"

slowly them up; poisons accumulate in the system and many mysterious aches and pains result. You may have headaches and dizzy spells, too, with perhaps some annoying bladder irregularity. Don't wait for more serious trouble. You owe it to yourself to get well and stay well. Use DOAN'S KIDNEY PILLS. They have helped many Lowell folks. They should help you. ASK YOUR NEIGHBOR!

THESE ARE LOWELL CASES:

WASHINGTON STREET

Mrs. L. W. Cather, 67 Washington street, says: "My kidneys were weak, I was in a run down condition, had no energy and felt dull and languid, especially mornings. I was dizzy at times and had nervous headaches. My kidneys didn't act regularly. I used Doan's Kidney Pills, getting them at Steeves' drug store, and my health soon improved. I felt strong and my kidneys acted normally. Doan's helped me wonderfully." (Statement given May 5, 1917.)

On February 17, 1913, Mrs. Cather said: "I seldom have need of a kidney remedy now, as Doan's Kidney Pills have about cured me. I use them occasionally and they keep my kidneys in good shape."

MIDLAND STREET

Q. A. Foster, city fireman, 22 Midland street, says: "Doan's Kidney Pills have proven their value to me at different times. My kidneys caused me a great deal of trouble, especially when I took cold or over-exerted. Severe pains and a dull ache across my back made it hard for me to stoop or do any lifting. The kidney secretions passed irregularly. I used Doan's Kidney Pills and they relieved the aches and pains in my back and regulated my kidneys. I can recommend them to anyone troubled as I was."

WALNUT STREET

Alex. Paterson, baker, 31 Walnut street, says: "Kidney trouble kept me miserable for some time. My back ached and I could hardly stoop while at my work. It was just as hard for me to straighten up. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and got a supply, using them as directed. They rid me of the backaches and kidney trouble."

No package of Doan's Kidney Pills is genuine unless it bears the maple-leaf trademark and the signature—"Jas. Doan."

FRANKLIN STREET

Mrs. M. L. Wells, 19 Franklin street, says: "My kidneys were weak and usually in the spring, I had attacks of backache. I also felt dull and run down and had no energy at all. My work seemed a burden to me. My kidneys acted irregularly. A few boxes of Doan's Kidney Pills, which I have always used at these times, have never failed to put my kidneys in good order and restore my strength. They also have relieved the backaches and other signs of kidney complaint."

OSGOOD STREET

D. W. Hilliard, city fireman, 20 Osgood street, says: "I suffered a long while with my kidneys before I could get anything to help me. I happened to hear of Doan's Kidney Pills. They helped me from the start. Before I took them, I had a dull, constant ache in the small of my back all the time. I bent over, I could hardly straighten up again. Sharp pains would catch me in my back. The kidney secretions were too frequent in passage and caused me much annoyance. Doan's Kidney Pills cured me of all this trouble."

RUPTURE EXPERT IN LOWELL

DEMONSTRATES THE FAMOUS RICE METHOD FREE TO CALLERS AT HIS HOTEL

Lady Assistant in Attendance

If you are ruptured, your big opportunity has now arrived. If you would like to be free from the slavery of gougging, pinching, chafing trusses that make life a burden, then HERE and NOW is the time to act.

J. B. Weldon, an expert in rupture cases, trained under the personal direction of W. S. Rice of Adams, New York, the famous discoverer of the Rice Non-Surgical Rupture Method, will be at the Richardson Hotel, Lowell, Mass., June 3, 4 and 5. A lady assistant, Mrs. E. Hamilton, accompanies him to attend upon lady callers.

Mr. Weldon is here to personally demonstrate to all ruptured people what the Rice Rupture Method can accomplish. You have, no doubt, heard and read much about this famous Method and the cures which thousands have reported from it. Now you have the chance to find out all about it—to have it demonstrated to you and to see what it can do in your own case. Just call at the hotel and Mr. Weldon will give you his personal attention, his best advice and complete demonstration absolutely without charge.

Are you tired of that binding, hampering, uncomfortable truss? Would you like to be free of it forever? Then investigate this Rice Method and find out the possibilities it holds out. Surely a Method that could cause so many thousands of former rupture sufferers to report cures must be worthy of your full and complete investigation.

The Rice Method is different from anything else. It is modern, up-to-the-minute, abreast of the latest scientific developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you. And you—alone—are the sole judge of that.

In justice to yourself, come in and see Mr. Weldon. Remember, he will be here only 3 days; then your opportunity will be gone. Grasp it NOW. It may prove to be the wisest thing you ever did and, anyway, it costs you nothing to find out.

Remember, come to the Richardson Hotel any day from 9 to 12 forenoons, 2 to 5 afternoons, or 7 to 9 in the evening. The dates are June 3, 4 and 5th.

Don't let this opportunity get away from you. W. S. RICE, Adams, N. Y. Adv.

"More troops for Ireland," says a headline. More common-sense and intelligence in the heads of the ruling powers of Britain would be a better remedy for the situation. The troops are there to crush the new republic if possible.

The Bolsheviks are reported to have captured Admiral Kolchak and placed him in a cage and to be charging a fee for the privilege of looking at him. Now if someone will capture the leaders of the aforesaid Bolsheviks and cage them up, and keep them caged, humanity will be the richer.

Something would seem to be wrong somewhere in our methods of apprehending criminals, and holding them in prison after they have been sentenced, when four such notorious characters as Bergdoll, Barney, Manser and Ward can escape custody and remain at large for days.

Uncle Sam is said to have 30,000,000 pounds of beef in cold storage, some of which has been there a year. If this is true it would look as though the gentleman who wears the long-tailed coat and striped trousers may have been playing favorites with the packers, for the purpose of keeping prices up, and that it is about time that he should stop hoarding.

Many will admire the courage of Sir Thomas Lipton in launching the Shamrock IV for another attempt to lift the America's cup. We need the cup over here, and we intend to keep it, but if it has to be won sometime by somebody, probably a lot of people would prefer that a good sport such as Sir Thomas has proved himself to be, should be the winner.

FUSION FAVORED

With an earnest appeal, the National Security league points out the necessity of fusion between republicans and democrats in order to prevent socialists electing congressmen in at least four districts in New York city and also in four other districts outside the city. The warning is timely and the advice good. If the socialists cannot be beaten in any other way, then there should be no hesitation in adopting the course thus suggested.

COUNTY SALARIES

It is not true as stated by some parties that the county commissioners are favoring a bill before the legislature providing for an increase in the salaries of county officials. On the contrary, the commissioners are stoutly opposing the measure on the ground that they have already arranged for increases for the employees in question and they want those increases made in the usual way—by the heads of departments subject to the approval of the commissioners.

Chairman Cutting on behalf of the commission has addressed a remonstrance against the county bills to the senate committee on ways and means and also to the committee on public service.

To say that the commissioners are boosting the bills to secure an increase for themselves is simply preposterous.

PATRIOTIC PLATFORM

The National Security league is to make a great drive for one million new members by January first of next year, and it will doubtless succeed in attaining that object. It is turning its activities into new channels well worthy of support and partly aimed at protecting the interests of the unorganized majority against organized minorities.

Its work will be devoted mainly to the spread of American ideals of government, opposing radicalism, promoting the Americanization of foreigners, encouraging patriotic education throughout the country, and enlisting women in various lines of this work.

The only plank in the league platform to which any strong opposition is likely to be offered is that in favor of universal military training, favored not only as a necessity for national defense but for the mental and physical benefits derived from it, as well as the democratizing influence resulting from bringing all classes of young men together on the common level.

Future events may lessen the need of military training so that the league program may then be modified.

led to meet the approval of all patriotic citizens.

SENATOR WALSH'S MOVE

Senator Walsh of Massachusetts is fast becoming a leader in forcing congressional action against profiteering, and what is equally bad for the country, the shipment of a large part of our limited coal supply to other countries. The senator's expose of the method by which coal is taken away from the domestic market, landed in Cuba and exchanged for sugar or delivered in Mediterranean ports in exchange for raw material for British industries, should result in the placing of an embargo upon the export of coal.

Unless action in this direction be taken promptly, the industries of this country will have to curtail for lack of coal, while the prices to the consumer will reach unprecedented heights.

The investigation by the Interstate Commerce Commission proposed by Senator Walsh will show to what extent the vital needs of the nation have been actually subordinated to those of foreign countries whose merchant ships are daily leaving our ports with cargoes of food and coal that are sorely needed for home consumption.

A FALSE PROPHECY

A distinguished clergyman in Boston has been warning the country of a coming revolution which he says will be due to economic conditions. "There has never been a time," said the speaker, "when the social order was so disorganized as at present."

Such talk as this is pure nonsense. There is too much of it and by suggestion it has a tendency to bring about the conditions that are predicted. We can be thankful, though, that the institutions of the country are so firmly grounded in the faith and confidence of the people that the danger of revolution is not even remote.

We have our social and economic troubles, of course. That is natural and to be expected, and if there were not discontent and a desire for change and improvement we should be stagnant and approaching death.

The "Reds" have done, and doubtless will continue to do, their best to bring about a social upheaval. Taking the country as a whole, there is no evidence that their doctrines of destruction have infected any considerable portion of the population. The social order is strong enough to resist their activities in the future as it has in the past. The country is prosperous, and every sane man realizes that, when the people want a change in laws or methods of government, the change can be brought about peacefully at the ballot box without any of the horrors of organized revolt.

UNNECESSARY PENSIONS

"For years," said Representative George P. Webster, of Haverhill, in a recent speech before the legislature, "the state has been paying millions of dollars for the support of public employees on their retirement and a substantial portion of the money has gone to persons who have not needed a penny of the gratuity."

This statement is unquestionably true. Many employees after easy jobs that have lasted for years have retired from the state's employ with a comfortable income assured them from the treasury of the commonwealth for life and have taken up work which has brought them in considerable sums as additional income.

This is a most excellent arrangement from the point of view of the pensioners but what about the people of the state who pay the bills? It is doubtless the desire of a majority of the people that public employees shall receive fair and even liberal compensation for their services, but it is a trifle annoying for a man who is struggling to meet his tax bills on a small home, or is paying an abnormal rent due in some measure to heavy taxes, to see other men much better off than he drawing comfortable incomes from the state for which they make no return in service.

The house of representatives has already passed a bill, advocated by Mr. Webster, which would limit pensions in the future to those only who really need them. What a republican, fire and brimstone senate will do to the proposed law remains to be seen.

WILSON'S KEYNOTE

President Wilson has given out an endorsement of the platform adopted by the democrats of Virginia, and his letter is taken as sounding a keynote for the democratic national convention; but so far as can be judged, the party leaders are not likely to take their keynote from the White House this trip. Unfortunately there is a lack of harmony in the ranks due to a conflict of sentiment and sympathy on the method of enforcing the prohibition amendment, on the League of Nations and various other important issues on which it seems, both parties must take a definite stand. Prohibition is undoubtedly here to stay and the most that will be sought by any element is a less rigid interpretation of what is intoxicating than that provided in the Volstead act. The "wets" want a provision for light beer and wines which would satisfy the thirsty ones.

Mr. Bryan will stand out for a bone dry nation and will make a strong fight against any movement towards an easy enforcement of the 18th amendment.

On the questions of a bonus for service men, the tariff, the merchant marine, immigration and labor, the parties will have to take a stand whether they like it or not; but these are questions on which there is not so much difference of opinion as those first mentioned, the aim being in each case to frame an instrument that will catch votes. It will be amusing to note the maneuvering on both sides, particularly by the republicans who are past masters at the political game. The decision of the republican leaders not to touch the prohibition issue is a palpable evasion of an issue upon which every political party should express its attitude. Although silence in some cases is taken to indicate assent, in this particular case it may be construed by the "drys" that those who are not avowedly with them are against them.

EMPTY PRISONS

The taxpayers have long had to carry a heavy burden in providing for the maintenance of jails and prisons and the support of the inmates thereof. It seems a bit tough, though, now that the population of prisoners has been so largely decreased, the expense should still go on at a not greatly decreased rate.

On March 1 of the present year the county jails and houses of correction of Massachusetts had 4502 cells, and the number of prisoners was 960. In other words four-fifths of the cells were unoccupied. At the same time there were two county jails that were wholly empty, but they were still kept open, and rows of empty cells were being guarded by employees who were being paid out of the taxpayers' money.

The state institutions show a similar condition of emptiness. The Concord reformatory, for example, has accommodations for 1200; but at present there are only 225 occupants there. The state prison can accommodate 1000 but as reported, it has only about 400 prisoners. Like conditions prevail at Rutland and other state institutions so that the counties are not alone in having fewer offenders and fewer victims of drink.

The legislature may have to deal with this question sooner or later, although the counties have ample authority to dispose of any buildings for which they have no further use.

Here in Lowell we do not need such a large and finely equipped jail, although we do need some place of detention so that our police department may not have to incur heavy railroad expense by conducting prisoners to Cambridge and back as may be required. The present jail could be converted into a hotel or a summer boarding house. It would be rather costly to change it into a school. A building one-tenth the size would suffice for Lowell.

POPE ISSUES LETTERS ON CHRISTIAN RECONCILIATION AND PEACE

ROME, June 1.—Pope Benedict has addressed to the entire world an episcopal letter on Christian reconciliation and peace. The pontiff remarks that despite the end of the war, ill feelings still exist. He begs that all Christians forget these ill feelings with the view to mutual understanding.

The pope outlines in the letter the dangers to which the world is exposed if the various peoples continue to live in a state of hostility toward each other.

Bulgarian Bands Fire on Train

CONSTANTINOPLE, May 31.—(By Associated Press)—Bulgarian bands fired upon the Saloniki-Constantinople train Sunday near Demotice, in Bulgarian Thrace, about 40 miles south of Adrianople. The train was delayed for two hours while Greek troops drove off the bandits and cleared the track of bombs, one of which exploded harmlessly. Adrianople is quiet, but Bulgarian bandits are assembling near that city in large numbers, and are preparing to resist Greek occupation of the city. The nationalist assembly at Angora has sent a message of thanks to the Italian government for permitting nationalist peace delegates to go to Italy.

Editorial Association

BOSTON, June 1.—The National Editorial association, in annual convention here, devoted today to pleasure trips. Business sessions will be resumed tomorrow. The delegates went by special boat to Plymouth and Nantasket and at the former place were guests of various commercial organizations.

Turks and French Sign Truce

LONDON, June 1.—Turkish nationalist forces and the superior command of French troops occupying Cilicia, Asia Minor, have concluded a 20-day armistice which at its expiration may be renewed, according to a Constantinople dispatch to the Exchange Telegraph Co.

DEDICATE PLAYGROUNDS IN NO. BILLERICA

Frederic S. Clark was the principal speaker at the formal dedication of the Charles H. Kohlrausch playgrounds in North Billerica Saturday afternoon, which was held in connection with the annual community day. The exercises were presided over by Neil R. Mahoney and the other speaker was Thomas F. Sheridan, chairman of the board of selectmen.

At the opening of the exercises a flag raising was held and a beautiful flag was presented by the school children, who also entertained with music, singing under the direction of John T. Fairbrother. A feature of the afternoon was a baseball game between the T.R. & T's of North Billerica and the Knights of Columbus of this city, the score being 3 to 2 in favor of the Billerica players.

Folk dancing with Miss Marion Sheridan at the piano was the closing feature, the program being given as follows:

Dixie dance, pupils of the 7th and 8th grades; solo dance, "Pony Trot," Misses Virginia and Charlotte Mahoney; "Sleepy Time" dance, pupils of the 1st, 2d and 3d grades; "Victory" dance, solo, Doris E. Conley; games; "Vamp" dance, 7th and 8th grades; solo dance, "La Belle Marie," Miss Mabel Boughner; "Aviation" dance, 3d and 4th grades; specialty dance, Baby Margaret Mooney; Maypole, 5th and 6th grades; Venetian dance, Miss Bertha Harrette; dance, Irish colleens; gavotte, Miss Doris E. Conley and Master Bernard Knop; games, Community club girls of Lowell; grand promenade; solo dances by the pupils of Miss L. B. Perrin of Lowell.

The entire affair was under the direction of Warren H. Manning, chairman of the park commission, assisted by his associates on that board, Fred Eric S. Clark and Norris Millbury. The executive committee consisted of the following: Mrs. Joseph Gannon, Miss Cowdrey, Mrs. James Ritchie, B. W. Kearney and William S. Taylor. The flag raising was directed by John T. Fairbrother, Norris Millbury, Miss Grace Knowles, Miss M. E. Kearney and Mrs. Burnham. A special feature of the dancing was directed by J. Frank Mullin.

Publicity committee: Neil R. Mahoney, chairman. Entertainment committee: Miss Grace Knowles, chairman. Director of work: B. W. Kearney. Refreshment committee: Mrs. Joseph Gannon, chairman; Mrs. D. J. Dewire, Mrs. Ellen Cowdrey, Mrs. L. Fralick, Mrs. J. Holly, Miss H. Collins, Mrs. R. J. Conway, Mrs. Joseph Hayes, Mrs. William Ring, Miss Mary Barton, Miss Whelan, Miss Mary Twomey, Mrs. Edward Collins, Mrs. M. Healey, Miss Theresa Lyons, Mrs. Cousins, Mrs. James Ritchie, Mrs. J. F. Roome, Mrs. L. Mason, Mrs. Cairns, Mrs. A. W. Holden, Mrs. C. Nickerson, Miss Carrie Knowles, Mrs. J. Sutcliffe, Mrs. J. King, Miss Mary Sutcliffe, Miss M. H. Brown, Miss Edith Mears, Miss Gladys Switzer, Miss Alice Hingins, Miss M. E. Kearney, Miss M. Cassidy, Miss Dewire, Miss O'Hearn, Miss Lucy Cooper and Miss Sarah Stott.

JAPAN'S SYSTEM OF GOVERNMENT

BY K. S. INUI
Department of Political Science, University of Southern California

In spite of the oft-repeated doubts of the ability of the eastern people to master the western institution of constitutional government, it has found 20 healthy years of growth in Japan.

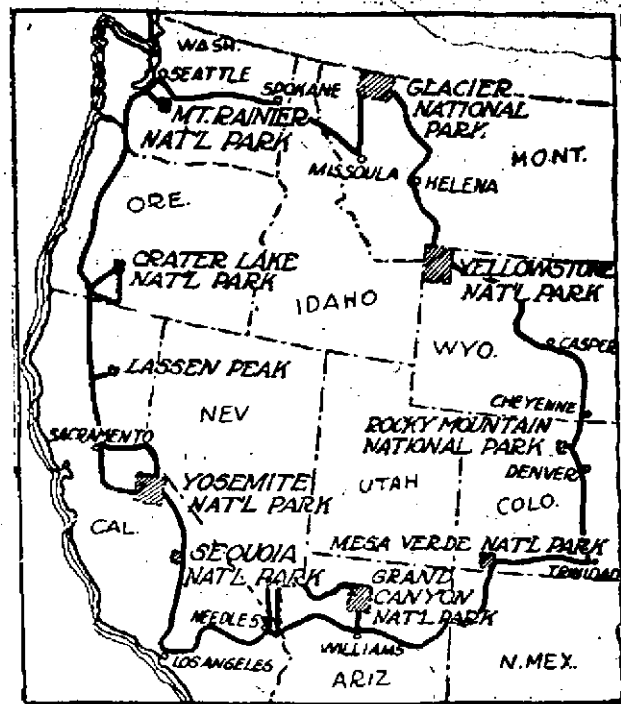

Nippon has today a well established and tried bi-cameral system.

The upper house is called the house of peers and the lower the house of representatives.

The house of peers corresponds to the American senate or the British house of lords, and has been made up of the conservative element of Japan. As Simon de Montfort secured for the members of the first parliament his own supporters, so the framers of the Japanese constitution also proposed to select the men of their own rank and leaning in order to check any ultra-radical legislation and to insure the stability of the government during the early days of reorganization.

To quote Uyehara, "The peers who have seats in the house by right of inheritance, as the peers of England, are the princes of blood, princes and marquises" who are seldom present at the deliberations. "All other peers, counts, viccounts and barons, like the peers of Scotland, elect their representatives biennially, but in order of nobility. Out of 25 members, 12 are not peers at all, and moreover, only about one-fifth of the peers of Japan have seats in the house."

There are also among the members imperial appointees, numbering about one-third of the total. They are appointed for life by the emperor, or through the recommendation of the cabinet, from among the old officials ex-army or navy men, college professors or retired diplomats. There are also, 45 members composed of one elected from among the 15 highest taxpayers of each prefecture. These are often called "second-the-motion" members. Obviously they have little

MOVEMENT ON TO IMPROVE HIGHWAY LINKING NATIONAL PLAYGROUNDS

An improved highway to make the national parks of the west more accessible to motorists is the object of a movement spreading throughout that section. The road linking these playgrounds of the nation is practically all there, but it needs improvement—hard-surfacing—to a large extent, and it is appropriations and sentiment for this that those interested seek. The map shows the territory covered by this highway.

Pope's Efforts Extolled by Card. Logue

ROME, May 31.—Pope Benedict's efforts to re-establish peace in Europe during the war were extolled by Cardinal Logue, primate of Ireland, at a banquet given at the Irish college today at the close of the festivities incident to the beatification of Oliver Plunkett, first archbishop of Armagh. "There was not one of President Wilson's 'fourteen points' that was not included in the pontiff's peace conditions," he declared. "During the late war every effort was made to induce the pope to side with one belligerent or another, but he went straight as an arrow. He made justice and right triumph over oppression." Present at the banquet were Cardinals Vannutelli, Von Rossum, Sbarretti and Randuzzi.

LOWELL NOSED OUT BY ARLINGTON HIGH

Gregory McAdams, outfielder, was unable to keep Arlington high school batters from hitting with men on the bases Saturday afternoon at Spaulding park, with the result that Lowell was nosed out of a winning game by the score of 7 to 6. The contest was abbreviated because of the late arrival of about half of the visiting squad, automobile idiosyncrasies being the cause.

The game started off as loose as a game with each team scoring three times. The dual bombardment was continued through the 2nd frame when each club scored again, but Lowell forged ahead in the third by pushing over the fifth tally. For two innings Arlington did tricks for McAdams, but in the fifth they hammered him for two doubles and a single, sandwiched in with a base on balls, a hit batsman and a runner's choice, all amounting to three runs and a 7 to 6 lead.

In the last of the seventh, Lowell flared to the extent of one run and then died without a struggle. Liston singled and stole and scored when Willard's terrific smash went through Low's legs. With the tying run on second base Gleason and Condon fanned. Gleason swung at the third one which was high and on the outside, while Condon's last try missed one waist high over the heart of the plate. Goldman batted for McAdams and hit the wicket at third and Burt saved the latter an error and incidentally shut off the tying run by making a clean pickup of a ball which spun into the dirt at his feet. The last runner would have been the throw by stride, but no such luck.

Arlington played a slipshod game in the field, piling up six errors to Lowell's two. With two men on base, Willard played center field and did a creditable job. Twice he hit into double plays with Liston on ahead of him, but as both are 100 per cent, slow the base lines were hopelessly clogged.

Capt. Branson played a nice game at third and Ray Reynolds made a pair of sterling catches on the other side of the foul line.

The score:

KNIGHTS GET VERDICT

Home Run by Cawley Settles

Fast Game, With So. Ends

Trailing, 7 to 6

A home run smash inside the grounds

by Eddie Cawley allowed the Knights

of Columbus to get the Pitts South

Ends at Spaulding park yesterday af-

ternoon by the score of 7 to 6. Ed-

die's big bang came in the eighth frame

with his team trailing 5 to 4 and with

McVey holding the tying run on sec-

ond base.

Conly Edward had hit hard all af-

ternoon, but with two out, Bridge-

ford essayed to pitch to him rather

than take a chance with Walter Fore,

the next batter. The K of C held

captain caught one waist high—a

brand new ball, at that—and sent it

soaring high and far away toward the

centre field fence. Herb White dropped

back fast, but the old apple sailed on

and on, finally dropping to earth in

the very shadow of the barrier. Be-

fore it was returned to the infield Ed-

die had followed McVey over the plate

with the run that spelled victory and

one of the best semi-pro

games in local history.

But Cawley had a finger in the pie

all through the nine innings. His hit-

ting was a nice feature and his pitch-

ing was another. He pitched well in

the second inning after the latter

had allowed two hits, two bases

on balls and a hit batsman to be

sandwiched in with a fly ball. Ed-

die held the South Ends to a pair of

singles until the eighth inning, when

three singles and a triple built up two

runs and seemed to have won the

boys a winning edge. Then came the

hottest last half of the eighth and vic-

tory.

The game was played before a large

holiday crowd and was productive of

good and bad baseball. Bridgeford de-

served a better fast pitch for the

South Ends. His arm was loose and

open at times and although his team

spoiled him a four run lead at the

very outset and finished seven frames

with a 4-3 advantage, the closing in-

nings turned the tables.

The South Ends, first at bat, got a

start when Scully passed White, and

Jenkins blew a single to left. Ed-

die and Bridgeford filed the bases with an-

other walk. Reynolds took Branson's hard

smash on the grass, but hurried his

throw to the plate, which was wide

of Walter Fore's glove and the first

two runs were over. R. Jenkins was

hit by a pitched ball after McMahon

had been thrown out and the boys

dropped a hit into right field, scoring

Bridgeford and Branson.

The Knights got one back in the

second when Ray Reynolds, playing in

left-center and scored on an error by

R. Jenkins. With two down in the

field hit, with the former center field

third. The double steal was worked

successfully. Twokey scoring. Ray-

nolds followed with a hit to centre,

but Souza was cut down, White to Di-

lton.

The seventh brought another to the

Knights when Cordingly, playing in

Scully's place, scored on a single by

McVey.

Bridgeford singled for the South

Ends with one gone in the eighth, but

was forced at second by Branson. Mc-

Mahon tripled the run home and scored

himself on a single by R. Jenkins.

Lyons also singled, but Dillon popped

to Twokey. In the second half, Rey-

nolds was safe on McMahon's error

and traveled to second on a wild

pitch. Cordingly fanned, but Lynch

beat out a hit to short, Reynolds hold-

ing third. O'Day got under McVey's

high fly and then dropped it. Ray and

Arthur scored. Then came Cawley's

horrific smash good for two more runs.

Walter Fore followed with a double,

but his brother died deep to Andy Jen-

kins.

Women Seek To Immortalize Suffrage Pioneers By Placing Marble Busts in Hall of Fame

SUSAN B. ANTHONY

LUCRETIA MOTT

ADELAIDE JOHNSON

ELIZABETH CADY STANTON

SCULPTURED HEADS OF MILITANTS WITH INSET OF AMERICAN ARTIST

statues of Washington, Lincoln and a few nationally great men.

The busts of the three women are mounted on one pedestal and the piece is now in Rome. It is the work of Mrs. Adelaide Johnson, well known American sculptress. She began in 1886 with the consent of Miss Anthony, and financed by a committee which appealed for funds. Another appeal for funds will be made to pay the expenses of getting the piece to this country.

The figures are wonderful likenesses of the three greatest militant suffragists while in the height of their fame. Members of the national woman's party, who picketed the White House say Susan Anthony was the first militant. She was the first woman ever arrested in America for her principles since the days of witchcraft. In order to test the validity of the 14th and

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Lottell, a heavy freeman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockley, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 15 cents. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Adv.

BOY SCOUT RALLY IN WASHINGTON PARK

The annual Boy Scout rally was held Saturday afternoon in Washington park with Troop 15 as the winner of the largest number of points, totalling 42. Troop 15 is formed of boys of the Chelmsford Street Baptist church. Troop 9 of the First Congregational church was second with 31, Troop 10 of St. Anne's and Troop 18 of the First Baptist tied for third with 23 points each. Troop 16 was fourth with 8 and Troop 2 fifth with 4. Troop 1, sixth, with 3, and Troop 7 seventh with 2.

The first event was the out and back relay, the object of which was to get a message from a designated point back to the judges in the shortest possible time. This was won by Troop 9, with Troops 15 and 10 second and third, respectively.

In the first aid event four scouts from each troop participated. Troops 15, 18 and 10 took the three places. In the signalling contest a message was given to one pair of each troop, who signalled it to a second pair. One of the second pair wrote the message and delivered it to the judges. Troop 10 won and Troops 2 and 14 tied for second.

Striking the ham proved to be a very interesting and humorous event, no special practice being needed. Albert Ryan of Troop 18 won first place and Frank Marshall of Troop 13, second.

Firewood and water were furnished to one scout from each troop in the water hoisting contest, the water receptacle and knives being supplied by each contestant. Troops 16, 1 and 7 was the order of precedence in this number.

The following knots were tied in the knot tying contest: Bowline, timber, two half hitches, close hitch. Troops 15, 9 and 18 won out.

Troops 10 and 15 won the "Skin-the-Snake" contest.

One scout from each troop participated in the vegetable race which was a humorous event requiring mostly speed and coolness. Troop 15 was first, 18 second and 10 third.

In the antelope race eight scouts from each troop took part and Troops 15, 18 and 9 won out.

During the entire afternoon a real

PROFESSOR C. F. MARVIN, CHIEF OF WEATHER BUREAU, EXAMINING METEOROGRAPH, WHICH HE DESIGNED, AFTER A RUN-AWAY FLIGHT AND MINUT WITH A GEORGIA COTTONFIELD MULE

FLYING METEOROGRAPH DEFIES WRECKAGE

The hazardous experience of being cut loose from its moorings, flying as an attachment to an untowed kite for 18 miles, and then becoming entangled with a boy and mule plowing in a Georgia cotton field, failed to wreck a self recording, weather observing instrument, as designed by Professor C. F. Marvin, chief of the United States weather bureau. The new type of

midway was hustling along the side-line of the park where novelty games of chance, hit the coon, a tentful of world wonders, ring the duck or the spike, and such amusements kept the scouts and their visitors interested during the day.

The music for the occasion was furnished by the Middlesex Training School band. The awarding of prizes was made by President William N. Goodell, president of the Lowell chamber of commerce.

The judges were Malcolm Davis, scout executive of Medford, and Messrs. Willis Holt, Woodman and Hurd of this city. W. W. Bennett of the executive council of Lowell acted

Constipation Vanishes Forever

Prompt—Permanent—Relief CARTER'S LITTLE LIVER PILLS never fail. Purely vegetable—act surely but gently on the liver.

Stop after dinner distress—correct indigestion—improve the complexion—brighten the eyes.

Small Pill—Small Dose—Small Price

DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Asthma, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

Obtain and use caution. Beware of cheap imitations.

meteorograph was exploring the upper air regions for information as to weather conditions—desirable equipment for the army, navy and mail service aviation.

The weather recording instrument is made of aluminum, and includes a windmill type of anemometer, a hair hygrometer, an aneroid barometer, and a clock driven cylinder, to which is fastened a sheet of graduated paper. On this paper recording pens, connected with the different elements, continuously and automatically indicate the changes in weather conditions at successively higher and higher altitudes.

The instrument is lifted into the air by means of a kite of the box type fashion. It is seven feet square, three feet high, made of spruce framework, covered with a substantial quantity of cotton cloth. The front cell affords the lifting surface, while the rear cell acts as a steering plane. The kite is attached to piano steel wire, with small diameter but high tensile strength, and the wire is fed from a steel drum, on which is rolled eight or ten miles of wire. The kite reel, of which the steel drum is a part, is operated by a variable speed motor. It is housed in a small circular building, easily adjusted in the direction of the wind.

as the scorekeeper and Scout Executive Read I. Ripley was the general manager.

SERVED SUPPER TO G. A. R. VETERANS

The Ladies of Circle 8, under the direction of their president, Mrs. A. M. Stone, served supper last evening to 38 members of Ladd and Whitney post 185, G. A. R., who had taken part in the afternoon Memorial day parade.

Others in addition to the veterans and their hosts were present. Baked beans, cold meats and other eatables were on the supper menu.

Following the supper Superintendent Welch, of the Lowell police department was introduced by Franklin S. Pevey, commander of the post. He gave an informal talk about police activities in this city and spoke of the number of important arrests that have been made here.

David Dickson made a brief address and read a poem which told of the significance and meaning of the bronze badge worn by members of the G. A. R.

HELD PAGEANT IN POLLARD'S GROVE

The 265th birthday of Chelmsford and the tercentenary of the landing of the pilgrims were celebrated by a pageant Saturday afternoon given by a cast of 150 characters drawn from the membership of the First Congregational society. The event took place in Pollard's grove on Bartlett street. Five hundred townspeople and visitors witnessed the scenes.

The pageant opened with an announcement by a crier that the pilgrims had arrived in town, and this was followed by groupings illustrating the early settlers with their minister on the way to church and an attack by Indians upon them in which the settlers are victorious and the group enters the church in which a chorus is singing "A Mighty Fortress is Our God."

Next came a war dance by the Indians, followed by scenes picturing a "Week Day in Plymouth Colony." "Colonial Days" was next pictured, followed by a scene that recalled the town's part in the war of 1812.

The young women of the church gave a picturesque representation of the "Circle of the years."

A large number of world war veterans and friends and relatives of deceased veterans attended the memorial mass celebrated at the Sacred Heart church at 9 o'clock yesterday at the request of members of old Co. M. Rev. William H. Mahan, O.M.I., chaplain of Lowell post, No. 87, American Legion.

was the celebrant and he was assisted by Rev. John H. Doherty, O.M.I., deacon and Rev. John P. Flynn, O.M.I., the pastor, as sub-deacon. Rev. Fr. Flynn, O.M.I., spoke on the significance of the occasion and paid an eloquent tribute to the young men who laid down their lives in the great conflict. John J. Kelly was in charge of the musical program and the church choir, assisted by the sanctuary choir, sang the responses. George Kerwin sustained the solos. John W. McMahon sang "Pie Jesu" at the offertory, and at the close of the mass Private Cummings sang "O Meritum Passionis."

To Clean Upholstery The use of gasoline on leather upholstery will crack the leather. A good cleaner is plain water with a little ammonia added. Or, even better is a mixture of two parts linseed oil with one part turpentine.

Appear At Your Best—Instantly

If you receive a sudden caller or an unexpected invitation you can feel confident of always appearing at your best. In but a few moments it renders to your skin a wonderfully pure, soft complexion that is beyond comparison.

OUCH! CORNS!

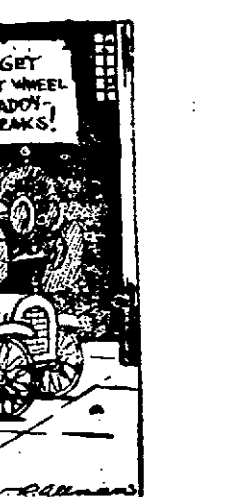

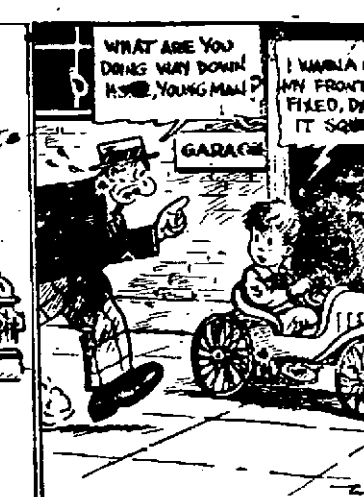

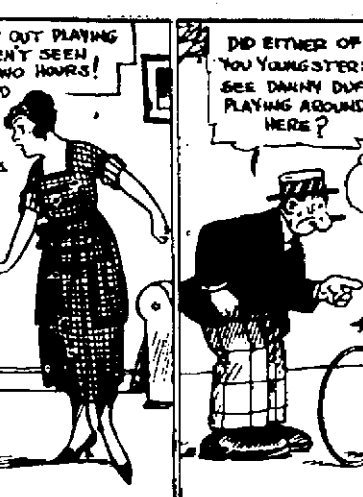

LIFT CORNS OFF

Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Frezzone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without awareness or irritation. Frezzone is the much talked of, other discovery of a Cincinnati genius.—Adv.

VETERANS AGAIN IN REVIEW

Members of Local G. A. R. Posts in Annual Memorial Day Parade

Spanish and World War Veterans and Other Organizations Form Escort

Treading their way over the path they had walked for innumerable Memorial days before, but with faltering step each succeeding year, fifty-three veterans of the Civil war again filed between throngs of Lowell people yesterday afternoon, for their time-honored Memorial day parade.

And in that little band of men, with the meagre dozen or so who rode in carriages or machines, centred the city's Memorial day observance, just as it had centred for the past half century. True, the veterans of other wars were there in stronger numbers and more erect attitude, but the thousands who lined the sidewalks, realizing perhaps that in a few more years the last of the men of '61 would have gone to his final rest, stood in silent awe as the waving figures passed.

Rarely has there been a more perfect setting for the annual observance. Clear skies, a touch of westerly breeze and buildings swathed in colorful bunting united to make an ideal holiday and with scores of world war veterans scurrying about in overalls, uniforms or those of the cantonments, there came rushing back to many a mind recollections of the stirring.

PALMER ATTACKS ANOTHER STRIKE

Charges He Had "Perverved Sympathy" for the Criminal Anarchist

Blocked Attempts of Government to Rid Country of Dangerous Aliens

WASHINGTON, June 1. (By the Associated Press).—Charging that Louis F. Post, assistant secretary of labor, had a "perverted sympathy" for the criminal anarchist, Attorney General Palmer told a house committee today that in dealing with attempts of the government to rid the country of dangerous aliens, Mr. Post had employed a self-willed and autocratic substitution of his own mistaken personal viewpoint for the obligations of the public law.

Mr. Palmer was testifying before the rules committee, which is investigating the official conduct of Mr. Post in deportation proceedings. "It has become perfectly apparent," the attorney general said, "that Mr. Post's course in all the deportation proceedings has been dictated by his own personal view that the deportation law is wrong, rather than by any desire or intention to carry out the law as enacted by the congress. By his self-willed and autocratic substitution of his mistaken personal viewpoint for the obligation of public law, by his habitually tender solicitude for social revolutionists and perverted sympathy for the criminal anarchists of the country, he has consistently defied the enforcement of a law of vital interest to the people at this time in court proceedings for their peace and safety."

300,000 GET WAGE INCREASE

Advance Went Into Effect in New England Textile Centers Today

\$1,000,000 Will Be Added to Weekly Payrolls of Mills Granting Raise

BOSTON, June 1.—A general increase of wages affecting approximately 300,000 textile operatives went into effect today in New England textile centers. Approximately \$1,000,000 will be added to the weekly payrolls of the mills granting the increases, and textile wages, already at the highest stage in history, will be brought to a point about 150 per cent higher than they were four years ago. Wherever the amount of the advance has been stated definitely, it has been 15 per cent.

A majority of the unorganized mill workers have accepted the increase, as have many who belong to various unions. In some instances, however, no action has been taken on the offer and a few unions have refused it. Notable among those who have not yet announced their decision, are the directors of the United Textile Workers of America, who recently requested a flat increase of 17½ per cent for all operatives in Massachusetts, Rhode Island and Connecticut.

SHOT HIMSELF IN HEAD

Well Known Business Man Commits Suicide in Middlesex Street Store

Despondent, it is believed, because of financial affairs, Ernest Lundgren, a well known business man of this city, committed suicide by shooting shortly after 12 o'clock this afternoon, in his shoe repairing shop at 106 Middlesex street. Mr. Lundgren fired a 32-calibre revolver bullet into his head while sitting on a chair near his safe.

Mr. Lundgren left his home, 41 Houghton street, shortly before 10 o'clock this morning and went to his shop in Middlesex street. Shortly afterwards he went out, leaving the shop in the care of an employee and returned shortly before 12 o'clock. He sent his man out for dinner and remained in the shop. Shortly after 12 o'clock a revolver report was heard and a man who happened along at that time found Lundgren sitting near his safe with a revolver in his hand. Medical Examiner T. B. Smith was notified and upon his arrival at the shop he found that Lundgren had passed away, death being almost instantaneous. The body was removed to the funeral parlors of Undertaker Saunders in Appleton street.

Mr. Lundgren had been a resident of this city for the past fifteen years. He kept a shoe repairing shop in Central street and later in Middle street. For the past month or so his place of business has been at 296 Middlesex street. He leaves his wife, Constance; four children, Violet, Albert, Milton and Edna; four brothers, Adolf of Alaska, Carl of this city, Oscar of Canada and Daniel of Baltimore; a sister, Mrs. Hilma Shiberger of Beverly; another sister, Mrs. Clara Bran of Hallowell, his father and mother and two sisters in Sweden. He was a member of the Lowell lodge of Elks, Lowell Acacia of Eagles, Court Scandinia, P. of A., Swedish Brotherhood, Lodge Norman, of the order of Vasa, Lowell Fish and Game association, Central club, Martin Luther club and the German-American club.

FOOD DRAFTS FOR CENTRAL EUROPE

An opportunity to provide relatives and friends in central Europe with parcels of food of the highest quality, without the difficulties incidental in preparing and forwarding packages overseas as individual shipments, is offered Lowell people through the medium of food drafts now at hand in the headquarters of the Lowell chamber of commerce, which will be honored and exchanged for necessities of life at the several warehouses now established by the American relief administration in a number of European countries economically unbalanced by war.

As the result of an intensely interesting and efficient system of supply and co-ordination of effort, the American relief administration has established warehouses in Warsaw for Poland; Prague for Czechoslovakia; Vienna for Austria; Budapest for Hungary; and Hamburg for Germany. Also there are branch houses in Poland at Bialystok, Krakow, Lodz, Lemberg.

City Council Asked to Furnish Public Market in Lowell to Avert Threatened Food Shortage

PLANT REOPENED, TROOPS GUARD

Clerks Return to Work at Bristol, R. I.—No Repetition of Friday's Riots

BRISTOL, R. I., June 1.—The plant of the National Indian Rubber Co. was reopened today under the protection of national guardsmen and with no repetition of the rioting of last Friday in which several persons were injured.

The troops under the direction of Adj. Gen. Charles W. Abbott, Jr., escorted the workers in small parties from various sections of the town to the factory without once coming in contact with striking operatives or sympathizers. A group of 75 office employees from Providence also were guarded on their way to the plant. It was estimated that about 300 of the 300 persons regularly employed in the office, including a number of women and girls, went to work.

No attempt was made to resume production in the factory. Scores of operatives reported at the gates ready to work, but were turned away by the guards.

For an hour before the usual opening time the troops had patrolled the streets, ordering windows cleared and requiring that all persons on the sidewalks in the vicinity of the plant keep moving. For the most part the 4700 operatives who constitute about one-third of the town's population remained at their homes.

In the absence of any organization, the strikers, who are supposed to number about 1000 have had no general meetings. It was believed today that until some declaration of policy as to future operation of the plant was made by the company, the situation was likely to remain unchanged. It was said, however, that if the United States Rubber Co., which controls the National India Rubber Co., declared its wishes as to the reopening military officials would take action on the request of the striking operatives for permission to hold a mass meeting.

Until the company makes some announcement, it is urged, there is no proposition for the operatives to consider and it is thought a meeting would have no definite results.

The strike at the local plant, which manufactures tennis shoes and wire insulation, has been in progress nearly a month. It was called as a result of difference over the question of wages.

COAL ADMINISTRATOR Gov. Coolidge Deems Massachusetts Situation Serious Enough for Regulation

BOSTON, June 1.—Governor Coolidge, in a special message to the house today, asked for authority to appoint a coal administrator and for an appropriation of \$25,000 to defray the expenses of a coal administration. The governor declared later that the shortage of coal in New England was due almost entirely to shipments to foreign countries.

"Out of a million and three quarters tons of coal at Hampton Roads during April," the governor said, "all but 200 or 300 tons was shipped abroad, notwithstanding that the pier at Hampton Roads was built for the specific purpose of handling coal for New England."

The real remedy, according to the governor, is to stop foreign shipments, and until that is done, he considers it necessary that such coal as can be obtained for New England, should be distributed equitably.

WAS BADLY INJURED

William McFadden, aged 3 years, son of Thomas H. and Emma C. MacFadden of 51 Corbett street, was struck by an electric car in Gorham street near the corner of Cosgrove street last evening and received a laceration of the scalp and probably a fracture of the skull.

The strike at the local plant, which manufactures tennis shoes and wire insulation, has been in progress nearly a month. It was called as a result of difference over the question of wages.

HIGH OFFICIALS IMMUNE

Will Not Be Required to Pay Income Tax, Supreme Court Rules

WASHINGTON, June 1.—The supreme court today declared unconstitutional provisions in the war revenue act of 1913, requiring the president of the United States and all federal judges, including members of the supreme court, to pay an income tax on their salaries.

WASHINGTON, June 1.—The supreme court held today that federal constitutional amendments cannot be submitted for ratification to a referendum vote in states having referendum provisions in their constitutions.

The court declared inoperative the Ohio state constitutional referendum amendment insofar as it affects ratification of federal amendments.

WASHINGTON, June 1.—Ohio supreme court decrees dismissing injunction proceedings brought by George S. Hawke, of Cincinnati, to prevent submission of the prohibition and woman suffrage amendments to the voters, were set aside by the court.

Pre-Convention Campaign Expenditures in Ohio Aired Before Committee

Newspaper Publisher Says Each Side Spent \$100,000 in His State

R. F. Wolfe Admits Fighting Harding Because of Latter's Associates

WASHINGTON, June 1.—A score of witnesses were here today to testify at the resumption of the senate committee's investigation of pre-convention campaign expenditures. Efforts were being made to expedite the hearing so that a temporary halt might be called Thursday night to permit members of the committee and others concerned to go to Chicago for the republican convention. The investigation will be continued after that.

Robert F. Wolfe, publisher of the Columbus, Ohio, Despatch, and the Ohio State Journal was the first witness called today. He testified that his papers "had taken an active part" in the recent Ohio republican presidential primary contest between Major General Leonard Wood and Senator Harding, of that state.

"Politics in our state," he said, "are in the hands of an inside coterie of men whom I have felt it a duty to oppose. I wanted to support Senator Harding, but told him that I could not do so, if his candidacy went into the hands of this group. Our fight afterward was against an element in the republican party, rather than for any individual."

The witness refused to "go into personalities" when Senator Pomerene, democrat, Ohio, asked for names of men constituting the alleged "coterie."

"Your activities were rather against Senator Harding's manager, then, than for General Wood?" asked Senator Pomerene.

"It was against the crowd managing Senator Harding's candidacy," Mr. Wolfe replied, "their control of election boards."

"My estimate is," he said in reply to questions, "that each side in Ohio made a fight that cost about \$100,000 in addition to what legislative influence and local machinery they had. It would cost an outside candidate three times as much to meet their opposition as they would have to spend."

"I told Senator Harding that if he allowed Harry M. Daugherty to pick the delegates to the national convention, I felt it would be a menace to the state," he said, "and that I would fight him for it."

LUTHERAN CONVENTION
BINGHAMTON, N. Y., June 1.—The synodical convention of the Lutheran church of New York and New England opened in this city today with a communion service. Today's session is occupied with the Sunday school conference. The sessions will continue three days.

PLANS TO ACT IMMEDIATELY

Karl M. Perham of Chelmsford Speaks for Farmers of Surrounding Towns

Points Out Difficulties of Gardeners — Other Matters

Karl M. Perham of Chelmsford made a very earnest plea before members of the municipal council at their meeting this morning, for the establishment of a public market in Lowell where farmers from surrounding towns might sell their goods at wholesale. If the city fails to take steps in this direction, he predicted, it will find itself face to face with an extremely serious shortage of farm produce in the near future.

Mr. Perham said that the present scarcity of labor made it absolutely imperative for the farmer to devote as many hours of time as possible to the actual work of raising crops, and that when he is compelled to travel about the city from store to store for half a day or more in order to dispose of his goods, his production suffers.

The council voted to instruct Commissioner Dennis A. Murphy to investigate the matter, see what streets could be used as a market and to report to the council as soon as possible. Another committee, consisting of the mayor and Commissioner Marchand, was appointed to look into the matter of securing the mill of the Biddle-Hartford plant in Market street formerly used by the Red Cross as a temporary vocational school. An ordinance providing for parking restrictions in John street was also passed.

The council voted to instruct the city collector to prepare the necessary orders for the taking of lands and buildings in Pawtucketville and Gorham street for civic projects under way in those sections.

Meeting in Detail

The meeting was called at 10:15 with all members present. A hearing was held on the petition of the Lowell Electric Light corporation for permission to erect one pole in Lorain street to give service at No. 47. Arthur F. Salmon appeared in behalf of many residents of the street who were opposed to the granting of the petition. They felt that service might be given in some other way. Mrs. Mary A. Sullivan also appeared in remonstrance. The matter was referred to Commissioners Murphy and Marchand.

Hearings were held on the following petitions and they were then referred to Commissioner Salmon: John Danabrian, gasoline, 74 Thorndike street; Morton Motor Equipment company, gasoline, 270 High street; Mary G. Morris, garage, 407 High street.

Commissioner Murphy introduced an order to lay sidewalks of cinders or gravel on both sides of Fletcher street from the northerly end of Thorndike street to the new bridge over the Pawtucket canal and it was adopted without discussion.

Commissioner Murphy also reported favorably on the following petitions and the accompanying orders were

\$25,000 BAIL

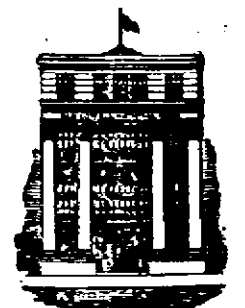

Fixed by Judge in Case of William M. Wood

NEW YORK, June 1.—Federal Judge Mack today fixed bail at \$25,000 in the case of William M. Wood, president of the American Woolen company of New York and Massachusetts, indicted last week with the corporations under the Lever act on a charge of profiting.

Charles E. Hughes, appearing for the defendants, made a motion to quash the indictments on the ground that the selling of cloth is not a crime within the provisions of the Lever act, concerning wearing apparel. Argument on this motion was postponed until tomorrow.

Renard Makes Fast Time in Trials

PARIS, June 1.—Renard, the star sprinter of France, made the best record in Sunday's elimination races by which the team that will represent this country at the Antwerp Olympic games will be chosen. He ran 100 metres in 11 seconds flat, equalling the French record and loped home in the 220 metre dash in 22 1-5 seconds. The contestants were members of various divisions of the army and colored soldiers made fine records.

Fall River Bishop Received by Pope

ROME, May 31.—Great interest in recent events in the United States and Mexico was shown by Pope Benedict today, in receiving Monsignor Daniel F. Feehan, bishop of Fall River, Joseph J. Rice, bishop of Burlington, and Sanchez Paredis, archbishop of Puebla, Mexico.

LEGION'S MEMORIAL DAY EXERCISES

Services of consecration in memory of their departed comrades-in-arms were held at the Edison and St. Patrick's cemeteries yesterday afternoon, by former service men of Lowell, American legion and the Spanish-American war veterans.

It was the legion's first Memorial day observance and the beginning of a sacred custom that is destined to continue throughout the years even as the Grand Army of the Republic has watched over the last resting places of their comrades who fought with Grant and Sherman.

The veterans of these last two wars met at Memorial hall at 12 o'clock and headed by their commanders, Luther W. Faulkner of the American Legion and Richard Gibbons of the S. W. V., formed in parade formation to march in review at city hall before Mayor

Resistance to Disease

Debility is a loss of vitality, not affecting any one part of the body particularly but the system generally. It is dangerous because it reduces the body's resistance to disease.

When debility follows acute diseases, convalescence is slow and the strength does not return as it should. An attack of the grip often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood, because the blood goes to every part of the body and an improvement in its condition is quickly felt throughout the system. The problem in every case is to find something that will enrich the blood.

Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. Try them whenever your blood is thin.

A useful booklet, "Building Up the Blood," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 60 cents a box.—Adv.

Russian Bolshevik Forces Fall Back

LONDON, June 1.—Russian Bolshevik forces fighting against the Poles and Ukrainians in the Tarashtcha region, south of Kiev, have retired to new positions after "fighting with superior enemy forces," says an official statement issued in Moscow yesterday, and received here by wireless.

Several villages in the neighborhood of Molodechno, which were abandoned by the soviet troops on Saturday, have been re-occupied after heavy fighting. In this sector, the battle continues. In the Zhlotsin-Mozier district in the center of the active front, fighting continues near the railroad running west from Retchitsa and is favorable to the Bolsheviks, the statement declares.

Eighty-seven per cent. of all former Austro-Hungarian mills are located in the Czechoslovak republic. There are 34,000 looms, 400,000 spindles for combed or dressed yarn, and 200,000 spindles for carded yarn.

was read over the graves of Walter Scannell, first commander of Lowell Post 57, by Commander Luther W. Faulkner and Adjutant James P. McGready.

Similar services were held in the Edison cemetery at the Soldiers and Sailors lot by the S. W. V. and at the grave of Joseph Harding, the first Lowell boy to die in the world war service, by the legionnaires. Rev. K. P. Meister offered prayer.

"Nearer My God to Thee" and "Rock of Ages" were played by Buckley's band, which accompanied the veterans to both cemeteries.

MORTALITY OF LOWELL

For the week ending May 29, 1920: Population, 107,373; total deaths, 24; deaths under five, 3; deaths under one, 6; infectious diseases, 3; acute lung disease, pneumonia, 1; diphtheria, 2; measles, 1.

Death rate: 11.56 against 18.78 and 14.93 for previous two weeks.

Infectious diseases reported: Diphtheria, 4; scarlet fever, 5; measles, 25; tuberculosis, 2.

BOARD OF HEALTH

WILL BUILD NEW FOUNDRY

The Molders Foundry Co. of which Charles Knight is president and John H. David, treasurer, has purchased the large tract of land known as Baron woods in North Chelmsford, adjoining the property of the Gillespie Co. and will soon start the erection of a modern foundry. The new plant for the present will be 70 by 75 feet, but when completed its dimensions will be 200 by 75 feet.

GET THIN

EASILY NOW

The sale of Oil of Korein is increasing. It is a vegetable compound, safe, harmless and reliable. The Korein system is proving itself a wonderful weight reducer. Delightful to obtain slender figure. Many endorsements. Reliable druggists sell Oil of Korein, or you may obtain it by mail.

Many persons have reported an average weight reduction of five to twenty pounds monthly, steadily, pleasantly, through the Korein system. Physicians recommend it.

No drugging, no starving, no strenuous exercising. Delightful, steady riddance of adiposity. "The fat seems to melt away" is the expression of numerous users. \$100 Guarantee in each box, that you will reduce at least a pound every week, in a fair trial, following the simple directions, or your money back!

Oil of Korein

For convenience, Oil of Korein comes in neat small box. Positively no thyroid, no purgative; no salts, nothing drastic or objectionable. A wholesome, genuine reduction remedy FOR YOU.

\$100 GUARANTEE

Become delightfully slender. Follow the simple directions of Korein system; weigh yourself and use the tape measure before starting. Keep a record of daily reduction. You may buy Oil of Korein in a box, (which includes the delightful Korein 7 System and \$100 Guarantee) at any drug store, including:

Reduce 10 to 60 Pounds

A Friend Worth Knowing

We make many acquaintances, some of which develop into friendship, but not all prove themselves true friends. It is just as essential that we have a reliable friend in the form of a medicine as a personal friend, so that when we are afflicted with various ailments we can have something we can absolutely depend upon.

The next time you have any stomach, liver or kidney trouble, and you are not already acquainted with the wonderful merits of SEVEN BARKS, nature's remedy of roots and herbs, we urge you to give it a trial, and we will predict that it will become one of your most valuable friends from a medical standpoint.

For nearly half a century SEVEN BARKS has been a valuable and timely friend to all sufferers of stomach and liver disorders. A trial will quickly prove its wonder efficiency, and after that you will never be without it, and gladly recommend it to your friends.

Doctor's bills these days run into money fast, and can often be saved if you will but keep on hand a bottle of SEVEN BARKS, the old-fashioned remedy that our parents and grandparents used to keep their families rugged and well.

If you want a friend that will stand by you in time of need, ask your druggist for SEVEN BARKS. Price but 60 cents per bottle, enough to last a long time.—Adv.

Proposals for Coal

Sealed proposals addressed to the Middlesex County Commissioners and endorsed "Proposals for Coal" will be received by said commissioners at the Court House, Lowell, until Monday, the 21st day of June, 1920, at 10 o'clock a. m., for a supply of coal to be delivered at the Training School at North Chelmsford, Mass., and at that time will be publicly opened and read.

All bids must be upon blank forms to be obtained at the office of the Commissioners, Court House, East Cambridge, and must give the prices proposed both in writing and in figures, and be signed by the bidder with his address.

Each bid is to be accompanied by a certified check for Two Hundred Dollars (\$200.00) payable to the County of Middlesex, said check to be returned to the bidder unless he fails to execute a contract should it be awarded to him.

All bids will be compared on the basis of the estimated quantities of coal needed, which are as follows:

50 tons, more or less, best "New River Coal" or its equal, 2000 pounds to the ton.

20 tons, more or less, best "Lackawanna Broken" or its equal, 2000 pounds to the ton.

20 tons, more or less, best nut stove coal, 2000 pounds to the ton.

The above is to be delivered at the Training School at North Chelmsford at such time and in such quantities as the superintendent may order.

The quantities are approximate only and the Commissioners expressly reserve the right of increasing or diminishing the same.

Specifications and forms of proposal and contract may be obtained at the office of the Commissioners, Court House, East Cambridge, Mass.

The Commissioners reserve the right to reject any or all bids, or accept any bid as they may deem best.

Engine Man Frank B. Marsh
Seaman Oscar W. Peterson
Seaman Hugo Piccardi
Seaman Harry Sunbury

Nurse—Miss Alice J. Trull served in Siberia, now in the Philippines.

veterans in the day's exercises. In stirring words he paid fitting tribute to the G. A. R. and then came down to the present and praised the splendid service of the world war veterans. "The Deathless Army" and "Flanders Fields" were sung by Mrs. Wheeler and the final touch was given by Rev. Mr. Mason who pronounced benediction. The dinner in the banquet hall was served by the Ladies Aid society.

Memorial Tablet Unveiled

In the afternoon the dedication exercises of the tablet in the town hall in memory of the world war service

ALBERT C. BLAISDELL,
Toastmaster at Banquet

men of Tewksbury were held. The tablet is of marble into which is cut the names of world war heroes with those killed in action and Miss Agnes J. Trull, nurse. The town hall was crowded during these ceremonies and the veterans attended in uniform.

Ives' Boston orchestra furnished music for the occasion and Albert Edmund Brown of Lowell led the assembly in community singing. After an overture by the orchestra Henry M. Billings delivered the welcome greeting and then prayer was offered by Rev. George F. Camp. In behalf of the town Howard W. Foster addressed the veterans and presented the tablet. Appropriate addresses were also made by Herbert L. Trull, Rev. Henry B. Mason and Rev. Robert J. McCoy, O. M. I.

At intervals in the exercises, the

assembly joined in singing "America," "The Star Spangled Banner" and the "Battle Hymn of the Republic." Preceded by an address remarkable for its enthusiasm and heart stirring pathos, Lieut. Frank S. Perkins, former leader of the 101st Field Artillery presented emblems to the veterans. A large picture including nearly all the service men of Tewksbury was presented to the town by the world war veterans.

The memorial tablet is of marble, rectangular in shape and surmounted by a semi-circular piece bearing the inscription, "Soldiers of the World War, 1917-1918," and the seal of the town. The names inscribed on the tablet are given herewith. The tablet is on the left of the entrance in the foyer. Next to the war heroes, the people of Tewksbury pride themselves upon their beautiful town hall.

THE EVENING PROGRAM
It was about 5:30 when the committee, service men and guests, repaired to the banquet hall where a bounteous menu was provided to a party numbering about 100. When the good things had been disposed of Mr. Howard S. Foster called to order and after some humorous remarks introduced Mr. Albert C. Blaisdell as toastmaster. After extending a cordial greeting to the veterans and expressing on behalf of the town the high appreciation of their services, he proceeded with the formal program.

Our Country

Hon. Butler Ames responding to the toast, "Our Country," said the chief thing that moves this country today is in the past is "state of mind," which puts the things of the mind before those of the body. He reviewed the wars which have made our history, showing that they all resulted from the state of mind that is ready to resist wrong and imposition in the sense that a man would rather lose ten dollars than be cheated out of 50 cents. This principle, he said, ruled also in legislative matters. It is well known that we cherish most that for which we make a great sacrifice. That is why the Grand Army proved such a power for good in upholding the institutions for which they fought, and so he believed, the veterans of the world war would stand against such enemies of the nation as anarchism, I.W.O.M. and Bolshevism. He favored military training as a means of instilling love of country and respect for our laws. Many people, in the past have enjoyed our free institutions and prosperity without giving anything in return and in the end such people felt they were under no obligation to offer any return for their privilege. That is one reason why he favored military training to impress on all the necessity of defending our liberties when ever from any source they are imperiled. In this respect the veterans of the world war will be a great national bulwark against any national peril from within or without.

Massachusetts

Lieut. Col. Perkins responding to the state dealt with some incidents of his military career, in his 28 years of service since he first enlisted in the Massachusetts militia. Military service, he said, pays you back in proportion as you give. Now that the war is over, there is no selective draft, no compulsory service. Today the military defense of the nation consists of only from 60,000 to 70,000 men. He has been assigned the task of organizing a regiment which is to be the national guard of the state. He urged the world war veterans to show their devotion to the state by joining the national guard if only for a year or two to see the new organization started. The old commonwealth is big enough and great enough to deserve this service. He felt that the veterans, still young, would be a great moral force for the good of the state.

Women

Mr. Henry M. Billings made a fitting response to the toast to "Women." He told of what the women had done during the war; their success in selling Liberty bonds and making ammunition. He instanced the heroic service of the Red Cross, the Salvation Army and the bands of nurses, including one Tewksbury woman, Miss Agnes J. Trull, now in the Philippines.

Our Town

Speaking on behalf of "The Town," Melvin G. Rogers, Esq., briefly sketched what Tewksbury had done during the war and assured the veterans that the

A MARVELLOUS KIDNEY REMEDY

"I have been a great sufferer for years with Kidney Trouble and Constipation. I tried 'Fruit-a-tives' about a month ago, and with almost immediate results. The Kidney Trouble has disappeared and the Constipation is fast leaving me."

HENRY DATER.

"Fruit-a-tives," or Fruit Liver Tablets, the medicine made from fruit juices and valuable tonics, is doing a wonderful work in bringing health to sick people.

60c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

Town was proud of them and would always cherish the sacrifices they had made. The recent war offered another proof of the fact that when the test comes the heart of the town beats true. As the men served their country in the war, they are now expected to be loyal to the town. In town Tewksbury will be as liberal as any other town in dealing with her veterans of the war. He could not fully express the appreciation of the patriotic services rendered by the veterans; but an effort is made to perpetuate their names on the marble tablet unveiled in the afternoon and bearing their titles but when that tablet shall have crumbled into dust their names will live in the pages of history to be honored by future generations. The people look to the veterans to resist all the disorderly and revolutionary elements not only in their councils, but at the ballot box.

The Press

Edward J. Gallagher, editor of The Sun, responded to this toast, and after complimenting the town on its magnificent demonstration in honor of the veterans of the war, he said no honor was too great for the men who shared in the glorious achievements of the American forces under the Stars and Stripes, both on land and sea.

Continuing, he said:

The patriotism, the valor and the sacrifices of our veterans will bear an inspiring message to future generations, so that from age to age, there will always be found millions of loyal citizens ready to defend our flag and the principles of freedom on which is based the constitution of this republic, the freest, the greatest, the grandest that ever existed on this earth.

The one great lesson that we have to learn from the world war is, that—

Nations cannot win success by wickedness and fraud. To survive, they must progress within the laws of God.

Justice, liberty and law are bulwarks of the state. These all rights forces draw to make a nation great. On her loyal men and brave must every state depend. Her domain and rights to save. Her freedom to defend.

It has been well said that: "Peace bath her victories no less renowned than war."

We are now face to face with the problems of peace in a crisis that calls for patriotic efforts by all the people. During the war when the submarines threatened the defeat of the allied powers, there came a cry for ships, more ships! Now that the war is over and we return to the arts of peace so long neglected, the cry is for production, increased production.

In view of the shortage of labor and the anticipated scarcity of food next fall, this appeal is directed particularly to the farmers of the country and so today, the cry is for crops, crops, more abundant crops.

As the people of Tewksbury during the war did their duty well, so in this new menace to the nation, I know their course will be in keeping with the high patriotic traditions of their historic past.

The Military Ball

The closing event of the day's celebration was the military ball conducted in the town hall in the evening. It was a brilliant affair in which the townspeople appeared in their gayest attire. The decorations in the hall were simple, but beautiful, consisting

Seize Land From Lord of Sligo

DUBLIN, June 1.—After making a futile appeal to the lord of Sligo to surrender part of his estate to them for tillage and grazing, townspeople of Westport, County Mayo, forced the gates to the property yesterday, drove away the owner's cattle and drove in their own cows. Altogether about 50 acres of land were seized by the people.

of huge American flags, draped in folds at either end of the hall and over the stage. The young people were out in large numbers while their seniors who did not dance enjoyed the spectacle from reserved seats provided for spectators. It was 5:30 when the grand march started.

No more pleasant place for dancing could be had, for with the windows of the hall thrown open, the coolness of the evening added to the delight of the occasion. Ives' Boston orchestra furnished music. Those in charge were: service men; Harold J. Patten, general manager; Edwin W. Osterman, chief marshal; David J. McCracken, floor director, and James E. Lynch, chief of aids.

BOWLING TOURNAMENT

The prize winners for the sixth week of the handiepin bowling tournament at the Crescent alleys follow:
Individual—Bridgman, 289; Hayden, 350; Grady, 341; Sullivan, 338; O'Brien, 332.

Two-men—Dr. Hewson and Lindsay, 679; Flauders and Jordan, 662; Harral and McNulty, 660; McDermott and McQuade, 644.

Three-men—Hayden, Whitlock and Grady, 1042; Buckley, Finn and Brigham, 979; King, Brown and Myrick, 956; Dr. Hewson, Dr. Horne and Curran, 952.

Five-men—Myrick, Connonen, Lebrun, Johnson and Donohoe, 1627; Hayden, Whitlock, Grady, Eynloft and Johnson, 1514; Perrin, Sullivan,

O'Brien, Flauders and Jordan, 1500; O'Brien, Schanborn, Flauders, Quinn and Estes, tied with Myrick, Connonen, Johnson, Lebrun and Jewett at 1579.

Dr. Hewson is high man for the tournament prize, with a score of 2111. The 21st week of the tournament began yesterday.

SUGAR PRICES ARE HIGH

That is the reason many so-called soft drink bottlers are using saccharine (which is a drug) as sweetening, because it is cheap. It costs 60 cents per 2 dozen cases with sugar and 3 cents with saccharine, which has been pronounced by FOOD EXPERTS as INJURIOUS to HEALTH. It is illegal to sell it unless printed on the label.

We use nothing but PURE CANE SUGAR in the manufacture of HI-BROW Beverages.

A TUNEFUL MUSICAL

"Sylvia" Presented at Opera House Under Auspices of League of Catholic Women

Delightfully tuneful, embellished by the presence of strikingly attractive young people and, as a whole, an enjoyable entertainment, the musical of the 15th century, "Sylvia," given under the auspices of the League of Catholic Women at the Opera House Sunday afternoon and evening, proved one of the most successful of the many features staged by the league during the season now drawing to a close.

Miss M. Alice Cox and Mrs. Alice Donnelly McLaughlin, accompanist, must go a large share of credit for the almost flawless and wholly creditable production.

"Sylvia" has to do with characters of the 15th century, principally "Sylvia," maid of honor to the queen, and her lover, the court poet, Sir Bertrand de Lacey; and Betty, a country maid, and her swain, William, a hardy rustic. At the opening of the musical, Betty and Sylvia tell of their boredom with their lovers and wish that they might exchange sweethearts with one another. Finally, Betty hits upon the plan of using a magic flower by which the lovers will be deceived, and Sylvia suggests that they exchange costumes. The plan works effectively, and the court poet falls in love with the country maid, Betty, who he thinks is Sylvia, and William becomes enamored of Sylvia in Betty's costume. But after a few experiences the young women begin to appreciate the true worth of

their original lovers and the deception brings them back in their own costume and embraced by their old sweethearts.

Surrounding this simple plot was a wealth of pretty music both by principals and a chorus of 70 young men and women. Costumes of the period depicted were worn and the young men as farm lads and young women as farmers' daughters and haymakers were most bewitching.

Mrs. Katherine Sharkey Garrity sang the title role of Sylvia with fine expression and in her accustomed flowing soprano voice. Miss Alice M. Dacey again won deserved laurels in the role of Betty, her distinct enunciation of both speaking and singing parts, her graceful stage presence and her natural assumption of the role of the pretty country maid finding ready recognition from the audience.

John R. Doyle as de Lacey, Sylvia's lover and the inevitable verse-maker, brought an excellent voice and abundant personality to a fairly difficult role. Timothy Finnegan as William, Betty's swain, also sang excellently and enacted his role with vigor and effectiveness. William Howard as Prince Tobbytum, "a person of consequence," in his own estimation, had the chief comedy role of the performance and met every demand adequately. Miss Anna Lee Maguire as Arabella and Miss Marion Ryan as Araminta, ladies of the court, were excellent in their brief parts, and the Misses Sadie Sheehan, Mildred McGowan and Margaret O'Brien, companions of Betty, lent much color and action to the performance. Eugene Mullin as Robert, a farmhand, was also entertaining in a comedy role.

Other members of the cast who made up the chorus included the following: Farmers' Daughters—Helen Billingsley, Mae Burns, Rose Condey, Helen Conley, Grace Gilday Donehue, Theresa Downing, Dorothy E. Flynn, May Gallagher, Nora McHugh, Alice O'Brien, Jessie Parent, Lucy Sharkey, Mary Walsh.

Farm Lads—John Boland, Eugene J. Dean, Thomas Delmore, John Donehue, Edward Donohoe, Francis Donohoe, William H. Golden, John Graham, George Hannigan, George Keefe, James Keefe, Harry Keefe, Fred J. Leary, Leo Molahan, Gregory McDermott, Michael McCarthy, John McSorley, Henry Mulcahy, Harold O'Brien, Herman Parent, Frank Saunders. Haymakers—Lillian Burns, Rose A. Cote, Evelyn Cox, Catherine Kagan, Ellen Green, Margaret A. Hogan, Alice Leclair, Regina Lowner, Helena Mawn, Madeline Mayo, Dorothy McAdams, Helena McGowan, Lila McNabb, Christina Mulcahy, Katherine O'Brien, Ellen O'Heir, Quentin Rowlandson and Margaret M. Dornie.

To the chorus must also be given high praise for its important part in the musical's success. It carried the burden of the entertainment and, although its members were compelled to carry the words and music of more than a score of numbers in their heads, there was no hesitation and no breaks throughout the performance, a record which reflects credit both upon the young men and women and upon their directors.

Music was furnished by the regular Opera House orchestra and had much to do with the success of both performances.

Both afternoon and evening performances were well attended. Mayor Perry D. Thompson, Hon. and Mrs. Francis Slattery of Boston, the latter president of the League of Catholic Women of the diocese and a member of the executive board, were among the guests at the evening performance and many members of the clergy were also present.

At the afternoon performance, designed especially for children, more than 100 boys and girls from St. Peter's orphanage in Stevens street were

Twink

Washes and dyes at the same time

For your faded georgette, your yellowed crêpe-de-Chine

Clearer, lovelier colors than you could ever get before

THERE is a wonderful new way to make your yellowed georgette just the radiant coral you have wanted; to make your faded crêpe-de-Chine as delicate a lavender as the day you bought it.

You can get these lovelier, truer colors with Twink, the new colored flakes.

Twink is made by a wonderful new method for producing colors that makes it possible to get more exquisite shades than have ever before been obtained.

When it was found that in this product any fashionable shade could be produced, the highest authorities on fabric colors were asked to select this season's smartest shades. Twink was then made to match these colors.

The thin, glistening flakes dissolve instantly in boiling or very hot water and whip up into a rich lather. You

put in your blouse, work the suds gently through the fabric and rinse well in cold water. In a twinkling your faded georgette is a lovely soft yellow or a delicate pink.

The Twink colors always turn out right. There is no solid soap to spot or streak the garment. There is never a dull, dingy look. The color is every time clear and even, and so fast you can wash your blouse several times before you need Twink it again.

Get today several packages of Twink in the newest blouse shades. Follow the surprisingly easy directions that come with the package. Twink will not injure any fabric that water alone will not injure.

Your druggist, the department stores, and the 5 and 10 cent stores have Twink. Lever Bros. Co., Cambridge, Mass.

For restoring color and for giving these new exquisite colors Twink is as perfect as Lux is for fine laundering.

New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITTAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures show here are from my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, ointments, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he claimed would grow my hair. Although I had but little faith, I gave it a trial. From recent photo, my hair growth is a close copy of the growth of soft, strong, lustrous hair! No trace of baldness. The pictures show here are from my photographs.

That I was astonished and happy in expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fortifying potency of the mysterious formula. For preparing this mysterious elixir, new called Katalin, and later had the recipe put into practical form by a chemist. That my own hair growth was genuine has been amply proved. Many men and women, who reported satisfactory results from Katalin.

How YOU May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness, or other disorders. I have been told by experts that when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a bottle which will grow when fertilized. Shampoo (which contains alkali) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Katalin contains these elements of nature which give new vitality to the scalp and hair.

PROVE FOR YOURSELF

JOHN HART BRITTAIN, Station F, New York City

healthy skin

Yellow, blotchy skin is not only disagreeable and repulsive in itself, but it is the outward sign of biliousness and a sluggish condition of the liver, which may gradually undermine your health.

Don't let this continue. Use "L. F." Atwood's Medicine to keep the liver, stomach and other digestive organs working smoothly. You will feel better, have more energy and your complexion will become clear and healthy. Your blood will absorb more strength from your food, and your system will be better able to withstand disease.

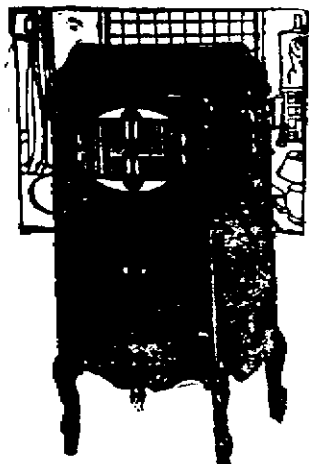

Keep a bottle always ready. Take a liberal dose at the first symptom of constipation or sick headache. The true "L. F." will benefit the whole family, young and old. It is absolutely harmless, and gives relief without weakening some other organ. For 60 years it has brought health and happiness to thousands, and never fails to justify the confidence placed in it. If you have never used it, buy a large bottle, 50c from your dealer. "L. F." Medicine Co., Portland, Maine.

You Will Be Delighted With the New Brunswick Records

We Have Just Received the Third Release of Brunswick Records. Come in and Hear Them. You Will Marvel at Their Smoothness and Beautiful Tone Coloring.

The Brunswick is more than a pleasure giving instrument. It is the ideal phonograph for the home, to develop in growing children a love and understanding of all good music. For it plays the music of all artists and it plays it at its best.

The Ultona is not an attachment, but a distinctly new creation—an essential part of the Brunswick's new method of reproduction. By a turn of the hand it adapts itself to any of the vastly different types of records.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

THE LAND OF DEAR-KNOWS WHERE
The Land of Dear-Knows-Where is a most remarkable place. It is in the Kingdom of Fairyland, right across from Topsy-Turvy land and round the corner from Scrub-Up-Land.

I'm sure now that you know exactly where it is and could go straight to it—if you had Nancy and Nick's Green Shoes. And I'm sure, too, that you'd have a wonderful time, as they had, if you had a fairy friend along with you like the Magical Mushroom to

MR. MUSKRAT SAYS TO MRS. WOODCHUCK AS THEY MEET AT THE SPRING, "WHERE ARE YOU GOING TO LIVE THIS YEAR, MRS. WOODCHUCK?"

help you understand what everything is, and everyone was saying, and to give you good advice. This magical country gets its name in this way: When the birds and animals leave their homes in the spring, and come to the spring, and I know about it, and he works for the Fairy to face their homes for the summer. Queen just as Rubadub does in Scrub-Up-Land, and he is the very busiest moving day comes. Mr. Muskrat says, "fairy you ever knew."

a new name finally, and that was it. The Land of Dear-Knows-Where! Only—and here's a secret—it's got a fairy lander to look after it. No one knows about him—at least they never did before, but you know about him now, you see. His name is Tingo to the land you and I know about. Queen just as Rubadub does in Scrub-Up-Land, and he is the very busiest moving day comes. Mr. Muskrat says, "fairy you ever knew."

gally add a little lemon to the rinsed water.

BRINGING GLOSS TO LIFELESS HAIR

If the hair is dull and lusterless, care should be taken that the scalp and hair are clean so that the hair can breathe. Crude oil, coal oil or vasoline rubbed carefully into the scalp with the finger tips promotes the growth of the hair. The scalp should be massaged gently and firmly until it can be felt to move and a warm glow comes.

Hair Washed Carefully

The frequency with which the hair is washed, depends upon the scalp and upon the amount of dirt that gets into the hair. Rinse and wash twice at least. After parting the hair, brush the scalp with a small, soft brush. Rinse several times, first with hot water and then with cold. Dry with hot towels and fanning. The hair should not be put up until it is thoroughly dry. If

Plans to Act Immediately

Continued
 adopted: Cecil M. Felton, et al., that a sewer be laid in Barnabee street; Patrick J. Kane, et al., that a sewer be laid in Hazel street. The estimated expense of the Barnabee street sewer is \$1823 and that of Hazel street sewer \$1823.

Locke Street Project

A hearing was then held on the taking of lands and buildings of James M. McDermott and Sarah A. Smith in Gosham street for the purpose of widening Locke street.

Alexander Duncan, inspector of claims, reported that he had served notice of the hearing on the two persons mentioned on May 13.

There was no remonstrance at the hearings.

It was then moved that the city solicitor be instructed to prepare the necessary order for the taking and for an accompanying appropriation and to present the same to the council at its next meeting.

Before the vote was passed Commissioner Murphy asked if any effort had been made to get the land at less than 25 per cent. more than the assessed valuation.

Mayor Thompson said that the city solicitor would undoubtedly look into that phase of the matter. As he recalled it, he said, the law provided that the city should make the taking at the assessed valuation and then the owners had the right to go to court to get 25 per cent. additional.

The vote was passed unanimously. The petition of Frank O. Davis for a sidewalk at 34 Sanders avenue was referred to Commissioner Murphy.

The petition of Sophie Douley, et al., that Massasoit street be laid out and accepted, was referred to Commissioner Murphy.

Similar action was taken on the following petitions: Charles Stackpole, that Grace street be sprinkled; Edgar L. Evans, et al., that Sanders avenue and Pine street be oiled; James McLaughlin, that a sidewalk be laid in front of the premises at 513 Stackpole street; Pierre Joffe, that a sewer be laid in Joffe street.

The following petitions were referred for hearings on June 22: Edouard Boucher, garage at Aven street and Fifth avenue; Albert S. Park, gasoline at 28 Riverside street; Hamel and Marchand, gasoline at 740 Alden street.

Hearings will be held on the following petitions on June 15: Lowell Electric Light corporation, two poles in Madison street, and New England

Telephone and Telegraph corporation, two poles in Varnum street.

Commissioner Murphy reported fa-

KARL M. PERHAM

vorably on the petition of John Matterson that a portion of Christian street be laid out and accepted and the accompanying order was adopted.

For Vocational School

The mayor read a communication from Hugh J. Molloy, secretary of the school committee, stating that at its meeting on May 28, the committee voted to request the municipal council to purchase Mill No. 3 of the Bigelow-Hartford plant in Market street, to be used for vocational purposes, and to equip it for such use by September 1, 1920.

Supt. Molloy was present and said that he wished merely to learn what action the council would take relative to the matter. Mayor Thompson said that all the members of the council realized what a deplorable condition the present Vocational school building was in and that the work of the school has been tremendously handicapped since its establishment.

He believed the request of the school committee should be given serious consideration.

Commissioner Marchand asked Mr. Molloy if he thought that if an addition were built on the present Vocational school building it would answer the purposes of the school until the new high school is completed.

Supt. Molloy said that he doubted it, but was not prepared to answer the question definitely. He declared that the state authorities, who pay half the maintenance costs of the school, have long been dissatisfied with conditions at the local school.

Commissioner Murphy asked which of the Bigelow-Hartford buildings was Mill No. 3. The mayor said that he believed it was the one formerly used by the Red Cross.

Commissioner Marchand wanted to know if the city would be able to sell the building after the new high school building is completed and the Vocational school takes up its abode in the present high school annex. Mr. Molloy said that he couldn't answer for the school board, but that the project of having the Vocational school use the annex had often been discussed.

Commissioner Murphy moved that the mayor and Commissioner Marchand be and be appointed a committee to investigate the matter and to report to the council, and it was so voted.

The petition of A. Estelle Rundlett

for permission to move a building from Wilder street to 45 Morey street, was referred for a hearing June 2.

John Street Parking

The mayor then reported that, in accordance with the instructions of the council, he and the city solicitor had investigated traffic conditions in John street and had prepared an ordinance to cover the requests made in a petition recently submitted to the council by people engaged in business on that street.

The ordinance is an amendment of the ordinance passed July 2, 1915, regulating vehicular traffic, and provides that vehicles must not stop in John street from Merrimack to Paige street for more than five minutes at any one time between the hours of 8 a. m. and 7 p. m., on weekdays and from 8 to 5 a. m. on Saturdays. The ordinance was read a second time and passed to be ordained.

A hearing was held on the petition of the Eastern Massachusetts Street Railway Co. for three pole locations in Middlesex street. The matter had come before the council at a previous meeting but was referred to the railway company again for clearer plans. Ward B. Leavitt, superintendent of the company, explained the purpose of the petition and it was voted to refer it to Messrs. Murphy and Marchand.

At the request of the mayor the council voted him authority to execute bonds for the purpose of securing alcohol for non-beverage, municipal purposes. The mayor explained that the city dispensary is called upon from time to time to buy a barrel of alcohol and that bonds have to be filed in connection with the transaction.

Pawtucketville Land Taking

A hearing, similar to that held earlier in the meeting on the Locke street proposition, was then called in regard to the city's intention to seize land and buildings owned by Maxetta H. Coburn, Florence D. Marshall and Mary Jane Woodworth in Riverside street for the purpose of improving certain sections of Pawtucketville along the river bank.

There was remonstrance and the city solicitor was instructed to prepare the necessary order for the taking.

A contract executed between John Brady and the purchasing agent on behalf of the city for the delivery of a supply of sand to the street department for the present season at 11 cents per bag was approved.

Commissioner Marchand then drew the names of the following men to serve as jurors at the June session of superior court to be held in Cambridge:

George E. Heller, 74 Inland street, undertaker, machinist.

Charles M. Young, 351 Parker street, Charles H. MacKenney, 133 White street, engineer.

Fabian Gendreau, Circuit avenue, tanner.

William H. O'Brien, 34 Fort Hill avenue, chiroprapist.

Richard Gumb, 68 Oakland street, manufacturer.

Wants Public Market

Karl M. Perham of Chelmsford was then introduced to the council by Commissioner Marchand, who said that Mr. Perham wished to speak on the question of a public market in Lowell.

Mr. Perham said that the law demanded that the city should provide a place for a public market where farmers and gardeners might bring their produce. Farmers of the surrounding towns, he said, had endeavored to get some action on the matter through the state department of agriculture and through the chamber of commerce but had not succeeded.

He had taken the initiative in the matter, he said, because he thought there was little time left if the market were to be operative this year. He said that unless the council took some action in this direction the city would find itself face to face with a serious shortage of farm produce because it is next to impossible for farmers to spend half a day peddling their goods about the city and then attempting to raise crops during the other half of the day, as is the case now.

Asked if he had any sites to offer as suggestions, Mr. Perham said he had in mind Dummer street, near Broadway, and one side of Market street near the Bigelow-Hartford plant. It wasn't particularly important where the market was located, provided there was one. He said the farmers would use the market only a few hours in the morning because they would be anxious to get away early. On the other hand, if they are compelled to travel about the city the greater part of the day getting rid of their produce, it means added traffic congestion.

Commissioner Marchand asked if the site behind the police station would be feasible, but Mr. Perham said it would not be one-quarter large enough. He said a public market for the wholesale distribution of goods would mean an honest regulation of prices. He did not favor the retail public market.

On motion of Mayor Thompson it was voted that Commissioner Murphy investigate the matter and report to the council as soon as possible what streets he thought might be used for the purpose. Mr. Perham was thanked for his remarks.

Adjourned at 11:30 until tomorrow at 10 a. m.

Food Drafts for Europe

Continued

Chelm, Brest-Litewski, Sosnowice and the Free City of Danzig and in Czechoslovakia at Brunn, Opava, Kosice and Bratislava.

The drafts now obtainable and which will be fully explained at the chamber of commerce headquarters and every possible aid given in despatching them through local banks connected with the American Bankers' association, which is handling them, are in denominations of \$10 and \$50.

There are four combinations of food to be selected, as follows:

Combination A, \$10—2½ pounds of flour, 10 pounds of beans, 5 pounds of bacon and 5 cans of milk.

Combination B, \$20—14½ pounds of flour, 30 pounds of beans, 15 pounds of bacon, 15 pounds of lard, 12 pounds of corned beef and 45 cans of milk.

Combination C, \$10—2½ pounds of flour, 10 pounds of beans, 12 cans of milk and 7½ pounds of cottonseed oil.

Combination D, \$50—14½ pounds of flour, 30 pounds of beans, 45 pounds of cottonseed oil and 45 cans of milk.

The combination desired is checked off on the face of the draft and will

be delivered to the person or persons designated when the draft reaches the warehouse situated in the country where the people live.

The American relief administration is composed of members of the staff of relief organizations which, under American leadership have been active in Europe for six years, beginning in Belgium in 1914. More than 100,000 of such food drafts already have been sold in this country, representing a value of approximately \$2,000,000 in food.

The food drafts serve two purposes. They afford persons in the United States an opportunity to provide relatives and friends in Central Europe with parcels of food of high quality without bothering with individual shipments. Also, they are convenient for persons who desire to contribute toward a general relief in any of the Central European countries and permit the relief administration to distribute food to the most needy cases appearing at the moment the drafts arrive.

The Lowell chamber of commerce is doing this splendid work in co-operation with the United States chamber of commerce.

AUTOISTS ARRAIGNED IN POLICE COURT

Joseph Guilmette, arrested on a charge of drunkenness and also for operating an automobile so as to endanger the lives and safety of the public, and Alphonse Guilmette, charged with drunkenness, appeared in court this morning in answer to these complaints. Joseph Guilmette was found guilty in both and ordered to pay a fine of \$20 for drunkenness and to serve two months in the house of correction. He appealed both sentences. Alphonse paid a \$10 fine for drunkenness after entering a plea of guilty. Officer Hamilton arrested the defendants on the Princeton boulevard after he had noticed the auto which Joseph Guilmette was driving pass him three or four times. When he stopped the car to investigate he claims that he found the occupants and the driver drunk and an empty liquor bottle on the floor of the car. The defendant is a resident of Nashua, as were the other occupants of the car, who were released when taken to the station as the police claimed they were not drunk. Joseph Guilmette was ordered under \$200 for superior court.

Simon Orner, a storekeeper of School street was charged with selling a stove polish which contained naphtha, in violation of the state laws. He paid cash. The allegations of the

claim of the police was that he had sold a bottle of stove polish to one of his customers which injured the purchaser when it was applied to her stove by suddenly igniting. Supt. Welch, of the local department, took the bottle to the chemist of the state police department for analysis and the substance of his report this morning was that the polish would flash at 53 degrees Fahrenheit if a torch were applied. The testimony for the government and defense delved deeply into the technicalities of properties of petroleum products as related to the particular polish. The chemist admitted, however, that inasmuch as he did not have enough of the liquid for a minute analysis he could not testify that there was naphtha in the preparation. Since the charge was based on the presence of naphtha in the polish the court found the defendant not guilty and ordered him to be discharged.

Anthony Clement was charged with drunkenness and the larceny of a gold watch and chain and \$35 from one Lucien Lefebvre of New Bedford. The evidence of the police revealed the fact Clement was drinking with Lefebvre. The defendant pleaded guilty to the larceny of the watch and chain and to drunkenness but not guilty for the larceny of the money. He was held over until Friday for sentence under \$300 for larceny and \$100 for drunkenness. On Friday the police will have Lefebvre on hand from New Bedford.

A plea of not guilty was entered by Stephen O'Halloran in the charge of assault and battery against Officer Killroy, and drunkenness. He was put over until Saturday under the sum of \$300. The arrest of O'Halloran was the result of a call sent in to the station last night, which summoned Lieut. Peirce, Sergt. Bigelow and Officer J. H. Clark to Liberty square. It is said that the defendant was drunk and that during a quarrel with Officer Killroy, he assaulted him. The policeman lost his club in the scuffle.

Joseph E. Snay, a local taxi man, was charged with the violation of the auto bus ordinance and also with the unlawful possession of a tire alleged to have been stolen from the blacksmith shop of the Quinn Coal Co. He was found guilty on both complaints. He was ordered to pay a fine of \$20 for the auto ordinance violation and \$100 for the possession of the tire. Through his counsel he appealed and was ordered under \$400 surety for his appearance in superior court. He paid cash. The allegations of the

police are that the defendant illegally accepted money from passengers for a trip to Lawrence.

John J. O'Connell was called on to answer to the charge of the larceny of two automobile tires and one rim from the blacksmith shop of the Quinn Coal Co. in Gosham street on the night of May 24. In giving testimony in the Snay case O'Connell admitted his guilt. Judge Wright waived jurisdiction in the case and announced continuance of the case for two weeks for sentence.

Louis Baraboin answered to a complaint charging the illegal possession of liquor, also operating his automobile in such a way as to endanger the lives and safety of the public and without a license in his possession. He was put over to tomorrow morning. Baraboin hailed from Lawrence and was arrested in Middlesex street Sunday afternoon. The attention of the passing officers was called to his machine by the uncertainty and reckless path it was making through the street. A ten gallon jug filled with "moonshine" was found in the auto.

A charge of operating his auto in such a way as to endanger the lives and safety of the public was made against Peter Radroz and as the government was not ready to prosecute its case continuance was granted until June 5. The defendant was arrested on School street.

Over the week end and the holiday the probation officer released eleven drunks as first offenders.

MEMORIAL DAY IN CHELMSFORD

A parade, followed by ceremonies at the cemetery and exercises at the town hall marked the observance of Memorial day in Chelmsford yesterday, the auspices of the Chelmsford Veterans' association. The line of parade formed promptly at 11:15 o'clock in front of the town hall and 15 minutes later the forward march order was given by Chief Marshal Fred L. Fletcher.

The route was about Central square, to Forefathers' cemetery, the parade being made up as follows: Chelmsford band, George F. White, band master; chief marshal, Fred L. Fletcher; Sons of Veterans in charge of L. H. DeVoe as escort to the G.A.R. veterans; Commander James P. Emerson with A. J. Boies as color bearer headed the Chelmsford Veterans' Association; automobile carrying several veterans; World war division, William Carl, color bearer, with Leo R. Pope in khaki

who gave an inspiring address.

and Albert Croese in naval uniform, as guards; Miss Olive Eaton in Red Cross service uniform of blue; World war veterans led by Commander Sidney C. Perham of Post 215, American Legion; the flag of the Chelmsford Home-ment association, representing those of the Revolutionary war, was borne by George Spaulding, assisted by Joseph E. Warren and Paul Dutton; Troop 1, Chelmsford Girl Scouts, Miss Esther Dane, leader; color bearer, Miss Gertrude Jewett; color guard, Miss Helen Reid; scout banner, Miss Marjorie Scoboria; town officials, clergymen and a large number of school children in charge of Miss Susan S. McFarlin, with Alexander Gupilli as color bearer and Herman Olsen and Howard Thayer, as guards. Arriving at the cemetery the G.A.R. ritual was performed at the grave of Comrade Henry S. Perham. The service was carried out by Commander James P. Emerson, Francis Hutchison, as officer of the day and J. Adams Bartlett as chaplain.

"Lead, Kindly Light," was sung by the quartet of the Central Congregational church, Miss Beile Libby, Miss Alice Stearns, J. E. Marshall and Joseph Heathcock; a selection was given by the band and taps sounded by William Carl on the bugle with an echo response by G. Thomas Parkhurst. The line was then reformed and proceeded to the flag-draped Revolutionary monument on the common where the customary salute was given and a selection moved by the band. The column then moved to the hall where the following exercises took place: "Star Spangled Banner" band; Invocation, Rev. Charles H. Ellis; Selection, "Rest In Peace, You Flanders Dead," Congregational quartet; Lincoln's Gettysburg Address, Miss Ruth Emerson; Roll Call of G.A.R. dead by Adl. Harlan E. Knowlton—Charles L. Adams, Co. G, 25th Maine Infantry, died Oct. 2, 1919; Joseph E. Adams, Co. F, First Massachusetts Infantry, died Nov. 18, 1919; Roll call of World war dead, Adl. Paul Swanson; Alberton W. Vinal, Pierre Palmon, Egbert Foster Tetley, Othello Stuart Couplins, Valentine Perrie, Gerald R. T. Elk, Alexander Roger Bonland; Taps sounded; selection by band; address, Rev. John G. Lovell; "Carry Me Back to Ole Virginia" quartet; reading, Miss Helen Osgood of Lowell; singing, America, audience; benediction, Rev. William Waters. The speaker of the day was Rev. John G. Lovell, who gave an inspiring address.

With the possible exception of the influenza germ, microbes are said to be easily measured.

FIVE LIVES LOST IN CANOE ACCIDENTS

STOW, June 1.—Dr. Walter Kirkpatrick of Hutchinson, Kan., a world war veteran who has been attending the Harvard Medical school, and his 8-year-old son, Philip, were drowned yesterday morning in Lake Boon by the overturning of their canoe. No one witnessed the accident and the first discovery was that the cottagers had of the accident was when they saw a hat floating in the water.

all-night search, the body of Gordon Smith, aged 21, the third victim of the canoeing accident which happened about midnight Sunday night in St. Albans bay, was found at noon yesterday some distance from the place of the upset. The bodies of the two young women, Bertha Renillard, aged 18, and Anna Marquette, 17, were recovered between 3 and 4 o'clock yesterday morning. Anthony Redig, aged 23, the sole survivor, is suffering from severe mental strain as the result of his experience. All the young people were residents of this city.

FRONT CURTAIN HEADLIGHTS

A simple method to dim the headlights by frosting the glass, is by coating the inner side of the glass with a solution of Epsom salts and water. Let the solution dry on the glass, and the frosting will serve efficiently as a dimmer for several months.

Before the war only 345,000 persons held British government securities; the number now is 18,000,000.

Medals to Mothers of Large Families

PARIS, June 1.—Announcement by the government that medals would be awarded to mothers of large families has resulted in a large number of applications. The medals will be tokens of the nation's gratitude to mothers who have raised families of healthy children. Only those who have reared their children in the best moral and physical surroundings and with a proper understanding of their duty to France, are eligible.

700 Strike at Woonsocket, R. I.

WOONSOCKET, R. I., June 1.—Employees of the American Wringer Co., here numbering about 700, went on strike this morning, rejecting a bonus plan offered by the company and demanding a straight 15 percent wage increase. The company refused the demand. The factory is practically shut down, only 20 persons, heads of departments remaining at work. The strikers at a meeting in a local hall, later named a committee of three to wait on Manager John F. Sweeney with a view to a settlement. The strikers are not affiliated with any union. Manager Sweeney declined to make any statement to the press.

WHEN CEMENT GETS SET HE'S HARD TO MOVE

It's ridiculous how much trouble the cop clown and the derby hat clown have in getting their clown donkeys.

"Cement," from place to place in the peevish and grabs the cop by the collar and rushes him headlong out of the tent. There are 40 clowns with the circus and they have about 40 clown animals in their acts, everything from burros to pigs. In the two-mile parade, the clown band is mounted on 23 Rocky Mountain burros—the famous "Canaries" of the Great Divide.

FLED FROM WORCESTER JAIL BY AIRSHAF

WORCESTER, June 1.—A jail delivery resembling in many ways the sensational escape of three men from the state prison in Charlestown last Tuesday night was made yesterday from the Worcester county jail, and the officials are trying to locate John Kelley, aged 21, of Reading, Pa., and a Worcester man suspected of aiding him to escape.

Kelley was awaiting the disposition of his case by the superior court this week, he being charged with misconduct because of his alleged relations with Mary Wilson, aged 16, of New York, with whom he was arrested in an Orange street lodging house March 1st.

HELD MEETING IN MEMORIAL HALL

A happy meeting was held in Memorial hall at the close of yesterday afternoon's parade, the occasion being the annual luncheon and exercises under the auspices of Gen. Adelbert Ames camp, 19, Spanish War Veterans. The affair was attended by over 200 people, including members of the camp, a great representation of the ladies' auxiliary and guests consisting of world war veterans and G.A.R. men. The program consisted of dinner followed by post prandial exercises during which interesting addresses were given by prominent speakers and enjoyable selections by the Mandelsohn male quartet.

As soon as the S. W. Veterans, who made a fine showing in the parade, were dismissed by the chief marshal they repaired to their hall in Memorial hall, and there partook of a very substantial dinner. Invocation was offered by Rev. T. P. Melster of the Centralville M. E. church and at the close of the meal Commander Richard Gibbons called to order. He welcomed the guests in behalf of the camp and complimented the members of the organization for their splendid showing in the parade.

The first speaker was Commissioner George E. Marchand, who expressed his gratitude for the invitation to attend the festivities and his address was followed by a selection by the Mandelsohn quartet. Chief Marshal Noyes paid a tribute to the Spanish War Veterans and Commander Luther W. Faulkner of the American legion in behalf of the organization he commands.

extended the most hearty thanks of the legion for the fine co-operation the S. W. V. gave in making the 1920 Memorial day one of the most notable in Lowell's history. He hoped that in years to come when the S. W. V. are as well advanced in age as are the G.A.R., the legion will escort them on Memorial day.

Arthur Salmon, an honorary member of the S. W. V. said he would like to see the abajamation of the G.A.R., Spanish War veterans and the world war veterans so that Decoration day would be the greatest holiday in the country. In the course of his remarks, Mr. Salmon paid a tribute to the two members of the S. W. V. who passed away during the year, Comrades Larkin and Coburn, and the honorary member, the late George E. Worthen. At this point those present stood in silence a minute and a selection was given by the quartet, while taps was sounded by Bugler Frank Riggs.

Commissioner James E. Donnelly spoke a few words and Adjutant and Past Commander Dodge read a letter of regret from General Adelbert Ames, who sent his cheques to help defray the expenses of the day. The principal speaker of the day was Department Chief of Staff Logan of Cambridge, a member of the city council of Cambridge, who brought greetings from every comrade in the state. In the course of his remarks the speaker referred to the action of the Cambridge city council in relation to the observance of Memorial day, saying the council appropriated \$1175 for the world war veterans, while the Spanish War veterans were told to decorate and the city would pay the bills.

Other speakers were Rev. T. P. Melster of the Centralville M. E. church, Rev. Dr. D. J. Keleher, pastor of St. Peter's; Rev. William F. Mahan, O.M.I. of the Sacred Heart church, chaplain of the legion; Chairman Thomas B. Delaney of the school board, and Mayor Thompson.

The committee in charge of the affair consisted of the following: Commander

Advices Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage With Fingers Before Retiring All That Is Necessary

The old-time application of Buttermilk and Cream to whiten and preserve skin and remove harsh little wrinkles and ugly sallowness is a tried and true recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms. Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at Carter & Sherburne Co. and Fred Howard's, 197 Central St., or at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

WHAT'S WHAT AND WHO'S WHO

Plans in Detail for the Big
G. O. P. Circus at
Chicago

Sun Correspondent Wonders
if Traditional Hoodoo of
the Coliseum

Will Bring Bad Luck to Re-
publican Who is Nominated
for President

CHICAGO, May 29.—Will the traditional hoodoo of the Coliseum bring bad luck to the republican who is nominated for president in it next month? The foundation of the building is of bricks from Libby prison, of Civil war days. Thirteen men were killed when the hall was built in 1890. Only two out of five nominated for president in the coliseum were elected. Roosevelt won in 1904 and Taft in 1908. Taft lost in 1912, Roosevelt in 1912, on the progressive ticket, and Hughes in 1916.

As a G.O.P. hall the Coliseum got off to a bad start. 'Twas opened by the democrats in 1900.

Chicago's first automobile show, first indoor circus were held in the Coliseum. It's also been the scene of many six-day bike races, horse shows, balls, expositions, and public meetings of all kinds.

President-makers at the G.O.P. circus won't go hungry. They'll be able to dodge out of the Coliseum Babel into a quick lunch room in the annex and

grab grub and coffee. Charles Hall, Coliseum manager, figuring on a three-day convention, has arranged to provide 30,000 sandwiches and 12,000 cups of pie. He has ordered half a ton of coffee.

Two hundred thousand feet of lumber was used in building the platform and temporary balcony for the convention.

Hill! It's a secret! The convention hall officially has 13,259 seats. But 15,500 chairs have been provided. Nobody's supposed to know about these extra seats. Don't say I told you.

There will be nothing unpatriotic about the big show. To match the star-spangled-banner speeches of the venerated orators will be about a million square feet of red, white and blue, hanging from the rafters. There will be 2200 flags, ranging in size from 10x20 to 6x12.

Ex-doughboys who will "hold the line"—guarding the doors against interlopers claiming to be friends of Mr. Thisorthat, the well known politician—will get \$10 a day. Thus they will have no favorites to play.

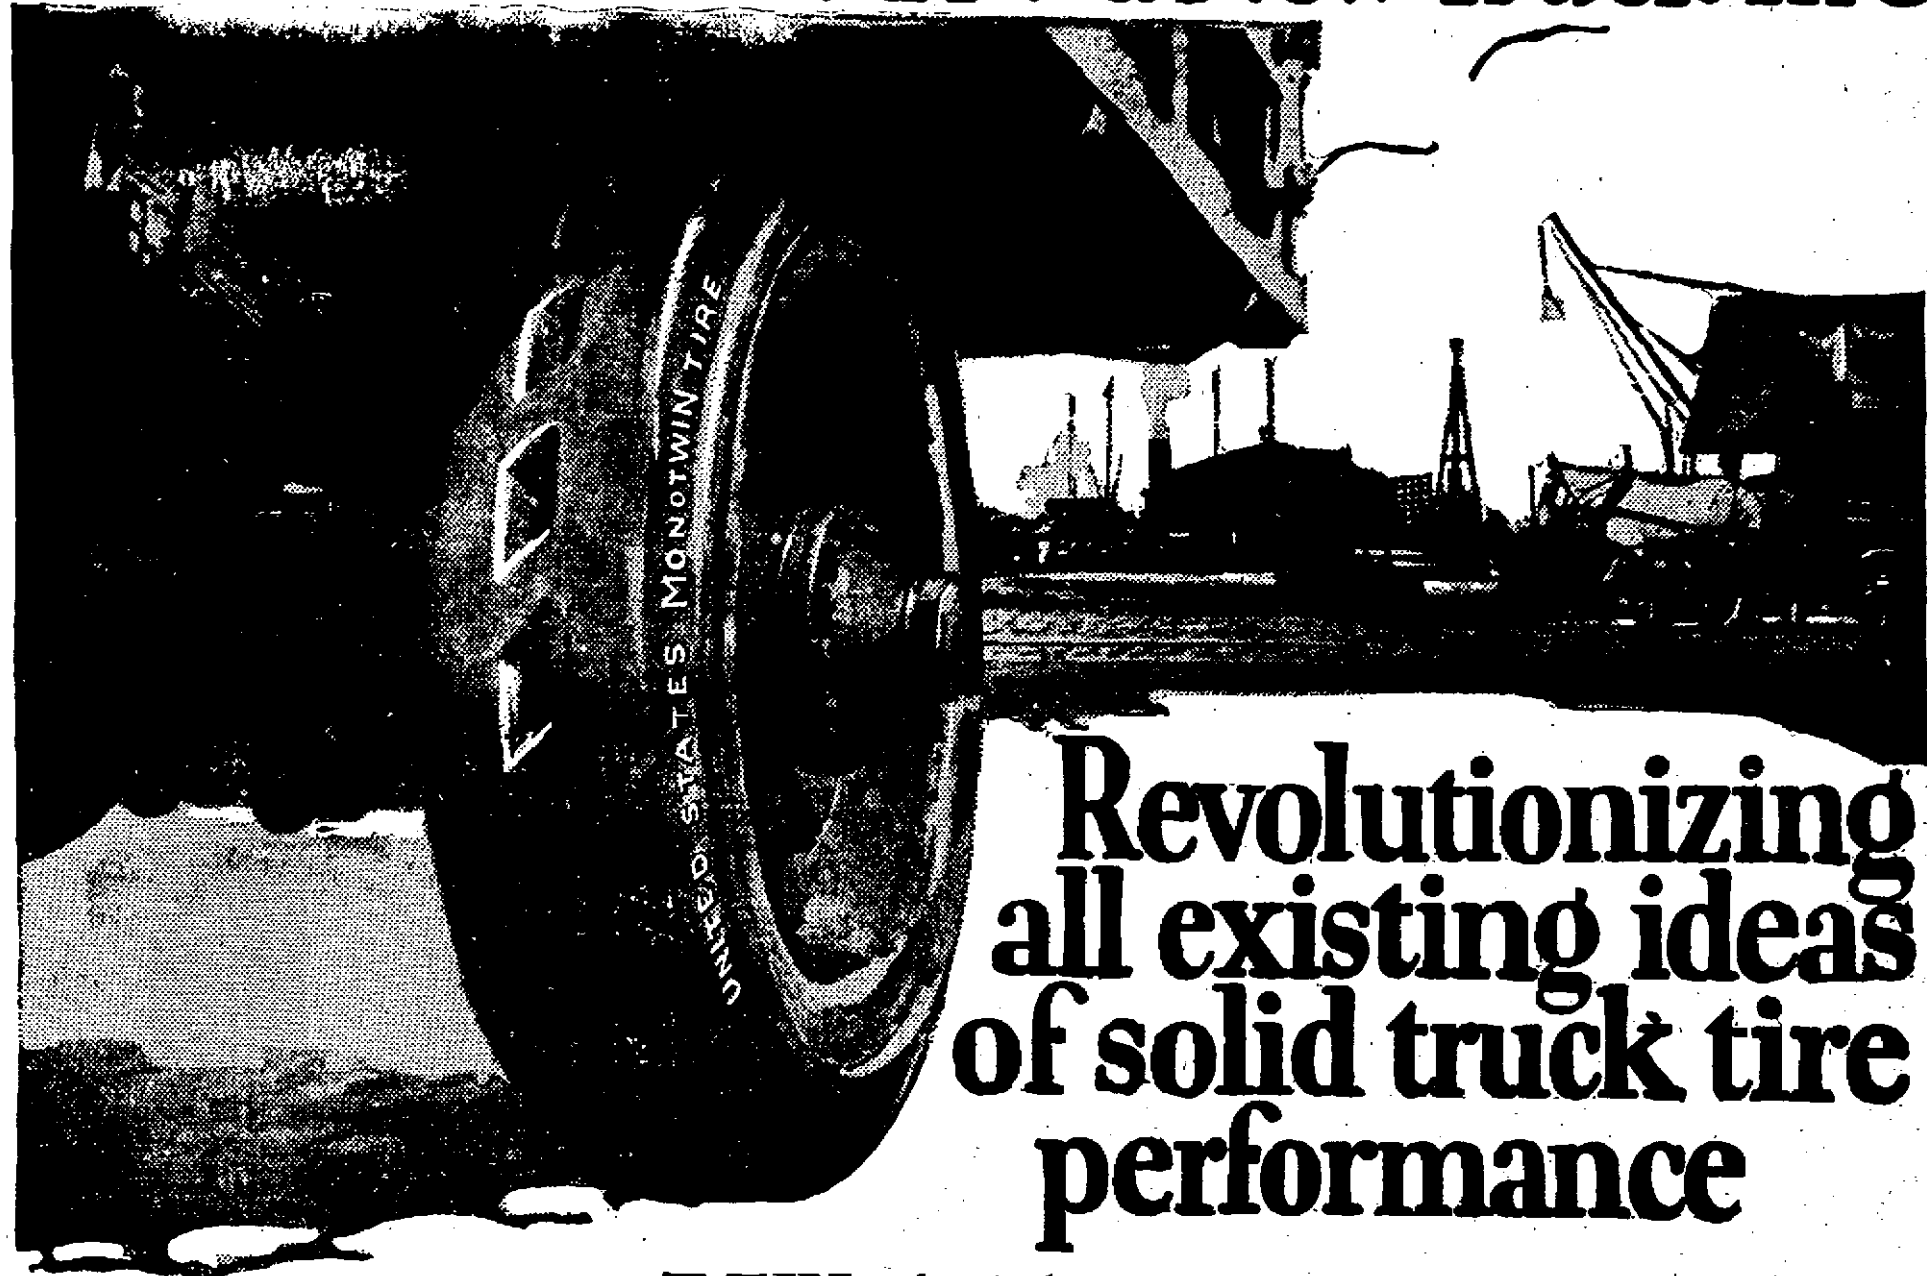

Mr. Prominent Citizen, who insists that his dignity and position demand that he have a seat on the "speakers' platform" at the circus, will be disappointed unless he's lucky enough to draw a seat in the first few rows. For most of the platform seats only sound good. In reality, they are poor seats, many of them stuck so far back under a low-hanging balcony that the occupants will hardly be able to see the speaker. And Mr. Prominent Citizen himself will not be seen by the assembled thousands at all.

One hundred and ninety-one telegraph operators will manipulate the wires sending the glad and sad tidings of the big show to the folks back home. They'll be in the basement of the Coliseum.

A sound-proof room has been fixed up for the "supreme court" at the convention. Here during the week beginning May 31, sits the republican national committee of 53 members settling contests among delegates. There are 122 contests to be ironed out.

This doesn't include 47 cases where two persons with half a vote each have been elected to fill the place of one delegate. Unless these are pared down two half-vote delegates will have to be elected. For W. W. Hendon, sec-

U.S. Rubber Company Announces the MONOTWIN—a New Truck Tire

Revolutionizing all existing ideas of solid truck tire performance

HERE, at last, is the MONOTWIN—the solid truck tire the whole motor truck transportation world has been expecting.

Accomplishing, at a single stroke, what all the strange-looking solid truck tires—with their slits and slots and other innovations—have been striving for.

The MONOTWIN is built out of *grainless* rubber—non-splitting. With rubber and base band *chemically united*—ending base separation.

Its combination of rubber cross bars and depressions represents the *greatest advance* ever made in solid truck *tractioning*—dissipating traction heat and *keeping the tire structure cool* because of the

radiating qualities of the depressions—acting as a *non-skid tread*—enabling the tread to *wear down uniformly* with no necessity for re-grooving during the life of the tire.

The MONOTWIN is also alone among solid truck tires in its *cushioning qualities*—something heretofore pronounced impossible for a solid to have in any degree. Helping the driver—protecting the load.

It can carry a *heavier load* than two single tires of half the section width—and its distinctive contour and tread enables it to retain its load carrying ability undiminished throughout its life.

It is the *one and only solid truck tire of its kind* in design and construction.

The local U. S. Solid Truck Tire representatives—here named—can supply interested truck owners with any further information desired.

Specify the U. S. MONOTWIN when ordering your new truck.

retary of the arrangements committee.

the delegates' section.

Dr. John Dill Robertson, Chicago city

health commissioner, will be in person
at charge of the convention hall hos-
pital. There will be an operating room
where a delegate cracking under the
strain, can get any sort of service all
the way from removal of his over-
taxed lungs to an operation for ap-
pendicitis.

Lady delegates may be pleased to
know that a photographer is setting
up a studio next to the hospital in the
Coliseum annex.

When workmen started to rebuild and

refurnish the interior of the Coliseum,
May 18, preparing for the G.O.P. show,
labor costs the first two days reached
50 cents a minute. Then the cost
leaped to \$2 a minute, 8 hours a day.
And this keeps up till June 4.

The Coliseum is 305 feet long, 173
feet wide and 72 feet high. Now go
ahead and figure out how many cubic
feet of space that is, and how much
noise can be crammed into each cubic
foot.

Here's the way the big show starts:
At 11 a. m., June 5, the convention
will be called to order by Will Hays,

chairman of the republican national
committee. Then Rev. John Timothy
Stone will offer prayer. A bit of music
by Armin Hand's band. Secretary Hen-
ley will read the official call for the
convention. Then Hays will announce
the selection of Senator Henry Cabot
Lodge as temporary chairman. He will
send a committee to escort Senator
Lodge to the platform. Lodge will be
introduced. Then Lodge will make the
keynote address. After that—well,
they'll be at it like Kilkeny cats.

Prayer will open every session of
the convention. Ten churchmen of va-
rious denominations have been select-

ed for the various sessions. One of
them is Cardinal Gibbons.

Did you know that William Jennings
Bryan, the persevering democrat, will
attend the G.O.P. circus? Not as a de-
legate or candidate. He'll sit down
among the newspaper men in the press
box and write copy.

Every speaker at the convention
will stand on an extension from the
platform itself, jutting out into the
hall. The extension is a double-leaved
door let down over a stairway lead-
ing up to the platform—like an old-
time cellar door. Above his head will
be a cone-shaped sounding board, so

the 2200 persons behind him can hear
what is said. Among the speakers

will be veterans like Channey H. De-
pew and "Uncle Joe" Cannon.
The convention hall will be bright-
ened up by 2371 electric lights, total-
ing 226,000 watts.

Mrs. EDNA MENSING

KILLS HUSBAND TRYING TO GET HIM OUT OF BED

PATERSON, N. J.—Mrs. Edna Mensing, 17, had an awful time trying to get her husband out of bed in the morning. She used to take an empty revolver and playfully click it at his ear, she says, to awaken him. The other morning the gun went off and a bullet tore through his brain. He died and Mrs. Mensing is held by the police. "Oh, I'm sorry," she weeps. "I didn't know it was loaded."

DRIVING CLUB HAS GOOD PROGRAM

Carnathian, driven by Owner Clough won the free-for-all half mile trot, the feature race of the matinee program raced at Golden Cove park yesterday under the auspices of the Lowell Driving club. The hay riding had the necessary staying power to drive through the four heats required. Show the first to the judges in three of the heats, with Jackson taking one brush, E. Pelletier's Barcelona defeated Rumsor, driven by Lacombe in a match race.

The summary:
One-Half Mile Match Race, Trotting, Barcelona, b. g. (E. Pelletier) 1 1 1
Rumsor, b. g. (Lacombe) 2 2 2
Time—1:15, 1:07, 1:07.
Carnathian, b. g. (Mr. Clough) 1 1 1
Jackson, b. g. (Mr. Green) 2 2 2
Bob Everett, b. g. (Mr. Lacombe) 2 2 4
Bunsor, b. g. (Mr. Murray) 2 2 4
Time—1:03, 1:05, 1:04.
The clerk of the course was Arnold Ryan and the judges were Mr. Stiles, Mr. Watton and Mr. Leary, the latter of Lawrence. Michael Senecal was starter, and the timers were L. Lovell and C. Coffin.

The world output of silk amounts to about 700 tons a day.

TREMBLEY TO MEET MASKED MARVEL

Eugene Trembley, lightweight champion wrestler of the world, will tackle the Masked Marvel in Crescent rink Friday night in a finish match. The unknown wrestler has been defeating opponents with great regularity, and he advances the proposition that he will unmask and reveal his identity only when defeated. Trembley is coming from Montreal to try and get that mask off. The Canadian has been wrestling consistently and is in perfect condition. He has held the championship belt for a number of years. Recently, Peter Plourde of this city tried to get it away from him and failed. In the other bouts, Bill Americus and Oscar Johnson, who have been hurling challenges at each other, will settle their differences and the card will also include two other well known men.

AMATEUR BASEBALL

The National club of Haverhill would like to get in touch with managers of fast semi-pro teams in Lowell. Address William A. Emerson, National club, 3 Main street, Haverhill.

The St. Peter's S.S. defeated the Chelmsford A.C. on the latter's grounds yesterday by the score of 5 to 4. Harrington and Cordingley were in the points for the winners.

CLEANED THE POISONS FROM HIS SYSTEM

A MASSACHUSETTS MAN GRATEFUL

Somerville, Mass. A well-known citizen of this city, who has suffered in the past, writes the following to Dr. J. P. True & Co.:

"I have taken all kinds of laxatives, but none of it cleaned the poison from my system as your Elixir will know what to use hereafter considering the effects it had on me. As I feel splendid now—my system needed was a real cleansing which only your Elixir gave—other physics I have taken merely passed through my bowels." (Name on request.)

Dr. True's Elixir has relieved thousands of sufferers during the last 60 years. Imagine a prescription actually lasting so long—doctors come and doctors go, but Dr. True's Elixir, the famous Laxative and Worm Expeller, which was given the world by Dr. True, is as of old, the best friend to symptoms of Worms: Swollen upper lip, enlarged stomach, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever.

No Harmful Drugs—recommended by Physicians. AT ALL DEALERS. Dr. J. P. True & Co., Auburn, Me.

ENTERTAINMENT FOR MONUMENT FUND

"Anne Duchesse de Bretagne," a four-act drama, was interpreted in a very enjoyable manner Sunday night by a group of women from St. Joseph's parish. The play was given in St. Joseph's college hall before a large and appreciative audience and the success achieved reflected greatly upon the performers. The affair was presented for the benefit of the proposed monument to the Sacred Heart, which will be erected in St. Joseph's parish and the receipts of the evening were very substantial.

There was but one man in the cast and he was Leo G. Morin, an employee of the postoffice, who as usual recited his lines with ease and precision. The title role was sustained by Miss A. Hotin, whose work was very commendable. Mrs. Omer J. Smith interpreted a very difficult part in a manner that brought her favorable comment. Mrs. Smith is an actress of rare ability among the local amateurs and at Sunday evening's performance she again demonstrated her skill. She was highly complimented for her work.

Others who took part in the performance and who shared in the success of the evening were Misses C. Desautels, Marguerite Turgeon, J. Pratte, B. Dion, B. Vincent, J. Vincent, J. Roy, E. Marin, Arthemise Hotin, Aline Mariel, Claire Lamoureux, I. Labresque, J. Chevalier, L. Rheault, Jeannette Morin, Marguerite Bourgeois, J. Maria, Cecile Guisais. Between the acts vocal selections were given by Miss Blanche Larue and Mrs. B. A. Pichet.

Plants and Flowers

For all occasions, thousands to select from, as we grow them. For an economical cemetery remembrance, get one of our rustic baskets of plants, cheaper than cut flowers; will last all summer. Also beautiful wreaths of all kinds. Come early and select.

SEN. WALSH OPPOSED

Wants Clause of Merchant

Marine Bill Dropped or

Defeated

Special to The Sun

WASHINGTON, D. C., June 1.—Senator Walsh of Massachusetts today sent a letter to each member of the New England congressional delegations asking them to join him in opposing the merchant marine bill so far as it refers to the clause prohibiting the transportation of merchandise between any two points in the United States by water for any part of the distance except in vessels wholly owned by citizens of the United States. Senator Walsh declared it would be detrimental to the business interests of New England and would result in higher rates and in turning shipments exclusively to the New York and New Haven and the New York Central lines between New England and the west; as other routes are largely under British control. The bill is now in conference.

If you have never used VITALITAS get a bottle today. VITALITAS is sold by druggists everywhere.—Adv.

tary of the bond team, was presented a fountain pen. There were remarks by various speakers and an enjoyable program of entertainment was carried out.

G. A. R. EXERCISES IN THE CEMETERIES

Members of the G.A.R. conducted their annual Memorial day exercises in local cemeteries yesterday morning. As in past years, through the efforts of the members of Admiral Farragut camp, 78, Sons of Veterans, the veterans were taken to the graves of their deceased comrades in automobiles, Past Commander Lucius A. Derby having charge of the automobile roster. There were 23 automobiles in line in the parade which preceded the exercises at the cemeteries, over 50 veterans of the Civil war participating, escorted by a firing squad made up of members of the Admiral Farragut camp.

Members of the various posts of the G.A.R. gathered at their respective quarters shortly before 9 o'clock and at 9 o'clock sharp Chief Marshal L. A. Derby gave the forward march command. Post 42 taking the lead in the parade. Post 120 then fell in line and Post 135 took up the rear. The route of the automobile parade was through Merrimack street, Central street and Gorham street as far as the Edison cemetery. At the corner of Gorham and Moore streets Post 135 swung into Moore street and went to the Lowell cemetery, where exercises were held. Later the post journeyed to Tewksbury Centre, where it participated in the exercises held in the town.

Post 42 and Post 120 went to the Edison cemetery and at the close of the exercises there an automobile containing veterans went to St. Joseph's cemetery, while another auto went to Tyngsboro via the east side of the

river, stopping at Woodbine cemetery for the service. This party then continued to Tyngsboro. Three other automobiles went to Tyngsboro via the west side of the river, stopping at the cemetery at North Chelmsford.

Posts 42 and 120 conducted their services at the Edison cemetery and later at St. Patrick's, the Old English and the School street cemeteries. The exercises at the cemeteries consisted of the regular G.A.R. service, placing of a wreath on the soldiers' lot by Past Commander L. A. Derby of the Sons of Veterans and the firing of a volley by the firing squad, which consisted of members of Admiral Farragut camp, Sons of Veterans.

Those who furnished automobiles for the morning exercises and to whom Chief Marshal Derby is very grateful were as follows: P. H. Haynes, Harvey Gamble, J. Blessington, George E. King, C. Murphy, J. R. Sargent, Arthur Cummings, Henry Harris, Frank Pevey, H. G. Pollard, Mr. Felker, F. P. Hayward, James O'Sullivan, George Keefe, E. P. Littlehale, M. S. Feindel, L. A. Derby, D. L. Page, H. A. Thompson, W. S. Lumsden, R. P. White, J. N. Peplin.

Every large town in India has its Delhi darwaza, or gate, opening in the direction of Delhi, which was to the whole country what Mecca is to the Mohammedans.

CHEVROLET WINS RACE OVER \$4,000,000 PAID

First in 500 Mile Auto Classic

OUT IN BENEFITS

—Fire Robs De Palma of Victory

INDIANAPOLIS, June 1.—Gaston Chevrolet of Indianapolis, who won the eighth annual renewal of the 500-mile automobile race at the Indianapolis motor speedway, yesterday, in an Indianapolis-built car, will be awarded his many trophies at a banquet to be given all the drivers by the citizens of Indianapolis tonight. Chevrolet's time of 5:40.15.14 is second only to the record made on the local course by Ralph de Palma, in 1915. Chevrolet maintained an average speed of 55.16 miles per hour. For his triumph in the long grind, he will receive the speedway prize of \$20,000; citizens' lap prizes of \$1300, for leading the lap during the last 13 laps, at least \$5000 of the \$15,000 to be divided among the drivers using accessories of certain automobile manufacturers, and the Wheeler-Schebler cup, the Prest-o-Lite trophy and the Strauss silver tea set.

125,000 Watched Race
A crowd estimated at 125,000 watched 33 of the greatest auto pilots of America, France, England and Italy battle for racing fame and the \$25,000 in prizes. This attendance exceeded by 15,000 the record set in 1914 when Rene Thomas, who finished second to Chevrolet yesterday, drove to a hard earned victory. Thomas gets \$10,000 in prize money and \$700 for leading seven laps of the race.

Tommy Milton, who finished third, will be awarded \$5000 in prize money. Jimmy Murphy finished fourth and will get \$3500. Ralph de Palma, the favorite before the race, who took the lead shortly after the 275 mile mark and held it until within 20 miles of the finish, will get \$3000 in speedway prize money for finishing fifth and \$6200 in lap prizes.

Sixth place money, \$2200, will go to Eddie Hearne; Jean Chassagne will get \$1800 for finishing seventh, and an additional \$100 for leading the seventh lap. Joe Thomas finished eighth, prize \$1600; Ralph Mulford ninth, \$1500, and Tom Alley, driving for Pete Henderson the car entered by Tom Rooney, captured the last money prize, \$1400.

Chevrolet Never Left Wheel

Chevrolet, the winner, never left his wheel throughout the long grind; went to the pits only once and that when he was in first place and only 15 miles from the finish. He stopped a few seconds for oil and gasoline. He used the same set of tires from start to finish. He was never worse than fourth place. In the race and most of the time was second or third. The first victory of an American car since 1912 was hailed with delight today by the motor fans of the nation. All of the thrills came in the last 30 miles of the race when Ralph de Palma, the favorite, with a lead of 10 miles to his credit, seemed certain of winning. But with victory within grasp, de Palma's car burst into flames on the north turn of the two and one-half mile course and a few minutes later the car driven by J. Boyer, who led during the first 250 miles, skidded, overturning and crashed into a brick retaining wall within a few feet of the spot where de Palma's car caught fire. Neither Boyer nor his mechanician was seriously injured.

GREEK COMMUNITY ELECTS OFFICERS

The Greek Orthodox community held the annual election of officers yesterday, the polls opening at 7 o'clock in the morning and closing at 8 o'clock last evening. The balloting took place in the basement of the Greek church, and there was considerable rivalry and keen interest in many of the contests. The vote cast totaled 1161.

Christos Zlogos was re-elected president, over Thomas Nousea. Demetrios S. Athanasopoulos, the present efficient secretary, was re-elected by a big vote in a four-cornered contest. Costas Talaris was also re-elected treasurer.

The total vote in the contests for president, secretary and treasurer, and the vote of the winners in the other contests follow:

For president—Christos Zlogos 775, Thomas Nousea 311.
Secretary—Demetrios S. Athanasopoulos 622; Elias Patriasheas, 125; Staphanos Stenatanopoulos, 71; Soterios Halavretas, 160.
Treasurer—George Alexakos, 351; Costas Talaris, 698.
Auditors—Vasilios Gunas, 531; Demetrios Kiriakos, 632; Ach. Dolis, 655.
School Committee—John Ayverinos 571; Polyzos Georgopoulos, 685; Costas Deros, 115; Peter Patsourakos, 665; Harry Houliis, 742.
Directors—John Vergatos, 655; Theodore Kokas, 578; Stephanos Koukias, 670; Anastos Koukos, 655; George Kontraras, 700; Athanasios Kyriakos, 555; Aristides Makris, 533; Soterios Dinopoulos, 587; George Economakos, 673; Vasil Panavasilion, 612; Efethalos Ralis, 610; George Skrepetis, 622.

RARE BIRDS

to twenty-six weeks in 1845 cases; twenty-six to fifty-two weeks in 576 cases, and more than one year in 201 cases.

Causes of injuries are listed as follows: Handling of various objects, 21,134; machinery, 19,640; falls of persons, 16,530; hand tools, 6171; vehicles, 5082; stepping on or striking against objects, 4916; explosions, electricity, fire and hot substances, 3712; falling objects, not being handled by the injured, 2235; poisonous and corrosive substances and occupational diseases, 553; animals, 553; and miscellaneous, 3453.

A bat cannot rise from a perfectly level surface.

DIVORCE CASES IN SUPERIOR COURT

Hiram Burke Upton of New York, cashier and laboratory worker for the Orange County Milk association, testified in a suit for divorce on the ground of desertion, heard in the superior court by Judge Flint this morning, that his wife, Wilhelmina I. Upton, had shown a marked change in her attitude toward him following a hospital operation. He said that she became incapable from a woman companion, Miss Laura Johnstone, Mrs. Upton, witness said, was at present employed as a governess in the family of Martin A. Brown, of Winchester.

SPECIAL SALE

PAINT \$2.50 GALLON

We have 200 gallons of House Paint and Varnishes. Good quality and desirable colors, to close at \$2.50 Gal.

See us for bargains in White Enamel and Flat Wall Paints.

FORMERLY The New Racket 303 MIDDLESEX ST. Lowell, Mass.

general manager of the Woodstock Lumber company.

Witness further testified that his wife went to Springfield with Miss Johnstone to study physical education, and that later the pair removed to Longmeadow and that he went with them. He said that in 1912, Mrs. Upton spoke about renting the rooms in the house and that he remonstrated, telling her he thought "he had some rights."

The house was rented, nevertheless, witness stated, all but a single room that was reserved for Mrs. Upton and Miss Johnstone, and that he was compelled to leave. He said that his wife told him that she "had lost her love for him, and that they were never properly mated." The case was defaulted.

Other Cases

In the case of Clara E. Yapp of Maynard against Warren E. Yapp of Uxbridge, the libellant, who asked for a divorce on the ground of desertion, testified that she had lived with her husband only four months after their marriage and that during that time he had repeatedly abused her, pinching her until her arms were black and blue, and that he had dragged her about the floor. The case was not contested.

Both sessions of the superior court considered divorce cases this morning. Among the cases acted upon were the following:

Ruby M. Gallagher vs. William A.

Sure Relief

Gallagher, desertion, defaulted.

Mary E. Stewart vs. Thomas O. Stewart, desertion, defaulted.

Florence O. Cook vs. Alva L. Cook, desertion, decree nisi granted with right of libellant to resume maiden name.

SEEK BUILDING FOR SUB-POSTOFFICE

The Lowell postal authorities have asked the co-operation of the chamber of commerce in their search for store space in Merrimack square to be used for and entirely given over to sub-postoffice business. At the present time there does not seem to be any space available. This assumption is borne out by the absolute lack of response to the recent proposals asked for by Postmaster John F. Meehan.

A store on the ground floor, with between 500 and 1000 square feet of floor space is desired, having a sidewalk frontage of about 20 feet. If secured, it would be equipped with all the accommodations of a modern post-office, except a carrier system. That would continue to operate solely from the main office at Gorham and Appleton streets. The sub station would have lock boxes, stamp and money order windows and in fact, everything for the convenience of the hundreds of business men and women who find it

decidedly out of the way to patronize the central building.

The convenience of such a sub station is undoubted and has been acutely evident since the one in Lizzett's was abolished. At the present time a small space is being given over to sub postoffice needs in Prescott street, but it is entirely inadequate and the local officials are anxious to secure a store which will come somewhere near meeting public demand.

Waste Causes Trouble

It cotton waste is used to clean the engine, often the lint from it sticks to the parts and when the hood is down is sucked into the carburetor. This causes the fuel to flow irregularly and sometimes stops the flow altogether. Cotton cloth, therefore, is better for this purpose.

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer package" Aspirin is trade mark Bayer Manufacture Monacetic Acidester of Salicylic Acid.—Adv.

RUPTURE EXPERT IN LOWELL

DEMONSTRATES THE FAMOUS RICE METHOD FREE TO CALLERS AT HIS HOTEL

Lady Assistant in Attendance

If you are ruptured, your big opportunity has now arrived. If you would like to be free from the slavery of gouging, pinching, chafing trusses that make life a burden, then HERE and NOW is the time to act.

J. B. Weldon, an expert in rupture cases, trained under the personal direction of W. S. Rice of Adams, New York, the famous discoverer of the Rice Non-Surgical Rupture Method, will be at the Richardson Hotel, Lowell, Mass., June 3, 4 and 5. A lady assistant, Mrs. E. Hamilton, accompanies him to attend upon lady callers.

Mr. Weldon is here to personally demonstrate to all ruptured people what the Rice Rupture Method can accomplish. You have, no doubt, heard and read much about this famous Method and the cures which thousands have reported from it. Now you have the chance to find out all about it—to have it demonstrated to you and to see what it can do in your own case. Just call at the hotel and Mr. Weldon will give you his personal attention, his best advice and complete demonstration absolutely without charge.

Are you tired of that binding, hampering, uncomfortable truss? Would you like to be free of it forever? Then investigate this Rice Method and find out the possibilities it holds out. Surely a Method that could cause so many thousands of former rupture sufferers to report cures must be worthy of your call and complete investigation.

The Rice Method is different from anything else. It is modern, up-to-the-minute, abreast of the latest scientific developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you. And you alone—are the sole judge of that.

In justice to yourself, come in and see Mr. Weldon. Remember, he will be here only 3 days, then your opportunity will be gone. Grasp it NOW. It may prove to be the wisest thing you ever did and, anyway, it costs you nothing to find out.

Remember, come to the Richardson Hotel any day from 9 to 12 forenoons, 2 to 5 afternoons, or 7 to 9 in the evening. The dates are June 3, 4 and 5th.

Don't let this opportunity get away from you.

W. S. RICE, Adams, N. Y.

Adv.

Is Backache Slowing You Up?

"Every Picture Tells a Story"

slows them up; poisons accumulate in the system and many mysterious aches and pains result. You may have headaches and dizzy spells, too, with perhaps some annoying bladder irregularity. Don't wait for more serious trouble. You owe it to yourself to get well and stay well. Use DOAN'S KIDNEY PILLS. They have helped many Lowell folks. They should help you. ASK YOUR NEIGHBOR!

THESE ARE LOWELL CASES:

WASHINGTON STREET

Mrs. L. W. Cather, 61 Washington street, says: "My kidney were weak, I was in a run down condition, had no energy and felt dull and languid, especially mornings. I was dizzy at times and had nervous headaches. My kidneys didn't act regularly. I used Doan's Kidney Pills, getting them at Steves' drug store, and my health soon improved. I felt strong and my kidneys acted normally. Doan's helped me wonderfully." (Statement given May 8, 1917.)

On February 17, 1915, Mrs. Cather said: "I seldom have need of a kidney remedy now, as Doan's Kidney Pills have about cured me. I use them occasionally and they keep my kidneys in good shape."

MIDLAND STREET

Q. A. Foster, city fireman, 23 Midland street, says: "Doan's Kidney Pills have proven their value to me at different times. My kidneys caused me a great deal of trouble, especially when I took cold or over-exerted. Severe pains and a dull ache across my back made it hard for me to stoop or do any lifting. The kidney secretions passed irregularly. I used Doan's Kidney Pills and they relieved the aches and pains in my back and regulated my kidneys. I can recommend them to anyone troubled as I was."

WALNUT STREET

Alex. Paterson, baker, 31 Walnut street, says: "Kidney trouble kept me miserable for some time. My back ached and I could hardly stoop while at my work. It was just as hard for me to straighten up. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and got a supply, using them as directed. They rid me of the backaches and kidney trouble."

No package of Doan's Kidney Pills is genuine unless it bears the maple-leaf trade-mark and the signature "Jas. Doan."

FRANKLIN STREET

Mrs. M. L. Wells, 15 Franklin street, says: "My kidneys were weak and usually in the spring, I had attacks of backache. I also felt dull and run down and had no energy at all. My work seemed a burden to me. My kidneys acted irregularly. A few boxes of Doan's Kidney Pills, which I have always used at these times, have never failed to put my kidneys in good order and restore my strength. They also have relieved the backaches and other signs of kidney complaint."

OSGOOD STREET

D. W. Hilliard, city fireman, 20 Osgood street, says: "I suffered a long while with my kidneys before I could get anything to help me. I happened to hear of Doan's Kidney Pills. They helped me from the start. Before I took them, I had a dull, constant ache in the small of my back all the time. I bent over, I could hardly straighten up again. Sharp pains would catch me in my back. The kidney secretions were too frequent in passage and caused me much annoyance. Doan's Kidney Pills cured me of all this trouble."

Doan's Kidney Pills

Every Druggist Has Doan's, 60c a Box. Foster-Milburn Co., Manufacturing Chemists, Buffalo, N. Y.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

The Associated Press is exclusively entitled to the use for republication of all news dispatches furnished to it or not otherwise credited in this paper and also the local news published herein.

"More troops for Ireland," says a headline. More common-sense and intelligence in the heads of the ruling powers of Britain would be a better remedy for the situation. The troops are there to crush the new republic if possible.

The Bolsheviks are reported to have captured Admiral Kolchak and placed him in a cage and to be charging a fee for the privilege of looking at him. Now if someone will but capture the leaders of the aforesaid Bolsheviks and cage them up, and keep them caged, humanity will be the richer.

Something would seem to be wrong somewhere in our methods of apprehending criminals, and holding them in prison after they have been sentenced, when four such notorious characters as Bergdoll, Barney, Manster and Ward can escape custody and remain at large for days.

Uncle Sam is said to have 36,000,000 pounds of beef in cold storage, some of which has been there a year. If this is true it would look as though the gentleman who wears the long-tailed coat and striped trousers may have been playing favorites with the packers, for the purpose of keeping prices up, and that it is about time that he should stop hoarding.

Many will admire the courage of Sir Thomas Lipton in launching the Shamrock IV for another attempt to lift the America's cup. We need the cup over here, and we intend to keep it, but if it has to be won sometime by somebody, probably a lot of people would prefer that a good sport such as Sir Thomas has proved himself to be, should be the winner.

FUSION FAVORED

With an earnest appeal, the National Security league points out the necessity of fusion between republicans and democrats in order to prevent socialists electing congressmen in at least four districts in New York city and also in four other districts outside the city. The warning is timely and the advice good. If the socialists cannot be beaten in any other way, then there should be no hesitation in adopting the course thus suggested.

COUNTY SALARIES

It is not true as stated by some parties that the county commissioners are favoring a bill before the legislature providing for an increase in the salaries of county officials. On the contrary, the commissioners are stoutly opposing the measure on the ground that they have already arranged for increases for the employees in question and they want those increases made in the usual way—by the heads of departments subject to the approval of the commissioners.

Chairman Cutting on behalf of the commission has addressed a remonstrance against the county bills to the senate committee on ways and means and also to the committee on public service.

To say that the commissioners are boosting the bills to secure an increase for themselves is simply preposterous.

PATRIOTIC PLATFORM

The National Security league is to make a great drive for one million new members by January first of next year, and it will doubtless succeed in attaining that object. It is turning its activities into new channels well worthy of support and partly aimed at protecting the interests of the unorganized majority against organized minorities.

Its work will be devoted mainly to the spread of American ideals of government, opposing radicalism, promoting the Americanization of foreigners, encouraging patriotic education throughout the country, and enlisting women in various lines of this work.

The only plank in the league platform to which any strong opposition is likely to be offered is that in favor of universal military training, favored not only as a necessity for national defense but for the mental and the physical benefits derived from it, as well as the democratizing influence resulting from bringing all classes of young men together on the common level.

Future events may lessen the need of military training so that the league program may then be modified.

fied to meet the approval of all patriotic citizens.

SENATOR WALSH'S MOVE

Senator Walsh of Massachusetts is fast becoming a leader in forcing congressional action against profiteering, and what is equally bad for the country, the shipment of a large part of our limited coal supply to other countries. The senator's expose of the method by which coal is taken away from the domestic market, landed in Cuba and exchanged for sugar or delivered in Mediterranean ports in exchange for raw material for British industries, should result in the placing of an embargo upon the export of coal.

Unless action in this direction be taken promptly, the industries of this country will have to curtail for lack of coal, while the prices to the consumer will reach unprecedented heights.

The investigation by the Interstate Commerce Commission proposed by Senator Walsh will show to what extent the vital needs of the nation have been actually subordinated to those of foreign countries whose merchant ships are daily leaving our ports with cargoes of food and coal that are sorely needed for home consumption.

A FALSE PROPHET

A distinguished clergyman in Boston has been warning the country of a coming revolution which he says will be due to economic conditions. "There has never been a time," said the speaker, "when the social order was so disorganized as at present."

Such talk as this is pure nonsense. There is too much of it and by suggestion it has a tendency to bring about the conditions that are predicted. We can be thankful, though, that the institutions of the country are so firmly grounded in the faith and confidence of the people that the danger of revolution is not even remote.

We have our social and economic troubles, of course. That is natural and to be expected, and if there were not discontent and a desire for change and improvement we should be stagnant and approaching death. The "Reds" have done, and doubtless will continue to do, their best to bring about a social upheaval. Taking the country as a whole, there is no evidence that their doctrines of destruction have infected any considerable portion of the population. The social order is strong enough to resist their activities in the future as it has in the past. The country is prosperous, and every sane man realizes that, when the people want a change in laws or methods of government, the change can be brought about peacefully at the ballot box without any of the horrors of organized revolt.

UNNECESSARY PENSIONS

"For years," said Representative George P. Webster, of Haverhill, in a recent speech before the legislature, "the state has been paying millions of dollars for the support of public employees on their retirement and a substantial portion of the money has gone to persons who have not needed a penny of the gratuity."

This statement is unquestionably true. Many employees after easy jobs that have lasted for years have retired from the state's employ with a comfortable income assured them from the treasury of the commonwealth for life and have taken up work which has brought them in considerable sums as additional income.

This is a most excellent arrangement from the point of view of the pensioners but what about the people of the state who pay the bills? It is doubtless the desire of a majority of the people that public employees shall receive fair and even liberal compensation for their services, but it is a trifle annoying for a man who is struggling to meet his tax bills on a small home, or is paying an abnormal rent due in some measure to heavy taxes, to see other men much better off than he draw comfortable incomes from the state for which they make no return in services.

The house of representatives has already passed a bill, advocated by Mr. Webster, which would limit pensions in the future to those only who really need them. What a republican, and a house-ruled senate will do to the proposed law remains to be seen.

WILSON'S KEYNOTE

President Wilson has given out an endorsement of the platform adopted by the democrats of Virginia and his letter is taken as sounding a keynote for the democratic national convention; but so far as can be judged, the party leaders are not likely to take their keynote from the White House this trip. Unfortunately there is a lack of harmony in the ranks due to a conflict of sentiment and sympathy on the method of enforcing the prohibition amendment, on the League of Nations and various other important issues on which it seems, both parties must take a definite stand. Prohibition is undoubtedly here to stay and the most that will be sought by any element is a less rigid interpretation of what is intoxicating than that provided in the Volstead act. The "wets" want a provision for light beer and wines which would satisfy the thirsty ones. Mr. Bryan will stand out for a bone dry nation and will make a strong fight against any movement towards an easy enforcement of the 18th amendment.

On the questions of a bonus for service men, the tariff, the merchant marine, immigration and labor, the parties will have to take a stand whether they like it or not; but these are questions on which there is not so much difference of opinion as those first mentioned, the aim being in each case to frame an instrument that will catch votes. It will be amusing to note the maneuvering on both sides, particularly by the republicans who are past masters at the political game. The decision of the republican leaders not to touch the prohibition issue is a palpable evasion of an issue upon which every political party should express its attitude. Although silence in some cases is taken to indicate assent, in this particular case it may be construed by the "drys" (that those who are not avowedly with them are against them).

EMPTY PRISONS

The taxpayers have long had to carry a heavy burden in providing for the maintenance of jails and prisons and the support of the inmates thereof. It seems a bit tough, though, now that the population of prisoners has been so largely decreased, the expense should still go on at a not greatly decreased rate.

On March 1 of the present year the county jails and houses of correction of Massachusetts had 4503 cells, and the number of prisoners was 960. In other words four-fifths of the cells were unoccupied. At the same time there were two county jails that were wholly empty, but they were still kept open, and rows of empty cells were being guarded by employees who were being paid out of the taxpayers' money.

The state institutions show a similar condition of emptiness. The Concord reformatory, for example, has accommodations for 1200; but at present there are only 225 occupants there. The state prison can accommodate 1000 but as reported, it has only about 400 prisoners. Like conditions prevail at Rutland and other state institutions so that the counties are not alone in having fewer offenders and fewer victims of drink.

The legislature may have to deal with this question sooner or later, although the counties have ample authority to dispose of any buildings for which they have no further use.

Here in Lowell we do not need such a large and finely equipped jail, although we do need some place of detention so that our police department may not have to incur heavy railroad expense by conducting prisoners to Cambridge and back as may be required. The present jail could be converted into a hotel or a summer boarding house. It would be rather costly to change it into a school. A building one-tenth the size would suffice for Lowell.

POPE ISSUES LETTERS ON CHRISTIAN RECONCILIATION AND PEACE

ROME, June 1.—Pope Benedict has addressed to the entire world an episcopal letter on Christian reconciliation and peace. The pontiff remarks that despite the end of the war, ill feelings still exist. He begs that all Christians forget these ill feelings with the view to mutual understanding.

The pope outlines in the letter the dangers in which the world is exposed if the various peoples continue to live in a state of hostility toward each other.

Bulgarian Bands Fire on Train

CONSTANTINOPLE, May 31.—(By Associated Press)—Bulgarian bands fired upon the Saloniki-Constantinople train Sunday near Demotica, in Bulgarian Thrace, about 40 miles south of Adrianople. The train was delayed for two hours while Greek troops drove off the bandits and cleared the track of bombs, one of which exploded harmlessly. Adrianople is quiet, but Bulgarian bandits are assembling near that city in large numbers, and are preparing to resist Greek occupation of the city. The nationalist assembly at Angora has sent a message of thanks to the Italian government for permitting nationalist peace delegates to go to Italy.

Editorial Association

BOSTON, June 1.—The National Editorial association, in annual convention here, devoted today to pleasure trips. Business sessions will be resumed tomorrow. The delegates went by special boat to Plymouth and Nantasket and at the former place were guests of various commercial organizations.

Turks and French Sign Truce

LONDON, June 1.—Turkish nationalist forces and the superior command of French troops occupying Cilicia, Asia Minor, have concluded a 20-day armistice which at its expiration may be renewed, according to a Constantinople despatch to the Exchange Telegraph Co.

DEDICATE PLAYGROUNDS IN NO. BILLERICA

Frederic S. Clark was the principal speaker at the formal dedication of the Charles H. Kohlrausch playgrounds in North Billerica Saturday afternoon, which was held in connection with the annual community day. The exercises were presided over by Neil R. Mahoney and the other speaker was Thomas F. Sheridan, chairman of the board of selectmen.

At the opening of the exercises a flag raising was held and a beautiful flag was presented by the school children, who also entertained with community singing under the direction of John T. Fairbrother. A feature of the afternoon was a baseball game between the T.R. & T's of North Billerica and the Knights of Columbus of this city, the score being 3 to 2 in favor of the Billerica players.

Folk dancing with Miss Marion Sheridan at the piano was the closing feature, the program being given as follows:

Dixie dance, pupils of the 7th and 8th grades; solo dance, "Pony Trot," Misses Virginia and Charlotte Mahoney; "Sleepy Time" dance, pupils of the 1st, 2d and 3d grades; "Victory" dance, solo, Doris E. Conley; games; "Vamp" dance, 7th and 8th grades; solo dance, "La Belle Marie," Miss Mabel Doughner; "Aviation" dance, 3d and 4th grades; specialty dance, Baby Margaret Mooney; Maypole, 5th and 6th grades; Venetian dance, Miss Bertha Barrette; dance, Irish colleens; gavotte, Miss Doris E. Conley and Master Bernard Knop; games, Community club girls of Lowell; grand promenade; solo dances by the pupils of Miss L. B. Perrin of Lowell.

The entire affair was under the direction of Warren H. Manning, chairman of the park commission, assisted by his associates on that board, Frederic S. Clark and Norris Millbury. The executive committee consisted of the following: Mrs. Joseph Gannon, Miss Cowdrey, Mrs. James Ritchie, E. W. Kearney and William S. Taylor. The flag raising was directed by John T. Fairbrother, Norris Millbury, Miss Grace Knowles, Miss M. E. Kearney and Mrs. Burnham. A special feature of the dancing was directed by J. Frank Mullin.

Publicity committee: Neil R. Mahoney, chairman; Entertainment committee: Miss Grace Knowles, chairman. Director of work: R. W. Kearney. Refreshment committee: Mrs. Joseph Gannon, chairman; Mrs. D. J. Dewire, Miss Ellen Cowdrey, Mrs. L. Fralick, Mrs. J. Holly, Miss H. Collins, Mrs. R. J. Conway, Mrs. Joseph Hayes, Mrs. William Ring, Miss Mary Barton, Miss Whelan, Miss Mary Twomey, Mrs. Edward Collins, Mrs. M. Healey, Mrs. Theresa Lyons, Mrs. Cousins, Mrs. James Ritchie, Mrs. J. P. Rooms, Mrs. L. Mason, Mrs. Cairns, Mrs. A. W. Holden, Mrs. C. Nickerson, Miss Carrie Knowles, Mrs. J. Scitcliffe, Mrs. J. King, Miss Mary Scitcliffe, Miss Gladys Switzer, Miss Alice Higgins, Miss M. E. Kearney, Miss M. Cassidy, Miss Dewire, Miss O'Hearn, Miss Lucy Cooper and Miss Sarah Stott.

JAPAN'S SYSTEM OF GOVERNMENT

BY K. S. INUI
Department of Political Science, University of Southern California

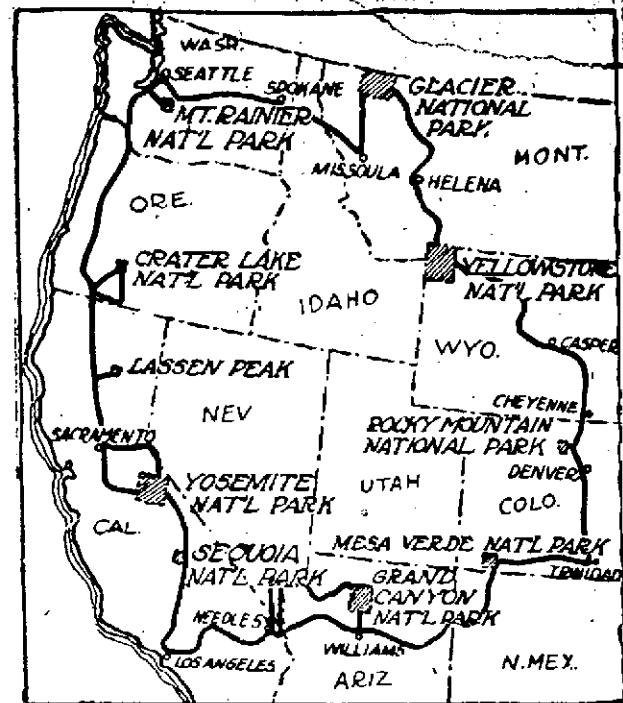

In spite of the oft-repeated doubts of the ability of the eastern people to master the western institution of constitutional government, it has found 10 healthy years of growth in Japan.

Nippon has today a well established and tried bi-cameral system.

The upper house is called the house of peers and the lower the house of representatives. The house of peers corresponds to the American senate or the British house of lords, and has been made up of the conservative element of Japan. As Simon de Montfort secured for the members of the first parliament his Japanese supporters, so the framers of the Japanese constitution also proposed to select the men of their own rank and leaning in order to check any ultra-radical legislation and insure the stability of the government during the early days of reorganization.

To quote Uchida, "The peers who have seats in the house by right of inheritance, as the peers of England, are the princes of blood, princes and marquises" who are seldom present at the deliberations. "All other peers, counts, viscounts and barons, like the peers of Scotland, elect their representatives biennially, but in order of nobility. Out of 368 members, 127 are not peers at all, and moreover, only about one-fifth of the peers of Japan have seats in the house."

There are also among the members imperial nominees, numbering about one-third of the total. They are appointed for life by the emperor, or through the recommendation of the cabinet, from among the old officials—army or navy men, college professors or retired diplomats. There are, also, 15 members composed of one elected from among the 15 highest taxpayers of each prefecture. These are often called "second-the-motion" members. Obviously they have little

MOVEMENT ON TO IMPROVE HIGHWAY LINKING NATIONAL PLAYGROUNDS

An improved highway to make the national parks of the west more accessible to motorists is the object of a movement spreading throughout that section. The road linking these playgrounds of the nation is practically all there, but it needs improvement—hard-surfacings—to a large extent, and it is appropriations and sentiment for this that those interested seek. The map shows the territory covered by this highway.

Pope's Efforts Extolled by Card. Logue

ROME, May 31.—Pope Benedict's efforts to re-establish peace in Europe during the war were extolled by Cardinal Logue, primate of Ireland, at a banquet given at the Irish college today at the close of the festivities incident to the beatification of Oliver Plunkett, first archbishop of Armagh. "There was not one of President Wilson's 'fourteen points' that was not included in the pontiff's peace conditions," he declared. "During the late war every effort was made to induce the pope to side with one belligerent or another, but he went straight as an arrow. He made justice and right triumph over oppression." Present at the banquet were Cardinals Vannetti, Von Rossum, Sbarretti and Randuzzi.
